Children's Voice and Agency in Diverse Settings Mhairi C. Beaton, Anne Burke, Pigga Keskitalo, Tuija Turunen, 2024-04-16 This book outlines the key findings from the ADVOST project and other international projects that examine how educational practitioners have utilised theoretical notions of voice and agency to enhance the social inclusion and wellbeing of children within their settings Bringing together findings from three project case studies that are each placed in a different national context chapters explore theoretical principles of space audience and influence to facilitate and enhance the voices of very young children Focusing on diversity as an opportunity rather than a challenge the book provides collaboratively written and regionally diverse chapters that ultimately contribute to a growing field on literature examining how young people might be included in culturally sensitive and responsive ways within education recognising the diversity that young people their families and communities bring to educational processes to provide an inclusive education for all Offering multiple perspectives and insights into our growing understanding of children s voice and agency in diverse settings this book will be

of relevance to scholars researchers and academics in the fields of primary education multicultural education early years and educational research and child development studies Developing Active Learning in the Primary Classroom Anitra Vickery,2013-10-10 Establishing an effective learning environment in the classroom requires a clear understanding of different teaching strategies that make children active participants in their own learning This book explores a range of philosophies and strategies to develop active learning in primary education It balances theory with practice to provide evidence based guidance and suggestions for use in the classroom Key topics include Creating a supportive learning environment Developing the questioning skills of teachers and children Learning through assessment Developing thinking skills through curriculum subjects Active learning in early years education Philosophy for Children P4C Frameworks to promote thinking This is essential reading for professional studies modules on primary initial teacher education courses including university based PGCE PGDE BA QTS BEd school based SCITT School Direct and employment based routes into teaching It also serves as a handbook for schools that are developing their approaches to active learning Anitra Vickery works as senior lecturer in primary mathematics education and the Professional Studies Coordinator at Bath Spa University

Inquiry in Music Education Carol Frierson-Campbell,Hildegard C. Froehlich,2022-03-17 Inquiry in Music Education Concepts and Methods for the Beginning Researcher Second Edition introduces research and scholarship in music education as an ongoing spiral of inquiry Exploring research conventions that are applicable beyond music to the other arts and humanities as well it offers a sequential approach to topic formulation information literacy reading and evaluating research studies and planning and conducting original studies within accepted guidelines Following the legacy begun by Edward Rainbow and Hildegard C Froehlich this book expands what is meant by music education and research teaching tangible skills for music educators with diverse instructional goals and career aspirations The second edition addresses the changes in methods due to technological advances a proliferation of new scholarship and an awareness of the impact of place and culture on researchers and research participants This edition features the most current information on research tools strategies to remain up to date and expanded supplemental online materials see inquiryinmusiceducation.com case studies that reflect recent research and discuss issues of gender race and culture previously absent from mainstream scholarship an acknowledgment of the assessment demands of contemporary K 12 schooling a chapter devoted to mixed methods arts based and practitioner inquiry assignments and other resources designed to be friendly for online course delivery chapters from contributing authors Debbie Rohwer and Marie McCarthy bringing additional depth and perspective Inquiry in Music Education provides students with the language skills and protocols necessary to succeed in today s competitive markets of grant writing arts advocacy and public outreach as contributing members of the community of music educators **The Art of Teaching Philosophy** Brynn F. Welch,2024-07-25 Teaching is a moral enterprise through which we reflect our most deeply held values Thoughtful teaching begins before the syllabus is written and continues well beyond the end of the

semester In this book a team of over 30 renowned and innovative US philosophy teachers offer accessible reflections and practical suggestions for constructing a philosophy course Our classroom can mimic dynamics that emerge in the broader society or it can teach students new ways of engaging with one another From syllabus design and classroom management to exercises and assessments each chapter answers frequently asked questions How do we balance lecture with discussion What are our goals When we re leading a discussion and a student or several students say false things what should we do What are the costs of correcting them Here is an in depth exploration of topics such as content selection assessment design mentorship and making teaching count professionally Each contribution balances reflective values with concrete advice emerging from tried and tested practices Insightful discussions about theories of philosophy pedagogy feature throughout Divided into The Philosophy Course The Philosophy Classroom Exercises and Assignments and What Comes Next chapters include insights from students on what they have learned from studying philosophy For teachers of philosophy at any stage of their career this is a must have resource

Enhancing Practice through Classroom Research Caitriona McDonagh, Mary Roche, Bernie Sullivan, Máirín Glenn, 2019-07-30 Offering updated references questions for reflection the latest case studies and current advice relating to data protection and storage this second edition of *Enhancing Practice through Classroom Research* provides an accessible introduction to understanding and improving teaching and learning through a process of reflection research and action Divided into five parts this self study action research approach emphasises the positive aspects of enhancing practice and reflects how this can lead to higher levels of teacher autonomy and agency With the addition of a chapter dedicated to the links between action research and well being this book provides a step by step guide to beginning your own research and covers topics such as Identifying an area of professional concern or interest Exploration of educational values Developing a better understanding of practice Thinking critically about educational practices Finding a research methodology Drawing on the authors new experiences of working with second level third level and postgraduate educators as well as their work designing postgraduate programmes in the field of critical reflection and self study action research this friendly guide provides a straightforward approach to classroom research It is the perfect resource for all student and practising teachers looking for support in classroom research as well as those wanting to pursue effective professional development or further studies in an area of interest

Teaching Primary Humanities Russell Grigg, Sioned V Hughes, 2018-09-17 The second edition of *Teaching Primary Humanities* which focuses on history geography and religious education has been fully updated to reflect policy developments and recent curriculum changes throughout the United Kingdom The authors reaffirm the importance of teaching the humanities in a fast changing world This is a book packed full of practical ideas to make learning enjoyable challenging and relevant This revised edition features An extended critique of fundamental British values and how these could be taught The role of the humanities in teaching critical literacy skills in an era of fake news A focus on the key concepts of time place and community in the Early Years New suggestions for

professional learning and development Guidance on realistic planning and assessment for busy teachers Links to the most useful updated websites and resources Chapters include tasks research briefings and points for reflection to stimulate further thinking Teaching Primary Humanities should be essential reading for trainee teachers and experienced practitioners looking for support and inspiration to showcase the contribution of the humanities to children s all round education

Corrupting Youth Peter Worley,2021-02-15 This book takes the principles explained in Vol 1 and describes a complete classroom practice for conducting philosophical conversations with groups especially in schools that has been honed over nearly twenty years of classroom experience by the author and his colleagues at The Philosophy Foundation Although the method known here as philosophical enquiry or PhiE for short has been previously described in many earlier publications this is by far the most thorough and comprehensive account of the method to date in one place It includes not only a thorough explanation of the central ideas of the method complete with current updates but many extensions to the PhiE method including writing extensions but most importantly the extended thinking programme This is an extension to the PhiE method that implements metacognitive and critical thinking strategies for the participants that has been shaped by two years of reflective research conducted by The Philosophy Foundation and King s College London **The Philosophical**

Conversation Kristof Van Rossem,2024-01-26 How do you keep your conversations light and playful yet profound How do you ask the right questions with the right words at the right moment The Philosophical Conversation teaches you the basics of philosophical skills and instructs how to get started A philosophical score which provides you with the right attitude technique and execution determines the rhythm Inside these pages there are all kinds of exercises to help you think more accurately and show you how to share that with others Discover the joy of making music with words
