Voodoo Science Robert L. Park, 2000-05-25 From magnet therapy and cold fusion to the Podkletnov gravity shield Park leads readers through the dim back alleys of fringe science down the corridors of Washington power and into our evolutionary past to search out the origins of voodoo science      **Voodoo Science** Robert Park, 2000      **How the Great**

**Scientists Reasoned** Gary G. Tibbetts, 2013 The scientific method is one of the most basic and essential concepts across the sciences ensuring that investigations are carried out with precision and thoroughness This book teaches the basic modes of scientific thought not by philosophical generalizations but by illustrating in detail how great scientists from across the sciences solved problems using scientific reason      **Junk Science** Dan Agin, 2007-11-27 An overdue indictment of government industry and faith groups that twist science for their own gain      *Junk Science* D. P. Agin, 2006-10-03 An overdue indictment of government industry and faith groups that twist science for their own gain During the next thirty years the American public will suffer from a rampage against reason by special interests in government commerce and the faith industry and the rampage has already begun In *Junk Science* Dan Agin offers a response a stinging condemnation of the egregious and constant warping of science for ideological gain In this provocative wide ranging and hard hitting book Agin argues from the center that we will pay a heavy price for the follies of people who consciously twist the public's understanding of the real world In an entertaining but frank tone Agin separates fact from conveniently scientific fiction and exposes the data faking reality ignoring fear mongering and outright lying that contribute to intentionally manufactured public ignorance Many factions twist scientific data to maintain riches and power and Agin outs them all in sections like these Buyer Beware genetically modified foods aging and tobacco companies Medical Follies chiropractics health care talk therapy Poison and Bombs in the Greenhouse pollution warfare global warming Religion Embryos and Cloning Genes Behavior and Race We already pay a heavy price for many groups conscious manipulation of the public's understanding of science and *Junk Science* arms us with understanding cutting through the fabric of lies and setting the record straight

**Forbidden Science** J. Douglas Kenyon, 2008-02-11 Reveals the cutting edge of New Science and shows how established science disallows inquiry that challenges the status quo even when it produces verifiable results Contains 43 essays by 19 researchers denoting cutting edge heretical or suppressed scientific research including Immanuel Velikovsky Nikola Tesla Rupert Sheldrake and Masaru Emoto Edited by Atlantis Rising publisher J Douglas Kenyon Following the model of his bestselling *Forbidden History* and *Forbidden Religion* J Douglas Kenyon has assembled from his bimonthly journal *Atlantis Rising* material that explores science and technology that has been suppressed by the orthodox scientific community from the true function of the Great Pyramid and the megaliths at Nabta Playa to Immanuel Velikovsky's astronomical insights free energy from space cold fusion and Rupert Sheldrake's research into telepathy and ESP There is an organized war going on in science between materialistic theory and anything that could be termed spiritual or metaphysical For example Masaru Emoto

s research into the energetics of water although supported by photographic evidence has been scoffed at by mainstream science because he has asserted that humans affect their surroundings with their thoughts The materialism or absolute skepticism of the scientific establishment is detrimental to any scientific inquiry that thinks outside the box This mentality is interested in preserving funding for its own projects those that will not rock the establishment From Tesla s discovery of alternating current to Robert Schoch s re dating of the Sphinx this book serves as a compelling introduction to the true history of alternative and New Science research
