Comparative Political Transitions between Southeast Asia and the Middle East and North Africa Teresita Cruz-del Rosario,James M. Dorsey,2016-07-18 This book investigates the theme of global transitions with a cross regional comparative study of two areas experiencing change over the past three decades Southeast Asia and the Middle East and North Africa MENA Political transitions in Asia have been the subject of interest in academic and policy making communities recently as there are encouraging signs of democratization in countries that exhibit elements of authoritarianism In those countries with relatively open political systems transitions to democracy have been complete albeit messy flawed and highly contested In contrast countries of the MENA region that have been gripped by revolts in recent years find themselves in the midst of chaotic and uncontrollable transitions Why are there such differences between these regions What if anything can be learned and applied from the transitions in Southeast Asia These questions are answered here as Asia s experience is contrasted with the Arab revolts and the struggle of the different countries in the MENA region to fashion a new social contract between states and citizens

The New Mediterranean Democracies Geoffrey Pridham, 2016-01-29 This volume first published in 1984 discusses the viability of applying the Mediterranean model to three countries that were transitioning to democracy Spain Greece and Portugal combining both comparative and national case study approaches In particular Spain Greece and Portugal offer comparable examples of the problems of establishing new democratic systems within relatively unstable and economically less developed environments This title applies different theories of regime transition to the countries in question This volume will be of interest to students of politics Democracies and Authoritarian Regimes Andrea Kendall-Taylor, Natasha Lindstaedt, Erica Frantz, 2019 The only introduction to cover the full spectrum of political systems from democracy to dictatorship and the growing number of systems that fall between equipping readers to think critically about democracy s future trajectory

The Handbook of Political, Social, and Economic Transformation Wolfgang Merkel, Raj Kollmorgen, Hans-Jürgen Wagener, 2019-01-25 Political social and economic transformation is a complex historical phenomenon It can adequately be analysed only by a multidisciplinary approach The Handbook brings together an international team of scholars who are specialists in their respective research fields It introduces the most important areas theories and methods in transformation research with particular attention placed on the historical and comparative dimension Although focussing on post communist and other democratic transformations in our epoch the Handbook therefore presents and discusses not only their problems paths and developments but also deals with the antecedent waves beginning with the Meiji Restoration in Japan in 1868 and its aftermath The book is structured into six parts Starting with basic concepts as systems actors and institutions Section I it gives an overview over major theoretical approaches and research methods Sections II and III The connection of theory and method with their application is essential allowing special insights into the past and opens analytical avenues for transformation research in the future Section IV provides a historically

oriented description or interpretation of particular waves or types of societal transformation With a clear focus on present transformations the contributions to Section V provide a description and discussion of the problems structures actors and courses of the transformations within different spheres of civil society politics law and economics Finally brief lexicographic entries in Section VI delineate research perspectives and facts about relevant issues of societal transformation Each of the 79 contributions contains a concise list of the most important research literature

Theoretical and Comparative Perspectives on Nationalism Taras Kuzio, 2007-12-17 This volume brings together 15 articles divided into four sections on the role of nationalism in transitions to democracy the application of theory to country case studies and the role played by history and myths in the forging of national identities and nationalisms The book develops new theories and frameworks through engaging with leading scholars of nationalism Hans Kohn's propositions are discussed in relation to the applicability of the term civic with no ethno cultural connotations to liberal democracies Rogers Brubaker over the usefulness of dividing European states into civic and nationalizing states when the former have historically been nationalizers Will Kymlicka on the applicability of multiculturalism to post communist states and Paul Robert Magocsi on the lack of data to support claims of revivals by national minorities in Ukraine The book also engages with transitology over the usefulness of comparative studies of transitions in regions that underwent only political reforms and those that had quadruple transitions implying simultaneous democratic and market reforms as well as state and nation building A comparative study of Serbian and Russian diasporas focuses on why ethnic Serbs and Russians living outside Serbia and Russia reacted differently to the disintegration of Yugoslavia and the USSR The book dissects the writing of Russian and Soviet history that continues to utilize imperial frameworks of history analyzes the re writing of Ukrainian history within post colonial theories and discusses the forging of Ukraine's identity within theories of Others as central to the shaping of identities The collection of articles proposes a new framework for the study of Ukrainian nationalism as a broader research phenomenon by placing nationalism in Ukraine within a theoretical and comparative perspective

Democratic Consolidation in Eastern Europe: Volume 2: International and Transnational Factors Jan Zielonka, Alex Pravda, 2001-06-14 This is the second volume in a two volume series of books on democratic consolidation in Eastern Europe The first volume focused on the issue of institutional engineering This second volume analyses the external parameters of democratic consolidation in thirteen Eastern European countries how different international actors and various economic cultural and security types of transnational pressures have shaped democratic politics in the region The aim is to contrast a set of democracy theories with empirical evidence accumulated in Eastern Europe over the last ten years The volume tries to avoid complex debates about definitions methods and the uses and misuses of comparative research Instead it seeks to establish what has really happened in the region and which of the existing theories are helpful in explaining these developments The volume is divided into two parts The first part presents a conceptual and comparative frame of analysis the second consists of detailed studies of individual countries

undergoing democratic consolidation Case study chapters deal with the following countries Estonia and Latvia Hungary Poland the Czech Republic Slovakia Romania Bulgaria and Macedonia the states of former Yugoslavia Belarus and Ukraine and finally Russia The concluding chapter identifies a set of variables responsible for the enormous impact of external factors on democratic consolidation in Eastern Europe It conceptualises the interplay of internal and external factors impinging upon democracy and shows the interplay of different positive and negative types of external pressures It also evaluates the conscious Western effort to craft or engineer democracy in Eastern Europe
