Sri Lanka at the Crossroads of History Zoltán Biedermann, Alan Strathern, 2017-06-07 The peoples of Sri Lanka have participated in far flung trading networks religious formations and Asian and European empires for millennia This interdisciplinary volume sets out to draw Sri Lanka into the field of Asian and Global History by showing how the latest wave of scholarship has explored the island as a crossroads a place defined by its openness to movement across the Indian Ocean Experts in the history archaeology literature and art of the island from c 500 BCE to c 1850 CE use Lankan material to explore a number of pressing scholarly debates They address these matters from their varied disciplinary perspectives and diverse array of sources critically assessing concepts such as ethnicity cosmopolitanism and localisation and elucidating the subtle ways in which the foreign may be resisted and embraced at the same time The individual chapters and the volume as a whole are a welcome addition to the history and historiography of Sri Lanka as well as studies of the Indian Ocean region kingship colonialism imperialism and early modernity

The History of British Women's Writing, 1610-1690 M. Suzuki, 2011-01-19 During the seventeenth century in response to political and social upheavals such as the English Civil Wars women produced writings in both manuscript and print This volume represents recent scholarship that has uncovered new texts as well as introduced new paradigms to further our understanding of women's literary history during this period

Methods in World History Janken Myrdal, Arne Jarrick, Maria Wallenberg Bondesson, 2016-05-02 Methods in World History is the first international volume that systematically addresses a number of methodological problems specific to the field of world history Prompted by a lack of applicable works the authors advocate a considerable sharpening of the tools used within the field of study Theories constructed on poor foundations run an obvious risk of reinforcing flawed assumptions and of propping up other more

ideological constructions The dedicated critical approach outlined in this volume helps to mitigate such risks Each author addresses a particular issue of method for source criticism archaeological evidence or estimates of economies for example discussing the problems giving practical examples and offering solutions and ways of overcoming the difficulties involved The perspectives are varied the criticism focussed and a common theme of coalescence is maintained throughout This unique anthology will be of great use to advanced scholars of world history and to students entering the field for the first time **A**

History of European Economic Thought Antonio Magliulo,2022-05-11 A History of European Economic Thought grafts the history of economic thought onto Global History by showing how significant economic ideas have influenced the process of Europe s formation from the very beginning to the present day This work combines two classical stories that until today have followed parallel paths On the one hand there is the political history of Europe which is often limited to a few fleeting references to the ideas of the great economists of the past On the other hand there is the history of economic thought which examines Europe as a whole as a distinct supranational community only with reference to the institutions created after World War II The volume sheds light on the constitutive values of Europe which also stem from a particular economic culture and provides essential reading for students and scholars of the history of economic thought **Globalization in World History**

Peter N. Stearns,2023-11-03 In this fully revised fourth edition this book treats globalization from several vantage points showing how these help grasp the nature of globalization both in the past and today The revisions include greater attention to the complications of racism after 1500 and nationalism after 1850 further analysis of reactions against globalization after World War I and in the 21st century more discussion of student exchanges and fuller treatment of developments since 2008 including the role of the Covid 19 pandemic in contemporary globalization Four major chronological phases are explored in the centuries after 1000 CE after 1500 after 1850 and since the mid 20th century Discussion of each phase includes relevant debates over the nature and extent of the innovations involved particularly in terms of transportation communications technologies and trade patterns The phase approach also facilitates analysis of the range of interactions enmeshed in globalization beyond trade and migration including disease exchange impacts on culture and consumer tastes and for the modern periods policy coordination and international organizations Finally the book deals with different regional positions and reactions in each of the major phases This includes not only imbalances of power and economic benefit but also regional styles in dealing with the range of global relationships This volume is essential reading for undergraduate and postgraduate students of world history economic history and political economy **AP World History: Modern Premium, 2025: Prep Book with 5 Practice Tests + Comprehensive Review + Online Practice** Barron's Educational Series,John

