Transnational Transnational Social Work Practice:

Transnational Social Work Practice Nalini Junko Negi, Rich Furman, 2010-09-29 A growing number of people immigrants refugees asylum seekers displaced individuals and families lead lives that transcend national boundaries Often because of economic pressures these individuals continually move through places countries and cultures becoming exposed to unique risk and protective factors Though migration itself has existed for centuries the availability of fast and cheap transportation as well as today's sophisticated technologies and electronic communications have allowed transmigrants to develop transnational identities and relationships as well as engage in transnational activities Yet despite this new reality social work has yet to establish the parameters of a transnational social work practice In one of the first volumes to address social work practice with this emergent and often marginalized population practitioners and scholars specializing in transnational issues develop a framework for transnational social work practice They begin with the historical and environmental context of transnational practice and explore the psychosocial economic environmental and political factors that affect at risk and vulnerable transnational groups They then detail practical strategies supplemented with case examples for working with transnational populations utilizing this population's existing strengths They conclude with recommendations for incorporating transnational social work into the curriculum

Transnational Social Work Bartley, Allen, Beddoe, Liz, 2018-02-07 An international comparison of labour markets migrant professionals and immigration policies and their interaction in relation to social work

Transnational Social Work and Social Welfare Beatrix Schwarzer, Ursula Kämmerer-Rütten, Alexandra Schleyer-Lindenmann, Yafang Wang, 2016-08-05 The underlying frame of social work is the nation state and it is from within the state that welfare strategies and social policies are devised and implemented However post colonialism globalisation migration and the associated implications for human rights social justice and social welfare policies contest the idea of a clearly defined space for social work and present new challenges for researchers and practitioners Transnational Social Work and Social Welfare argues for the increased importance of the transnational perspective in social work theory and practice The book challenges the idea of the nation state as a given entity and argues that globalization and an increasing number of people crossing borders must have an impact on the theories and strategies of social work The international contributors are critical of a restricted focus on a geographically defined space and the impact on work with clients With cases covering China France India UK Germany Malaysia Israel Turkey the book highlights the challenges as well as the opportunities this new perspective can open up for theories and strategies in social work It will be of interest to students researchers and social workers interested in migration social care poverty and cultural competency in health and social care

Migration and Social Work Emilio José Gómez-Ciriano, Elena Cabiati, Sofia Dedotsi, 2024-06-18 With cross cultural perspectives from contributors in nine countries this book showcases much needed research on current issues around migration and social work in Europe Focusing on the reception experiences and integration of refugees and

asylum seekers the chapters also consider the impact of recent EU policies on borders and integration With racism on the rise in some European societies the book foregrounds international social work values as a common framework to face discriminatory practice at macro and micro levels Featuring recommendations for inclusive practice that opens doors this book features the voices of migrants and the practitioners aiding their inclusion in new societies

The Routledge Handbook of Green Social Work Lena Dominelli,2018-03-28 Green social work espouses a holistic approach to all peoples and other living things plants and animals and the physical ecosystem emphasises the relational nature of all its constituent parts and redefines the duty to care for and about others as one that includes the duty to care for and about planet earth By acknowledging the interdependency of all living things it allows for the inclusion of all systems and institutions in its remit including both hu

man made and natural disasters arising from the human made ones of poverty to chemical pollution of the earth's land waters and soils and climate change to the natural hazards like earthquakes and volcanoes which turn to disasters through human action. Green social work's value system is also one that favours equality, social inclusion, the equitable distribution of resources and a rights based approach to meeting people's needs to live in an ethical and sustainable manner. Responding to these issues is one of the biggest challenges facing social workers in the twenty first century which this Handbook is intended to address. Through providing the theories, practices, policies, knowledge and skills required to act responsibly in responding to the diverse disasters that threaten to endanger all living things and planet earth itself, this green social work handbook will be required reading for all social work students, academics and professionals as well as those working in the fields of community development and disaster management.

Routledge International Handbook of Social Work Education
Imogen Taylor, Marion Bogo, Michelle Lefevre, Barbra Teater, 2016-03-31

The Routledge International Handbook of Social Work Education provides an authoritative overview of current understanding through coverage of key debates exploring the state of play in particular social work education fields and reflecting on where the future might be taking us. The overall aim of the Handbook is to further develop pedagogic research and scholarship for social work education. Drawing on medical education as an exemplar, the contributors view social work education as a specialism and a field of expertise that counts in the same way as research programmes in more traditional areas of social work practice. The chapters are concerned with the theory and practice of social work education at all levels; they are accessible, conceptually clear, research based, where appropriate critically reflective and ethically underpinned. The Handbook is organised into seven sections that reflect the proposed themes and sub themes: covering Social work education in context, the western drivers, Emerging and re-emerging social work education, The scholarship of learning and teaching, New insights into field education, New directions in learning and teaching, Future challenges in social work education. This handbook presents a contribution to the process of exchange and dialogue which is essential to global social work education. It brings together professional knowledge and lived experience both universal and local and will be an essential reference for social work educators, researchers, students and professionals.
