

Why Read The Classics?

ITALO CALVINO

"Calvino's essays . . . make clear how exhilarating the classics can be."
—*The Washington Post Book World*

Why Read The Classics

Steven Gilbar

Why Read The Classics:

Why Read the Classics? Italo Calvino, 2014-12-16 This collection of essays by the acclaimed author of *Cosmicomics* offers a fascinating personal journey through some of literature's greatest works. Classics according to Italo Calvino are not only works of enduring cultural value but also personal touchstones. They are the books we are always rereading in order to understand our world and ourselves. Here Calvino introduces more than thirty works from his own ideal library in essays of warmth, humor, and striking insight. He discusses great authors ranging from Homer to Jorge Luis Borges and from Charles Dickens to the Persian folklorist Nezami. Whether tracing the links between Ovid's *Metamorphoses* and Alain Robbe-Grillet's objectivity, discovering the origins of science fiction in the writings of Cyrano de Bergerac, or convincing us that the Italian novelist Carlo Emilio Gadda's works are like artichokes, Calvino offers a new perspective on beloved favorites and introduces us to hidden gems. This book serves as a welcome reminder that the great works are great because they can mean so much to readers, and Calvino is a most knowledgeable guide to all the best destinations. *San Francisco Chronicle*

Environment:
Why Read the Classics Sofia Vaz, 2017-09-29 *Environment* Why Read the Classics presents six important essays by some of the world's leading environmental thinkers on six of the most emblematic books ever written on the environment: *The Book of the River*, *Walden*, *A Sand County Almanac*, *Small is Beautiful*, *Silent Spring*, *The Limits to Growth*, and *Our Common Future*. Taken together, these books have been hugely important in the development of global environmental awareness, activism, and policy. The essayists Viriato Soromenho Marques, J. Baird Callicott, Jos Lima Santos, Tim O'Riordan, Satish Kumar, and Marina Silva invite readers to reflect on these ground-breaking works and examine their historical importance as well as what they should mean to us today and what relevance they will have to future generations. More than just books about the environment, these are also philosophical treatises in that they increase our understanding of the natural world and of ourselves, calling us to weigh and consider as Bacon put it. In particular, they make us reflect on the need to constantly redefine the purposes of progress, the economy, and society. How we relate to nature is a crucial aspect in the plans we make as a species and as individuals, and every one of these books inspires a more respectful relationship both with nature and humanity and consequently with ourselves. The six essays in this book are the result of a series of conferences organized in Lisbon by the Calouste Gulbenkian Foundation with the support of the American Embassy in Portugal. Its raison d'être was to revisit the ideas that have shaped the environmental movement, seeking inspiration to deal with what looks like a very challenging future. The significance of such timeless concepts is now more apparent than ever, and these evergreen books are full of ideas that retain their spark even in our difficult times. This is what makes them classics. *Environment* Why Read the Classics is a provocative book and will be essential reading for all those concerned about the state of the world.

The Classical Heritage of the Middle Ages Henry Osborn Taylor (historien.), 1911 *The Classical Heritage of the Middle Ages* Henry Osborn Taylor, 1901 **Law**
Society Journal, 2000 *The Publishers Weekly*, 1914 Reading in Bed Steven Gilbar, 1995 As Gilbar writes in his

introduction The essays in this book are not so much about books as about reading Most of the pieces speak of the writers personal experience as readers Some are more pontifical But what they all have in common I hope is that they are themselves good reading How right he is Just sample treasures like Nabokov s Good Readers Good Writers Calvino s Why Read the Classics Proust s On Reading Ruskin or Brodkey s Reading the Most Dangerous Game And the list goes on Montaigne Hazlitt Hesse Miller Greene Fowles and many more all devoted to indeed passionate about reading and about as Emerson said books vital and spermatic not leaving the reader what he was Includes brief biographies of the writers and suggested further reading

The New Schoolmaster Guy Kendall,1913 Reading Matters Pearson Custom Publishing,1996-08 *Basava Journal* ,2003 How to Read a Christian Book-CFL Edition Family Christian Stores, Incorporated,2001 *Classics in Film and Fiction* Deborah Cartmell,2000-03-20 Evaluates the term classic discussing a wide range of films and texts including Jane Eyre The Tempest and Alice in Wonderland

Medicine and Literature: Foreword by Iona Heath John Salinsky,2002 **Cornford & Cross** David Cross,John Roberts,Matthew Cornford,Rachel Withers,2009 A profile of the practice of Cornford and Cross the collaboration of two UK artists Matthew Cornford and David Cross who have carried out a number of significant context specific projects across the UK and internationally The work of Cornford and Cross has often emerged from living and working in cities Their interest in urban patterns of social political and economic organization has broadened to include engagement with power structures further afield This book brings together for the first time the full range of encounters actions and debates that make up their practice Their work has been exhibited internationally in galleries in New York Philadelphia Rome London and San Francisco
