Trauma Bond An Inquiry Into The Nature Of Evil:

Trauma Bond Lawrence Swaim, 2013-03-29 If the world seems more violent these days it is not your imagination there is far too much aggression coercion and deceit And powerful institutions such as corporations and governments are getting better at hiding and rationalizing the harm they do But it doesn't have to be that way *Trauma Bond An Inquiry into the Nature of Evil* shows how breaking free of the cycle of aggression and violence starts with you and can start today When aggression becomes evil it turns into an extraordinarily dangerous and malignant force that threatens to destroy the planet This fascinating book demonstrates at length how aggression and evil replicate themselves in the world and how we can break free from the toxic cycle of psychological and physical violence We can begin this process today in order to make this world safer both for ourselves and for our children

Death of Judeo-Christianity Lawrence Swaim, 2012-07-27 The Israeli Palestinian conflict is not mainly about politics nor religion nor even geopolitics It is about pathology The traumas of the 20th century have driven millions of intelligent capable people into active psychological pathologies which they experience as ideological realities Some of the cult like groups associated with Christian evangelicals and the national religious settlers in Israel will settle for nothing less than an apocalyptic religious war to punish the world for allowing the Holocaust to happen

Child and Cross Konrad Yona Riegenmann, 2018-10-29 *Child and Cross* from the beginning puts children in the center listening to how they perceive the man on the cross Three initial chapters trace the life of this Jesus bar Abbas according to highly respected sources in a very human down to earth way from mother's womb to rebels cross How the picture of the rabbi's deadly torture became the obsessive icon of the West and in an automatic and preconscious way Melvin Lerner continues working as the learning tool for Jew hate is explained thanks to the sensitivity of psychologists like Søren Kierkegaard Jean Piaget and Helena Antipoff exposed in 73 pictures The return of Passion details in Christian views of Jews the reenactment of those scaring details in thousand years of just punishment racism as product of inquisition the still solid cross taboo in Germany the complex of cross and Zionism and the kafkaesque cross judgement of the European Court for Human Rights in Strasbourg are examined while the human obsession with sacrifice itself gets analyzed in *The Lamb on Cross* whose pegged legs shaped western use of animals more than this Nazarene who in his last action fought precisely animal sacrifice The final exam Why Johanna fed him vanilla cake and other child's play questions intends to sensitize the reader once again concerning the child as a consistent comprising and explaining analysis of anti Judaism by taking serious those human beings that academic research of anti-Semitism deems too small and childish to deal with a contribution to Christian Muslim Jewish dialogue by detailed elaboration of not only the Christian symbol's role in the anti Judaism that led to Zionism and thus to Gaza but also of the connecting potential of this man from Galilee whom Matthew 27:16-17 in original Greek wording calls Jesus bar Abbas and a human rehabilitation of this Bar Abbas Son of Father and his relatives especially his brother Judas
