Special Agent Lukas Stark has been hunting the Tableau Killer for eighteen months but is always two steps behind in a maze of dead ends. He has no understanding of why the killer stages the scenes so meticulously or chooses entire families. Burning out, Stark is forced to take on a new partner, Gilles Garnier. Garnier, an odd loner with a vague past, claims he's a remote viewer who sees people, places, and events far away, remote as if they're right in front of him. Stark knows this sort of "Conspicuous Wannabes" desperate to worm their way onto a sensational case. Stark dismisses his new partner as a fraud until Garnier precisely describes a new Tableau Killer crime scene from hundreds of miles away. As Stark and Garnier track the Tableau Killer across the country, they start to believe they finally have the advantage. But Garnier's ability to remote view fails him and leaves him ill and weak. Then Stark realizes how the killer has stayed ahead of them all this time. The reason is more terrifying than either man can fathom. They face a killer who may be unstoppable and stand at the abyss of a conspiracy so ominous it shakes their reality to the core.
