Theo-Drama: Theological Dramatic Theory, Vol. 5 Hans Urs von Balthasar, 1988-01-01 This is the final volume of this series on theological dramatic theory by the great 20th century theologian Balthasar This series is the second part of Balthasar's trilogy on the good the beautiful and the true which is his major work The first series in the trilogy is The Glory of the Lord and following this Theo Drama series will be Theo Logic In this series the good has been the focus Balthasar maintains that it is in the theater that man attempts a kind of transcendence to observe and to judge his own truth about himself He sees the phenomenon of theater as a source of fruitfulness for theological reflection on the cosmic drama that involves earth and heaven This fifth volume is trinitarian focusing on the mystery of God He draws heavily on Scripture and many passages from the works of the mystic Adrienne von Speyer Some of the topics covered include A Christian Eschatology The World is from the Trinity Earth moves Heavenward The Final Act A Trinitarian Drama The Latino Family and the Politics of Transformation David T. Abalos, 1993-09-21 The purpose of this book is to serve as a guide to understanding the Latino family in the United States and to describe the personal political historical and sacred choices available in creating a

freer and more fruitful family life By linking theory to practice the book provides a reenvisioning of the Latino family Before any family can look at itself in a new way it has to have a theoretical perspective The book s theory of transformation provides a perspective that allows us to understand Latino families and the family in general Furthermore the politics of transformation shows us how to create fundamentally new and better relationships within the family

Afterlife and Resurrection Beliefs in the Apocrypha and Apocalyptic Literature Jan Age Sigvartsen, 2019-09-19 Jan A Sigvartsen seeks to examine the immense interest in life after death and speculation about the fates awaiting both the righteous and the wicked that proliferated in the Second Temple period In this volume Sigvartsen explores the Apocrypha and the apocalyptic writings in the Pseudepigrapha He identifies the numerous afterlife and resurrection beliefs and presents an analysis that enables readers to easily understand and compare the wide ranging beliefs regarding the afterlife that these texts hold A careful reading of these resurrection passages including passages appearing in Sirach Maccabees the Sibylline Oracles and the Ezra texts reveals that most of the distinct views on life after death regardless of their complexity show little evidence of systematic development relational to one another and are often supported by several key passages or shared motifs from texts that later became a part of the TaNaKh Sigvartsen also highlights the factors that may have influenced the development of so many different resurrection beliefs including anthropology the nature of the soul the scope of the resurrection the number and function of judgments and the final destination of the righteous and the wicked Sigvartsen s study provides a deeper understanding of how the TaNaKh was read by different communities during this important period and the role it played in the development of the resurrection belief a central article of faith in both Christianity and Rabbinic Judaism

The Resurrection Effect Transforming Christian Life and Thought Kelly, Anthony J., 2014-04-10 What difference should the resurrection of the crucified Jesus make to Christian thought to our sense of the cosmos and our understanding of humanity itself Despite the centrality of the resurrection in the New Testament and the Creed the practical answer of many Christians might be not much In this light Anthony Kelly sets out to affirm the resurrection as the living center of Christian life and the basis for its theological methods and themes Without the resurrection he writes hope would be a repressive optimism or an accommodation to routine despair Acknowledging that the resurrection like a work of art eludes any single point of view Kelly shows why it remains the key to Gods relationship to Jesus and ourselves the most critical horizon from which to grasp the meaning and pattern of life and the basis of our ultimate hopes

The Unfinished Drama of Scripture, **Christian Rite and Christian Drama in the Middle Ages** O. B. Hardison Jr., 2019-12-01 Originally published in 1965 The European dramatic tradition rests on a group of religious dramas that appeared between the tenth and twelfth centuries These dramas of interest in themselves are also important for the light they shed on three historical and critical problems the relation of drama to ritual the nature of dramatic form and the development of representational techniques Hardison s approach is based on the history of the Christian liturgy on critical theories concerning the kinship of ritual and drama and

on close analysis of the chronology and content of the texts themselves Beginning with liturgical commentaries of the ninth century Hardison shows that writers of the period consciously interpreted the Mass and cycle of the church year in dramatic terms By reconstructing the services themselves he shows that they had an emphatic dramatic structure that reached its climax with the celebration of the Resurrection Turning to the history of the Latin Resurrection play Hardison suggests that the famous Quem quaeritis the earliest of all medieval dramas is best understood in relation to the baptismal rites of the Easter Vigil service He sets forth a theory of the original form and function of the play based on the content of the earliest manuscripts as well as on vestigial ceremonial elements that survive in the later ones Three texts from the eleventh and twelfth centuries are analyzed with emphasis on the change from ritual to representational modes Hardison discusses why the form inherited from ritual remained unchanged while the technique became increasingly representational In studying the earliest vernacular dramas Hardison examines the use of nonritual materials as sources of dramatic form the influence of representational concepts of space and time on staging and the development of nonceremonial techniques for composition of dialogue The sudden appearance of these elements in vernacular drama suggests the existence of a hitherto unsuspected vernacular tradition considerably older than the earliest surviving vernacular plays

Healing the Gospel Derek Flood, 2012-08-06 Why did Jesus have to die Was it to appease a wrathful God's demand for punishment Does that mean Jesus died to save us from God How could someone ever truly love or trust a God like that How can that ever be called Good News It's questions like these that make so many people want to have nothing to do with Christianity *Healing the Gospel* challenges the assumption that the Christian understanding of justice is rooted in a demand for violent punishment and instead offers a radically different understanding of the gospel based on God's restorative justice Connecting our own experiences of faith with the New Testament narrative author Derek Flood shows us an understanding of the cross that not only reveals God's heart of grace but also models our own way of Christ-like love It's a vision of the gospel that exposes violence rather than supporting it a gospel rooted in love of enemies rather than retribution The result is a nonviolent understanding of the atonement that is not only thoroughly biblical but will help people struggling with their faith to encounter grace

Drama of the Divine Economy Paul M. Blowers, 2012-10-11 The theology of creation interconnected with virtually every aspect of early Christian thought from Trinitarian doctrine to salvation to ethics Paul M Blowers provides an advanced introduction to the multiplex relation between Creator and creation as an object both of theological construction and religious devotion in the early church While revisiting the polemical dimension of Christian responses to Greco-Roman philosophical cosmology and heterodox Gnostic and Marcionite traditions on the origin constitution and destiny of the cosmos Blowers focuses more substantially on the positive role of patristic theological interpretation of Genesis and other biblical creation texts in eliciting Christian perspectives on the multifaceted relation between Creator and creation Greek Syriac and Latin patristic commentators Blowers argues were ultimately motivated less by purely cosmological concerns than

by the urge to depict creation as the enduring creative and redemptive strategy of the Trinity The drama of the divine economy which Blowers discerns in patristic theology and piety unfolded how the Creator invested the end of the world already in its beginning and thereupon worked through the concrete actions of Jesus Christ and the Holy Spirit to realize a new creation
