The End of the Innocence Lawrence R. Samuel, 2010-08-13 From April 1964 to October 1965 some 52 million people from around the world flocked to the New York World's Fair an experience that lives on in the memory of many individuals and in America's collective consciousness Taking a perceptive look back at the last of the great world's fairs Samuel offers a vivid portrait of this seminal event and of the cultural climate that surrounded it He also counters critics' assessments of the fair as the ugly duckling of global expositions Opening five months after President Kennedy's assassination the fair allowed millions to celebrate international fellowship while the conflict in Vietnam came to a boil This event was perhaps the last time so many from so far could gather to praise harmony while ignoring cruel realities on such a gargantuan scale This world's fair glorified the postwar American dream of limitless optimism even as a counterculture of sex drugs and rock n roll came into being It could rightly be called the last gasp of that dream The End of the Innocence Samuel's work charts the fair from inception in 1959 to demolition in 1966 and provides a broad overview of

the social and cultural dynamics that led to the birth of the event It also traces thematic aspects of the fair with its focus on science technology and the world of the future Accessible entertaining and informative the book is richly illustrated with contemporary photographs *HWM*, 2007-05 Singapore's leading tech magazine gives its readers the power to decide with its informative articles and in depth reviews *The Mom's Guide to Growing Your Family Green* Terra Wellington, 2025-09-23 With the multitude of green choices available how can moms determine what will be best for their families and the environment Terra Wellington has the answers This user friendly and invaluable resource is packed with hundreds of easy green how tos including Shopping Get the most bang for your buck by purchasing organic foods that would otherwise have high pesticide residue like apples grapes green peppers peaches and pears Kitchen Save money and water by scraping not rinsing dishes before putting them in the dishwasher Today's models are so efficient that rinsing is not necessary Home office Screensavers don't save energy Instead have the computer switch to sleep mode when idle *The Essential Guide to Computing* E.
