From the above, it is clear that the proposed method is a simple and effective way to solve the problem of the optimal control of the system. The method is based on the principle of the least squares method, which is a well-known method for solving the problem of the optimal control of the system. The method is based on the principle of the least squares method, which is a well-known method for solving the problem of the optimal control of the system.

Through an old program, we received a grant from the National Endowment for the Humanities to study the history of the book. We were able to do that for a year and a half, and it was a great experience.