Empire of Silver Jin Xu, 2021-02-23 A thousand year history of how China's obsession with silver influenced the country's financial well being global standing and political stability This revelatory account of the ways silver shaped Chinese history shows how an obsession with white metal held China back from financial modernization First used as currency during the Song dynasty in around 900 CE silver gradually became central to China's economic framework and was officially monetized in the middle of the Ming dynasty during the sixteenth century However due to the early adoption of paper money in China silver was not formed into coins but became a cumbersome weighing currency for which ingots had to be constantly examined for weight and purity an unwieldy practice that lasted for centuries While China's interest in silver spurred new avenues of trade and helped increase the country's global economic footprint Jin Xu argues that in the long run silver played a key role in the struggles and entanglements that led to the decline of the Chinese empire

Evolution: A Big History Perspective Leonid E. Grinin, Andrey V. Korotayev, Barry H. Rodrigue, 2011-09-29 This issue of the almanac aims at filling the gap in the mega evolutionary research The Editors believe that the present Almanac which brings together scientists working in different areas of the vast evolutionary field will hopefully make a contribution to this process The contributions to this volume are subdivided into three sections Universal Evolution Biological and Social Forms of Evolution Connections and Comparisons and Aspects of Social Evolution Subjects and issues of the contributions to all three sections have a great deal in common and significantly supplement each other

Documentary, World History, and National Power in the PRC Gotelind Mueller, 2013-10-30 Documentaries have recently become a favourite format for Chinese state directed media to present an officially sanctioned view of history Indeed this is not confined to Chinese national history In stark contrast to the earlier self

centred preoccupation with Chinese history there has been an upsurge in interest in foreign history with a view to illuminating China's role not only in world history but also on the global stage today and in the future This book examines three recent Chinese documentary television series which present the officially sanctioned view of the rise of the modern West the reasons for the end of the Soviet Union and the legitimisation of the present day Chinese government via a specific reading of modern Chinese history to argue for a Chinese rise in the future With a focus on these documentaries Gotelind Mller discusses how history is presented on screen and explores the function of visual history for memory culture and wider society Further this book reveals how the presentation of Chinese and foreign history in a global framework impacts on the officially transmitted views on Self and Other and thus provides a keen insight into how the Chinese themselves regard their global rise Documentary World History and National Power in the PRC will be welcomed by students and scholars working across a number of fields including Chinese studies East Asian studies media studies television studies history and memory studies

Empire in Asia: A New Global History Jack Fairey, Brian P. Farrell, 2018-06-28 Asia was the principle focus of empire builders from Alexander and Akbar to Chinggis Khan and Qianlong and yet until now there has been no attempt to provide a comprehensive history of empire in the region Empire in Asia addresses the need for a thorough survey of the topic This volume traces the evolution of a constellation of competing empires in Asia from the 13th through to the 18th centuries Separate chapters will describe the history and characteristic features of imperial regimes in each major sub region of Asia from the Ottomans and Safavids in the West Romanovs in the North Mughals in the South the Mongols their successors in Inner Asia to the Ming and Qing Dynasties in the East The contributors address common questions in considering the various empires including How did imperial Asian states understand themselves and their place in the world How were these empires constructed and how did they attain such prominence To what extent did imperial repertoires of rule differ The two volumes of Empire in Asia offer a significant contribution to the theory and practice of empire when considered globally and comparatively and are essential reading for all students and scholars of global imperial and Asian history

Singapore in Global History Derek Thiam Soon Heng, Syed Muhd Khairudin Aljunied, 2011 This important overview explores the connections between Singapore's past with historical developments worldwide until present day The contributors analyse Singapore as a city state seeking to provide an interdisciplinary perspective to the study of the global dimensions contributing to Singapore's growth The book's global perspective demonstrates that many of the discussions of Singapore as a city state have relevance and implications beyond Singapore to include Southeast Asia and the world This vital volume should not be missed by economists as well as those interested in imperial history

A Global History of Medicine Mark Jackson, 2018 A volume exploring the history of medicine across continents and countries from ancient to modern times examining the changing systems of medicine in Eastern and Western traditions comparing alternative medical practices and introducing readers to how historians have captured the multiple approaches to healing adopted by different cultures
