Weekend Warriors Alcohol In A Micronesian Culture:

Weekend Warriors Mac Marshall, 1979 In a unique blend of historical investigation cross cultural comparison and in depth analysis Weekend Warriors draws parallels between past traditions of aggression and the present day problem of drunkenness on the Pacific island of Truk Marshall demonstrates that many of our beliefs about drinking and drunkenness may be faulty and that a genuine understanding demands a social and cultural approach as well as a medical one Alcohol and Temperance in Modern History Jack S. Blocker Jr., David M. Fahey, Ian R. Tyrrell, 2003-12-17 A comprehensive encyclopedia on all aspects of the production consumption and social impact of alcohol Alcohol and Temperance in Modern History An International Encyclopedia spans the history of alcohol production and consumption from the development of distilled spirits and modern manufacturing and distribution methods to the present Authoritative and unbiased it brings together the work of hundreds of experts from a variety of disciplines with an emphasis on the extraordinary wealth of scholarship developed in the past several decades Its nearly 500 alphabetically organized entries range beyond the principal alcoholic beverages and major producers and retailers to explore attitudes toward alcohol in various countries and religions traditional drinking occasions and rituals and images of drinking and temperance in art painting literature and drama Other entries describe international treaties and organizations related to alcohol production and distribution global consumption patterns and research and treatment institutions as well as temperance prohibition and antiprohibitionist efforts worldwide

Drinking Patterns and Their Consequences Marcus Grant, Jorge Litvak, 1998 This volume traces the modern critical and performance history of this play one of Shakespeare's most loved and most performed comedies The essay focus on such modern concerns as feminism deconstruction textual theory and queer theory **Cultures of Intoxication** Fiona Hutton, 2020-01-25 This book considers the global discourses and debates about intoxication engaging in critical academic discussion around this concept The problems in defining intoxication are considered alongside the meanings of intoxication and how these meanings often differ across diverse drug using populations The way that intoxication has been engaged with over the centuries has affected how particular groups are perceived and responded to resulting in punitive responses such as drug prohibition alongside harsh treatment of those who are seen to transgress societal norms and values Therefore this collection seeks to unsettle dominant discourses about intoxication and to consider this concept in new critical ways Ways of being intoxicated are also defined in this book in their broadest sense from energy drinks and other legal drugs to recreational use of illicit drugs such as ecstasy to problematic drug use *Recent Developments in Alcoholism* Marc Galanter, 2013-11-11 From the President of the Research Society on Alcoholism The field of alcohol research has been slowly but continuously evolving taking into its domain an ever increasing array of scientific disciplines This series is designed to fill the need for a review publication that covers the broad range of research into alcohol actions and alcoholism Research in alcohol concerns social epidemiological and legal concerns in addition to biomedical and behavioral topics to greater degree

than research with many other drugs A publication devoted to alcohol research should serve the broadest existing research community but perhaps more important it should also provide a means to recruit new investigators with fresh approaches to the field We can and must demonstrate that legitimate high quality research is being done but we must also highlight the opportunity for new workers to make a real impact on the problem The Research Society on Alcoholism seeks to provide such a service not only through this publication but also through other activities Richard A Deitrich Ph D *The Cambridge History of the Pacific Ocean: Volume 1, The Pacific Ocean to 1800* Ryan Tucker Jones, Matt K. Matsuda, 2023-01-05 Volume I of The Cambridge History of the Pacific Ocean provides a wide ranging survey of Pacific history to 1800 It focuses on varied concepts of the Pacific environment and its impact on human history as well as tracing the early exploration and colonization of the Pacific the evolution of Indigenous maritime cultures after colonization and the disruptive arrival of Europeans Bringing together a diversity of subjects and viewpoints this volume introduces a broad variety of topics engaging fully with emerging environmental and political conflicts over Pacific Ocean spaces These essays emphasize the impact of the deep history of interactions on and across the Pacific to the present day **Fragmented Intimacy** Peter J. Adams, 2007-12-20 I recall during my early years as a clinical psychologist being asked by hospital staff to speak with a 32 year old man addicted to alcohol who was being discharged following treatment for pancreatitis This had been his third admission for the same illness and hospital practitioners were exasperated by his choice to continue drinking despite being repeatedly told it would cause irreparable damage to his pancreas from which he would be unlikely to survive I met him in a side room on the ward He sat in his pyjamas in the corner of the room thin and ashen looking with a worried frown fixed across his face Our conversation was initially stilted and I was trying hard not to replicate the lectures and sermons he was likely to have already received from hospital staff As we talked I was able to piece together bits of information about his current circumstances he lived alone he was unemployed and his only family contact was with a brother who visited to check on him occasionally He started to relax into the conversation and then talked about his long struggles with alcohol his drinking had begun in his early teens it had provided him with confidence and friendships he had had some serious motor vehicle accidents he had tried to stop drinking but soon continued he had lost friends jobs and family relationships and in response he had increasingly sought intoxication as a refuge Micronesica, 1992 *Four Hundred Rabbits* Anne Fox, Mike MacAvoy, 2011 The goal of this book is to contribute to the ongoing scholarly discussion on the very serious topic of drunkenness The phrase four hundred rabbits is one of many illustrations of the deep cultural religious and social influences on how individuals and communities view alcohol intoxication The Aztecs believed alcohol to have a divine origin with a god and goddess giving birth to 400 meaning innumerable in ancient Aztec divine children or rabbit gods each representing a varying degree and expression of alcohol intoxication and drunkenness Hence the book's subtitle which at first glance might seem light hearted but in fact represents an in depth look at a weighty topic With such rooted sociocultural factors in mind the International

Center for Alcohol Policies ICAP and DrinkWise Australia collaborated to prepare a publication that advances current understanding of the individual and collective meanings purposes and functions of drunkenness As the authors explain interpretations by different disciplines of the terms intoxication and drunkenness are often inconsistent The chapters of this book discuss intoxication and drunkenness from three perspectives biological cultural and social By placing intoxication and drunkenness into these contexts the book is able to offer language and conceptual tools to help advance the ongoing discussion on how best to reduce alcohol related harm and encourage responsible enjoyment of beverage alcohol Readers in need of an in depth understanding of the varied dimensions of extreme drunkenness will add this excellent resource to their personal library

Defining Status Arnold H. Leibowitz, 2023-11-27 This book offers a comprehensive analysis of the territorial relations of the United States examining the historical and legal frameworks of U S territories and possessions It delves into the evolution of territorial status the impact of federal policies and the unique challenges faced by territories such as Puerto Rico Guam and American Samoa The author Arnold H Leibowitz provides an in depth exploration of issues like statehood commonwealth status and the implications of federal power on territorial governance The book is aimed at readers interested in U S law politics and history particularly those focusing on the complexities of territorial administration and the quest for political and economic equality within the broader U S framework

Psychosocial Adaptation of Two Malayo-Polynesian Cultures in Taiwan Mutsux Hsu, 1987 *Contemporary Pacific Societies* Victoria S. Lockwood, Thomas G. Harding, Ben J. Wallace, 1993 The twenty one articles in this text describe and analyze contemporary political social and economic issues in the three culture areas of Oceania Polynesia Micronesia and Melanesia Chapters are written by noted specialists in all areas and are well mixed regionally and topically to give a broad perspective on contemporary change and development in the Pacific Islands For social scientists working throughout Oceania and all those interested in contemporary Pacific cultures

The Legal Studies Forum, 1987 **Across Borders** Jessica Perkins, 2007

Ounces of Prevention California.
