

The background is a painting of a forest scene. On the left, a large, dark tree with green leaves stands prominently. The sky is filled with warm, golden light, suggesting a sunset or sunrise. In the foreground, there is a grassy field with a few deer grazing. The overall mood is peaceful and naturalistic.

moved to a cabin that he built with his own hands along the shores of Walden Pond in Massachusetts Shedding the trivial ties that he felt bound much of humanity Thoreau reaped from the land both physically and mentally and pursued truth in the quiet of nature In Walden he explains how separating oneself from the world of men can truly awaken the sleeping self Thoreau holds fast to the notion that you have not truly existed until you adopt such a lifestyle and only then can you reenter society as an enlightened being These simple but profound musings as well as Civil Disobedience his protest against the government s interference with civil liberty have inspired many to embrace his philosophy of individualism and love of nature

**Escape to Walden (Illustrated)** Henry D.

Thoreau,2021-07-11 I have been to Walden Pond Once in person and many times since in my mind as a retreat from the cares of my world It was my first and only time in Boston visiting my Brother A rainy day we had a plan to briefly stop at the pond see the cabin visit the welcoming center and move on to the next adventure However when we got there I found that I couldn t leave without trekking around the entire pond Most of the party waited in the van at the shore anxious I assume to move on Yet I walked and sensed and felt Thoreau describes the location as earth s eye looking into which the beholder measures the depth of his own nature I have seen prettier ponds I have hiked more scenic trails Yet I have never left a place of nature so touched by its serenity history and meaning Walden may not be reverential to every visitor on every day but on that day I was filled and I hope that all can sense some of what Thoreau meant when he said Live in each season as it passes breathe the air drink the drink taste the fruit and resign yourself to the influence of the earth I have created a picture book or some call it a coffee table book that captures the heart of Walden in a more readable format I have combined it with pictures annotations and other insights into Thoreau s life at Walden Pond Before you purchase the book you can see all of the details at [www.ContemplateBooks.com](http://www.ContemplateBooks.com) Here are a few excerpts from the book Most men even in this comparatively free country through mere ignorance and mistake are so occupied with the cares and coarse labors of life that its finer fruits cannot be plucked by them The majority of men lead lives of quiet desperation In any weather at any hour of the day or night I have been anxious

to improve the nick of time and notch it on my stick too to stand on the meeting of two eternities the past and future which is precisely the present moment to toe that line Sometimes on Sundays I heard the bells the Lincoln Acton Bedford or Concord bell when the wind was favorable a faint sweet and as it were natural melody worth importing into the wilderness
