Talent Lisa Thompson, 2007 Forgotten Disney Kathy Merlock Jackson, Carl H. Sederholm, Mark I. West, 2023-06-19 This work demonstrates that not everything that Disney touched turned to gold In its first 100 years the company had major successes that transformed filmmaking and culture but it also had its share of unfinished projects unmet expectations and box office misses Some works failed but nevertheless led to other more stunning and lucrative ones others shed light on periods when the Disney Company was struggling to establish or re-establish its brand In addition many Disney properties popular in their time but lost to modern audiences emerge as forgotten gems By exploring the studio's missteps this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits With essays by writers from across the globe it also asserts that what endures or is forgotten varies from person to person place to place or generation to generation What one dismisses someone else recalls with deep fondness as a magical Disney memory **Rethinking Intelligence** Joe L. Kincheloe, Shirley R. Steinberg, Leila Villaverde, 2013-08-21 Arguing that a comprehensive theoretical overhaul of mainstream educational psychology is long overdue *Rethinking Intelligence* suggests criteria upon which new models can be developed The contributors reconceptualize educational psychology through a democratic vision of inclusivity that takes into account the culturally inscribed nature of research They offer a theoretical and historical critique of how intelligence is measured in ways that exclude or ignore other criteria By doing so they hope to encourage educators and researchers to imagine new forms of intelligence education and life *Forum*, 1995 *Teach*

Your Own John Holt, Pat Farenga, 2021-09-28 The classic guide to teaching children at home for a new generation of homeschooling parents In 2019 there were more than two million children being homeschooled That number doubled during the pandemic and is now likely to continue increasing as more parents worry that school might not be the best place for their children to learn and grow *Teach Your Own* helped launch the homeschooling movement now its timeless and revolutionary message of recognizing the ways children come to understand the world has been updated for today's environment Parents and caregivers will discover how to navigate Learning in a classroom versus learning in the world The difference between a

learning difficulty which we all experience every time we try to learn anything and a learning disability Schedules that achieve the homeschooling work life balance that you want as a family The relationship between learning and play Homeschooling and technology And much more John Holt s warm understanding of children and his passionate belief in every child s ability to learn have made this book an essential resource for over forty years to homeschooling families
