Wealth By Association Global Prosperity Through Market Unification:

Wealth by Association John C. Edmunds, John Marthinsen, 2003-03-30 Edmunds and Marthinsen affiliated with the Stephen D Cutler Investment Management Center and the Glavin Center for Global Entrepreneurial Leadership at Babson College examine European monetary unification and argue that the reduction in cross border risks is directly responsible for an explosion in the value of fixed income assets and share prices They explain how this process began before the Euro was formally adopted and look at implications for Latin America and Asia Annotation c 2003 Book News Inc Portland OR booknews com

Demystifying Global Macroeconomics John E. Marthinsen, 2020-02-10 Demystifying Global Macroeconomics DGM provides readers with a practical working use of international macroeconomics For serious business and political leaders understanding the global interconnections in economic and financial markets is crucial for making informed and well timed decisions DGM takes the mystery out of seemingly complex economic interactions by providing an easy to understand framework within which to analyze the effects of economic social and political shocks to a nation s economy John E Marthinsen integrates the three major macroeconomic sectors which are the credit market goods and services market and foreign exchange market The author provides the reader with contemporary examples that virtually leap off the front pages of our daily news reports and confront business managers and politicians with choices and decisions to make For example DGM shows how to use macroeconomic tools and a global framework to analyze the effects of U S tariffs on China and China s tariffs on the United States Infrastructure spending Speculative capital outflows from nations under stress such as Argentina and Turkey and speculative capital inflows into safe haven countries such as Switzerland Demonetization in India Successfully fighting the opioid abuse problem in the United States Border adjustment tax Monetary policies Fiscal policies Marthinsen keeps readers visually engaged with the strategic use of figures tables charts and illustrative exhibits Demystifying Global Macroeconomics emphasizes the interaction among markets and equips readers with a macroeconomic perspective that will last and be used for years If you are adopting this book for a teaching course please contact Stefan Giesen degruyter com to request additional instructional material

U.S. Manufacturing Thomas James Duesterberg, Ernest Preeg, 2003-09-30 Evolving rapidly from a mass produced product orientation to a flexible solutions oriented model the changing manufacturing sector is poised to lead a global economic recovery Truly an insider s guide to the future of this critical sector this book provides policy recommendations based on a wealth of information Despite the appearance of difficult economic times for U S manufacturing that sector of the American economy is actually the most innovative and competitive in the world Far from being confined to the tired stereotype of Industrial Age commodities such as steel and mass produced consumer products U S manufacturing has long been an engine for growth In the 1990s this central role was strengthened as new technology development and application spurred higher levels of growth throughout the economy In its present configuration manufacturing includes such high tech industries as fiber optics and microchips
