Transformational Church Creating A New Scorecard For Congregations:

Transformational Church Ed Stetzer,Thom S. Rainer,2010 It is time to take heart and rework the scorecard

Transformational Church Ed Stetzer,Thom S. Rainer,2010-06-01 How are we doing The church that is And how are we doing it Congregations have long measured success by bodies budget and buildings a certain record of attendance the offering plate and square footage But the scorecard can t stop there When it does the deeper emphasis on accountability discipleship and spiritual maturity is lost Ignoring those details we see fewer lives transformed Christian influence wane and churches thin out a situation that is all too familiar across North America today It is time to take heart and rework the scorecard According to Ed Stetzer and Thom S Rainer the authors of Transformational Church Too often we ve highlighted the negative realities of the declining American church but missed the opportunity to magnify the God of hope and transformation Based on the most comprehensive study of its kind including a survey of more than 7 000 churches and hundreds of on site interviews with pastors Transformational Church takes us to the thriving congregations where truly changing lives is the norm Stetzer and Rainer clearly confirm the importance of disciple making for all through active biblical engagement and prayerful dependence on God alongside of ever increasing intentional participation in mission and ministry activities As the church engages these issues the world will see the change More people following Christ More believers growing in their faith More churches making an impact on their communities The transformation starts now

Transformational Groups Ed Stetzer,Eric Geiger,2014-02-15 God declared through the Apostle Paul that the church would be a place of transformation In 2 Corinthians 5 17 we find Therefore if anyone is in Christ he is a new creation old things have passed away and look new things have come Despite this the church seems increasingly to be a place where transformation fails to occur Surveying the landscape however there are some bright spots where churches are faithfully producing transformed disciples Furthermore as shown in Scripture and supported by new research God designed such transformation to often happen in the context of smaller groups of people But what characteristics are true of churches that are making transformed disciples through group based ministry whether small groups missional communities Sunday school or some other expression of groups In Transformational Groups Ed Stetzer and Eric Geiger have created a new scorecard that will provide a map to transformational success for your church s groups ministry Using data from the largest survey of pastors and laypersons ever done on the condition of groups in the church they define a simple process to lead your groups from where they are to where God wants them to be

Transformation David C. Scott, 2018-09-14 In today's church use of the term transformation has become commonplace Various perspectives are offered on what a Christian view of transformation is and on how it may be achieved These often conflicting views suggest an ecclesial landscape characterized by pluralism division fragmentation confusion relativism individualism pragmatism and subjectivism Despite the current interest in transformational theology the absence of a common coherent and integrated vision and the lack of transformation is often accepted and affirmed Re Envisioning Transformation looks at the possibility of moving toward a vision of transformational theology that is cohesive unified broad effectual and distinctly Christian In this book the contributions of two radically different theologians of the Christian life are examined This provides the basis from which to develop a comprehensive and integrated framework of transformational theology pointing God's people toward the need to express and live out a distinctly Christian vision Honor to the Great Head of the Church Margarette W. Williams Ed.D. Ph.D., 2021-08-11 Honor to the Great Head of the Church A Transformational Model for Church Leadership Administration and Management This Volume One of the Transformational Church Administration Series is support for the organized church to stay on Christ's message of redemption He has set for the church Its purpose is to share passion for a committed focus on God's ordained purpose and mission for His church Church leaders are encouraged throughout the volume to adhere to theological principles for continued devotion to God's one true mission That message is that Christ is God's mission Christ is God's only mission for the church the people of God The church exists only as it participates in the act of Christ Chapter by chapter the book communicates the necessity to intentionally combine God's divine mission as presented from biblical theology with practical applications of organizational leadership and management The critical shift with this book apart from other resources highlighting the works of church administration is the acknowledgements that for the church to remain under the Lordship of Christ the church must be in a continued pursuit to seek Jesus the Christ in all engagements of worship administration management and service The Lord's

Multisite Churches Dustin L. Slaton, 2024-02-13 The multisite church model has been consistently challenged by those who deem it unbiblical and incompatible with God's design for the local church but does Scripture support this claim In *Multisite Churches* pastor and church vitalist Dustin Slaton posits that congregational polity is compatible with the multisite model dismantling critiques with both urgency and care for the local church's future At a time when church fostering and church adoption are predicted to increase significantly the multisite church model is a solution that can support the adoption of churches Bringing in personal experience and erudite research Slaton heuristically demonstrates a methodological approach of ecclesiology with a theological framework for the multisite model fairly addressing both critics and supporters *Multisite Churches* is a resource for biblical ecclesiology with wide ranging benefits for both clergy and congregant Those prayerfully discerning whether they
