1. Revise common weather expressions by asking your students to act them out. Each time repeat the question: **WHAT'S THE WEATHER LIKE?**

IT'S RAINY. (the children tap with their fingers on the desk)

IT IS WINDY (they move the upper part of the body left and right)

IT IS SUNNY (they draw a big circle with their arms in the air)

IT IS VERY HOT (they wave their hand in front of their face)

IT IS SNOWING (they wriggle their fingers in front of them as if they were falling snowflakes)

IT IS VERY COLD (they shiver)

4. Tell the children to look out of the window. Ask What's the weather like?

Revise the weather vocabulary by drawing simple drawings on the board and by asking what the weather is like in them.

Ask volunteers to come to the board and stick the sentence cards under each picture or to write what the weather is.

2. Hand out the flashcards showing weather to pairs or small groups of children. Write: **TODAY IT IS** _____, **TODAY IT IS NOT** _____, up on the board. The children use the information they have got on the flashcards to complete one of the sentences from the board. They should say a true sentence about the weather outside.

3. Play **HOLD UP YOUR FLASHCARDS IF IT IS TRUE**: think of activities which are related to certain weather conditions. E.g. we open our umbrellas. We go to the beach. We put out our coats, etc. Call out the sentence. The children who have got a weather condition related to that activity on their flashcard should hold it up.

5. Play **REPEAT IF IT IS TRUE**: Say a sentence describing certain weather condition, if it describes the weather of that day children should repeat the sentence,
