as to the nature of humanity and the future of human flourishing Will technology become the ultimate savior or has the work of salvation already been accomplished Are we only creatures of mind and body or are we spiritual beings at our core Reaching for Immortality bravely examines the agenda and ideals of the transhumanist movement and compares and contrasts these with the biblical vision of a physical resurrection and a divine upgrade of the entire created order Which vision of the future will inspire you and capture your allegiance This book is a primer to provoke deep thought about the impact of technological change on human personhood and asks crucial questions facing our age What does it mean to be human in light of exponential technological growth What is transhumanism and where is it leading us How important is embodiment for our personal identity How would the biblical understanding of personhood survive in a posthuman future

The Debilitating Duo Roche Coleman,2023-10-02 Is it possible to violate God's moral law without experiencing guilt and shame Can a person silence their conscience from the strange emotions that emerge when one sins An examination of the original design of humanity in the imago Dei suggests one cannot sin and avoid the debilitating duo Humanity is created to live within the moral structure established by God Therefore a violation of the divine laws which is sin leads to guilt and shame The strange emotions were innate sensation imparted to humanity to stop rebellion against the moral laws and to compel an offender to acknowledge the offense through the confession of sin Unconfessed sin debilitates the physical and mental functions of a person created in the image of God Guilt and shame are the strange emotions that serve as mental guardians for an individual as well as for the society in general The duo was given as silent deterrents to immoral behaviors
