Transitional Justice And Reconciliation Lessons From The Balkans:

Transitional Justice and Reconciliation Martina Fischer, Olivera Simic, 2015-11-06 Scholars and practitioners alike agree that somehow the past needs to be addressed in order to enable individuals and collectives to rebuild trust and relationships. However, they also continue to struggle with critical questions: When is the right moment to address the legacies of the past after violent conflict? How can societies address the past without deepening the pain that arises from memories related to the violence and crimes committed in war? How can cultures of remembrance be established that would include and acknowledge the victims of all sides involved in violent conflict? How can various actors deal constructively with different interpretations of facts and history? Two decades after the wars in Bosnia, Serbia, and Croatia, albeit to different degrees, are still facing the legacies of the wars of the 1990s on a daily basis. Reconciliation between and within these societies remains a formidable challenge given that all three countries are still facing unresolved disputes, either at a cross-border level or amongst parallel societies that persist at a local community level. This book engages scholars and practitioners from the regions of former Yugoslavia as well as international experts to reflect on the achievements and obstacles that characterise efforts to deal with the past. Drawing variously on empirical studies, theoretical discussions, and practical experience, their contributions offer invaluable insights into the complex relationship between transitional justice and conflict transformation.

Truth, Justice and Reconciliation in Colombia Fabio Andres Diaz Pabon, 2018-05-11 The signing of the peace agreements between the FARC EP and the Colombian Government in late November 2016 has generated new prospects for peace in Colombia, opening the possibility of redressing the harm inflicted on Colombians by Colombians. Talking about peace and transitional justice requires us to think about how to operationalize peace agreements to promote justice and coexistence for peace. This volume brings together reflections by Colombian academics and practitioners alongside pieces provided by researchers and practitioners in other countries where transitional justice initiatives have taken place: Bosnia and Herzegovina, South Africa, Sri Lanka, and Peru. This volume has been written in the south by the south for the south. The book engages with the challenges ahead for the coming generations of Colombians. Rivers of ink have dealt with the end goals of transitional justice, but victims require us to take the quest for human rights beyond the normative realm of theorizing justice and into the practical realm of engaging how to implement justice initiatives. The tension between theory, the legislative frameworks guaranteeing human rights, and practice, the realization of these ideas, will frame Colombia's success or failure in consolidating the implementation of the peace agreements with the FARC EP.

Oxford Handbook of Transitional Justice, 2025-08-15 The Oxford Handbook of Transitional Justice is an authoritative guide to the rapidly growing domain of transitional justice, the practices and processes of reckoning pursued in the aftermath of historic injustice. Since the neologism's coining in the late 1990s, transitional justice has become one of the 21st century's most influential practices of international humanitarianism. However, transitional justice projects often conceal the very

violence they are intended to address or even inflict further violence on victims of atrocities Across 48 genre bending chapters the Handbook explores articulates and advances a multifaceted critique of transitional justice Ranging innovatively across space and time it interrogates the nature and legacies of the justice cascade that the prosecution of international crimes is said to have inspired An interdisciplinary cast of leading scholars questions the meaning and efficacy of transitional justice s modalities which range from archives to courts from memorials to reparations In so doing this volume s authors critically challenge the panglossian orthodoxies that have accumulated and ossified around efforts to come to terms with violent pasts from colonialism to genocide This global endeavor is not one of tear down however Rather it points toward a reimagined project that is more clear eyed about the promises of transitional justice and its inherent limits A definitive work on the subject The Oxford Handbook of Transitional Justice is essential reading for students scholars and practitioners interested in practices of reckoning *Diaspora Mobilizations for Transitional Justice* Maria Koinova,Dženeta

Karabegović,2020-12-17 Transitional justice and diaspora studies are interdisciplinary and expanding fields of study Finding the right combination of mechanisms to forward transitional justice in post conflict societies is an ongoing challenge for states and affected populations Diasporas as non state actors with increased agency in homelands host lands and other global locations engage with their past from a distance but their actions are little understood *Diaspora Mobilizations for Transitional Justice* develops a novel framework to demonstrate how diasporas connect with local actors in transitional justice processes through a variety of mechanisms and their underlying analytical rationales emotional cognitive symbolic value based strategic and networks based Mechanisms featured here are thin sympathetic response and chosen trauma fear and hope contact and framing cooperation and coalition building brokerage patronage and connective action among others The contributors discuss the role of diasporas in truth commissions memorialization recognition of genocides and other human rights atrocities as well as their abilities to affect transitional justice from afar by holding particular attitudes or upon return temporarily or for good This book sheds light on how diasporas contextual embeddedness shapes their mobilization strategies and features empirical evidence from Europe United States and Canada as well as from conflict and postconflict polities in the Balkans Middle East Eurasia and Latin America It was originally published as a special issue of *Ethnic and Racial Studies* *Transitional Justice, International Assistance, and Civil Society* Paige Arthur,Christalla

