

BICENTENNIAL IN TEXAS

January February 1976

Gladys City: new old town

When the Beaumont Bicentennial Committee decided to celebrate a 75-year-old event that helped change the world — the Spindletop oil discovery — they decided a simple ceremony was not enough.

With a desire to make the celebration appropriately important, and with a lot of hard work, the BSC under Chairman Vic Rogers, has accomplished something remarkable, the rebirth of a 75-year-old city as a permanent museum.

At about 10 a.m. January 10, 1901, the Texas Gusher exploded at Spindletop, spawning not only a new age but a new town, Gladys City. From Gladys City came Beaumont and Beaumont has returned the favor. At 10 a.m., January 10, 1976, Governor Dolph Briscoe will dedicate the Gladys City-Spindletop Beaumont, an authentic recreation of 34 buildings, complete with period furnishings, located on the Texas University campus.

A full day of hours and entertainment is planned, capped by the 72nd annual banquet of the Beaumont Chamber of Commerce with a keynote address by Governor Briscoe. Brides, pink, piano, music, a barber shop, speakeasy, strolling guitarists, bands and a dramatic reading will add more old-time flavor to the event.

Souvenirs and Bicentennial patches and medallions will be available with concessions to help finance the project and its continuation. Shuttle buses will carry the expected large turnout to the site, near the intersection of University Drive and Loop 251 (U.S. Highways 69, 96, and 287) on the campus.

Gladys City will live on as a permanent gift to the nation, with free guided tours available seven days a week, from 1 to 5 p.m. The Texas Gusher Monument Association will move its Spindletop monument to the site in the near future as part of a new Spindletop Museum—Phase II of this unique Heritage 75 project.

The opening of Gladys City was picked as one of the 20 Top Bicentennial events in the country for January by the Bicentennial News Service of the Discover America Travel Organization in Washington.

The Gladys City project was further honored by receiving a certificate of merit from the Secretary Texas Council.

Gladys City is built around a square, reproducing as closely as possible the original city. The buildings include a dry goods store, post office, livery stable, blacksmith shop, photography studio, industrial building, pharmacy and doctor's office.

Also included are the offices of Nelson and White, engineers; the Gladys City Oil, Gas and Manufacturing Company; public toilet facilities; a barber shop; a building housing brokers, attorneys and Minor Oil Company offices; a general store with boarding house on the second floor; and the big Cabin Saloon with its barbed occupying the upstairs section.

As an added attraction, an observation tower has been built off the main complex to provide an overview of the turn-of-the-century city.

All the buildings are completely furnished with antiques of the era generally donated by area residents.

Ethnic lit symposium

A symposium on the existence and development of ethnic literature in the United States will be held in late January on the campus of Texas Tech University in Lubbock.

Ethnic scholars from major universities across the country will present papers at the symposium, which is an endorsed Bicentennial event of the University and the city of Lubbock.

The symposium, entitled "Ethnic Literatures Since 1776: The Many Voices of America," will include papers by 34 scholars on the major literary works written in America in languages other than English since before the Revolutionary era.

A sampling of the topics: "Coqui Literature in America," "American-Bahian Poets," "Worlds Made of Down: Characteristic Image and Incident in American Indian Imaginative Literature," and "Who Will Ever Hear What I Suffered and Dreamed: Postwar Latvian Literature in the United States."

The idea of linking inquiry into the non-English literature of the United States with the Bicentennial is historically appropriate and culturally necessary, states Dr. Wlodyslaw Zyla, Chairman of the Tech Interdepartmental Committee on Comparative Literature.

Zyla continues, "It is true that nearly every ethnic group in the United States has some memorials of its life and development in the form of written works and historical relics."

It is possible that some ethnic works, as a result of this symposium, will be later translated into English for the benefit of wider reading circles.

At the conclusion of the symposium, the papers will be published as a volume. For more information on "Ethnic Literatures Since 1776," contact Dr. Zyla at Texas Tech University, Lubbock, TX 79409.
