Transformation Bob Roberts, 2006 Author and pastor Bob Roberts Jr is one of the architects of what church and Christian community can become in this new century His unique approach to Christianity is based on what he calls T Life transformed life which leads to a T World transformed world Drawing inspiration from early church history and the emerging church in the developing world Roberts envisions a new way of engaging the local church to achieve common goals He calls for building a church culture rather than a church program Glocal churches create disciples who transformed by the Holy Spirit are infiltrating today s culture on a global and local scale In Roberts s terms when we establish a relationship with Jesus Christ and begin applying his principles we experience T Life transformed life Transformation begins with a growing interactive relationship with God that includes personal and corporate worship This in turn results in community As community serves others transformation has both a global and local glocal impact and creates T World Transformation redefines the focus and practice of the church not from external bells and whistles but from the internal transformation of the very character of its people *Transformation* Bob Roberts, Jr., 2010-08-30 Transformation lays the groundwork for what church and Christian community can become in this new century Author and pastor Bob Roberts Jr is one of the architects of this unique approach to Christianity based on biblical and missional discipleship that he calls T Life transformed life which leads to a T World transformed world Ever since Jesus commission to make disciples in his name Christianity has transformed lives and the world at large To those watching it must have looked like an upstart religion led by a group of men most of whom were martyred for their beliefs The voice of secular culture today is no louder and no more indulgent than it was in those days And yet much of the Western church has settled for becoming just another mass media market that s adding to the noise instead of a movement that continues to turn the world upside down Drawing inspiration from early church history and the emerging church in the developing world Roberts envisions a new way of engaging the local church to achieve common goals He calls for Building a church culture rather than a church program Empowering the local church to invest in the global missions field Consistently reestablishing our relationship with Jesus Christ in order to experience true transformation In fact all this begins with a growing interactive relationship with God that includes personal and corporate worship This in turn results in community As community serves others transformation has both a global and local impact and creates transformation in the world Transformation redefines the focus and practice of the church not from external bells and whistles but from the internal transformation of the very character of its people *The Zondervan 2007 Pastor's Annual* T. Diane Thomas Dr Mike Wilson Dr Sherwood G Lingenfelter *Pope Francis, Conscience of the World* John Raymaker, Gerald Grudzen, 2019-11-12 Why is it that Pope Francis is admired by so many What gives him the uncanny ability to speak with young people in language familiar to them In this book John Raymaker and Gerry Grudzen explore the life and writings of Pope Francis which have a prophetic visionary ability to speak to important issues of the day The authors evaluate how Pope Francis encounters with religious leaders of other faiths have broken new ground to help unite mankind They reach back into Christian history to explore the teachings of such Catholic mystics as Thomas Merton while also delving into the beliefs of Islamic and Buddhist mystics to demonstrate how well the pope is in touch with a spirituality that can speak to those seeking the truth In its final chapters the book examines how the pope endorses the work of Christians who live their faith in small Christian communities and reveals how such communities can strengthen parish life in various parts of the world Like St Francis his namesake and like Teilhard de Chardin before him the pope has an appropriate vision to rebuild God's Church in a transitional age His writings have focused on caring for the earth and preaching the good news of the gospels in a way that allows him to reach young people in need of joy as they face an uncertain future He is the Conscience of the World