Yakinthou,2018-03-29 In recent years transitional justice has become increasingly international in its scope Due to ongoing animosities lack of political will and the absence of credible governing or judicial institutions international organizations donors and NGOs advocate for transitional justice initiatives like truth commissions or special tribunals alongside national actors like civil society and victims groups This book examines how international assistance affects transitional justice and where power truly lies in making decisions about justice for victims of massive human rights abuse The book finds that government donors typically lack strategies for transitional justice they struggle with information deficits and they are

constrained by short term approaches that do not give enough attention to what is often a weak and divided civil society sector All the authors have both practical and scholarly perspectives on transitional justice Country case studies are provided including descriptions of the challenges in developing data on transitional justice financing

The Transitional Justice Citizen Briony Jones,2023-03-02 Building a thorough and comprehensive understanding of the limits of transitional justice theory in historically understudied regions this innovative book proposes a new concept of the transitional justice citizen as both an active seeker and receiver of justice Briony Jones addresses contemporary criticism of transitional justice theory and practice in order to improve our understanding of the agency of people at times of transition

Transitional Justice in Latin America Elin Skaar,Jemima Garcia-Godos,Cath Collins,2016-10-27 This book addresses current developments in transitional justice in Latin America effectively the first region to undergo concentrated transitional justice experiences in modern times Using a comparative approach it examines trajectories in truth justice reparations and amnesties in countries emerging from periods of massive violations of human rights and humanitarian law The book examines the cases of Argentina Brazil Chile Colombia Guatemala El Salvador Paraguay Peru and Uruguay developing and applying a common analytical framework to provide a systematic qualitative and comparative analysis of their transitional justice experiences More specifically the book investigates to what extent there has been a shift from impunity towards accountability for past human rights violations in Latin America Using thick but structured narratives which allow patterns to emerge rather than being imposed the book assesses how the quality timing and sequencing of transitional justice mechanisms along with the context in which they appear have mattered for the nature and impact of transitional justice processes in the region Offering a new approach to assessing transitional justice and challenging many assumptions in the established literature this book will be of enormous benefit to scholars and others working in this area

Intangible Cultural Heritage and Reconciliation in the Western Balkans Miloš Milenković,2024-08-01 This book considers the sensitive heritage elements linked to the very issue of the origins of nations Beliefs rituals and traditional knowledge are examples of intangible cultural heritage ICH which communities globally regard as the core of their cultural identity When it is unclear which element of heritage belongs to whom like in the Western Balkans where the majority of heritage elements are shared ICH disputes exacerbate conflict Its mishandling is especially acute when minority heritage is excluded from governmental cultural policies With a focus on Serbia Croatia Bosnia and Herzegovina and Montenegro this book has a global thematic scope theoretical depth and policy relevance to the scholars of anthropology and heritage studies as well as to those interested in cultural diversity human rights and cultural and educational policies It will serve as a guide for those who professionally use cultural heritage or want to start doing so in the processes of reconciliation stabilization and development

An Introduction to Transitional Justice Olivera Simić,2016-11-25 An Introduction to Transitional Justice provides the first comprehensive overview of transitional justice judicial and non judicial measures implemented by societies to redress legacies of massive human rights

abuse Written by some of the leading experts in the field it takes a broad interdisciplinary approach to the subject addressing the dominant transitional justice mechanisms as well as key themes and challenges faced by scholars and practitioners Using a wide historic and geographic range of case studies to illustrate key concepts and debates and featuring discussion questions and suggestions for further reading this is an essential introduction to the subject for students Restoring Justice and Security in Intercultural Europe Brunilda Pali,Ivo Aertsen,2017-09-14 The intercultural contexts and new configurations in Europe offer fertile ground for social conflict tensions and threat This book challenges predominant and fear inducing approaches of justice and security as they appear in intercultural contexts and develops alternative understandings by exploring both theoretically and empirically the potential of dialogic and restorative justice oriented actions in sensitive areas of living together The book offers unique opportunities for rethinking frames of in justice in security and their intersections and for reshaping European practices and policies in a more sustainable way This book is based on an innovative and exploratory action research project in four European countries which challenges the obsessive focus on security concerns the merging of the security discourse with intercultural contexts and the emphasis on technology and surveillance as a way to conceive the doing of security Both the project and the book offer another vision on what security means and how it can be done by multiplying participatory encounters between different groups in society promoting opportunities for deliberations and dialogue about alternative forms of conviviality The book is one of two volumes resulting from the work by a group of researchers in six European countries having cooperated intensively during four years in ALTERNATIVE an action research project funded under the EU Seventh Framework Programme
