Transformational Discipleship How People Really Grow:

Transformational Discipleship Eric Geiger, Michael Kelley, Philip Nation, 2012-06-01 A Christian's desire to grow in faith is beautiful and biblical best illustrated in Jeremiah 17 where Scripture describes The man who trusts in the LORD as being like a tree planted by water It will not worry in a year of drought or cease producing fruit But how do people really grow

Transformational Discipleship describes the process that brings to life that kind of person described in the Bible There's no magic formula or mantra to recite here but rather a substantive measure of research with churches and individuals who have wholeheartedly answered the call of Jesus to make disciples A compilation of their wisdom and stories it surely guides church leaders and members to practice the intentional efforts needed to foster an entire culture in which people grow in Christian faith And they will grow not because of human research but by the power of the Word and of the Holy Spirit working through the church the same way disciples have always been made When the people of God engage in the mission of God through the Spirit of God lives are transformed

Transformational Discipleship Eric Geiger, Michael Kelley, Philip Nation, 2012-06 A broadly experienced trio of rising church leaders share substantive research on churches and individuals that will help readers foster a culture wherein people intentionally grow in their Christian faith *The Message of Discipleship* Peter Morden, 2018-11-15 Soon after Jesus began his public ministry he called his first disciples He would teach and train them and then after his death and resurrection commission and empower them to go to the nations to make more followers The risen Jesus is still calling and sending people today If we heed his call the result can be just as transformative and exciting as it was for the first disciples While there are no explicit occurrences of the term disciple outside the Gospels and Acts with only two further biblical references to followers of Jesus it is Peter Morden's conviction that we need the entire Bible if we are going to be whole life disciples He reflects on Scripture and asks How do we live as committed disciples of Jesus today He explores the foundations resources and practice of discipleship in a range of Old and New Testament texts The result is a well rounded and satisfying picture of Christian discipleship one that is wonderfully attractive as well as deeply challenging With a fully integrated study guide suitable for both individuals and groups *The Message of Discipleship* will help you to see how the Bible's unified teaching on this vital theme can impact your life today *The Bible Speaks Today* series covers every book of the Old and New Testaments as well as Bible themes that run through the whole of Scripture

Transformational Groups Ed Stetzer, Eric Geiger, 2014 God declared through the Apostle Paul that the church would be a place of transformation In 2 Corinthians 5:17 we find Therefore if anyone is in Christ he is a new creation old things have passed away and look new things have come Despite this the church seems increasingly to be a place where transformation fails to occur Surveying the landscape however there are some bright spots where churches are faithfully producing transformed disciples Furthermore as shown in Scripture and supported by new research God designed such transformation to often happen in the context of smaller groups of people But what characteristics are true of churches that are making transformed

disciples through group based ministry whether small groups missional communities Sunday school or some other expression of groups In *Transformational Groups* Ed Stetzer and Eric Geiger have created a new scorecard that will provide a map to transformational success for your church s groups ministry Using data from the largest survey of pastors and laypersons ever done on the condition of groups in the church they define a simple process to lead your groups from where they are to where God wants them to be

Following Jesus Phillip C. Thrailkill,2022-10-17 Two questions are braided together in Luke s Gospel Who is Jesus and what does it mean to be his student and apprentice The church has spent much of its intellectual energies on the first question but not so much on the second We are precise in our Christology and vague in our Discipleology my new word Of the four biographies that open the New Testament Luke is perhaps the best equipped to answer the question of what it means to follow Jesus along with others and what we can expect in the process Luke s Gospel is dense with story after story about Jesus s stumbling goofy persistent disciples And his second volume Acts continues the tale There is a deep continuity as Luke teaches between Jesus s original disciples and the ones who later declared their allegiance to him after his resurrection We walk in the footsteps of pioneers in this new way of living with a Jesus who is always near but just beyond sight The aim of this book is to plunder the fruits of New Testament scholarship especially the tools of rhetorical and narrative criticism to highlight what an incredible adventure came with the call to follow me

No Silver Bullets Daniel Im,2017-09-01 What if I told you that you were only one step away from unlocking new levels of maturity and growth in your church The myth of the silver bullet still exists because we desperately want it to We all prefer quick fixes and bandage solutions to the long hard slow work that produces real change So the moment we learn about a new ministry or strategy and see its effect in another church we run to implement it in our own Unfortunately this impulse is usually met by opposition skepticism and ultimately rejection What if the solution isn t a new model or a complicated strategy but a shift in perspective What if you could keep your church s current vision values and model and simply make a few micro shifts leading to macro changes This book explores five micro shifts that have the potential to produce macro changes in your church As you read you will discover how to integrate these micro shifts into the life of your church starting with the way you disciple You will finish by developing a plan to structure communicate and evaluate these changes to ensure that they take root and pave the way for lasting change and kingdom impact

Deep Discipleship J.T. English,2020-09-29 Everyone is being discipled The question is what is discipling us The majority of Christians today are being discipled by popular media flashy events and folk theology because churches have neglected their responsibility to make disciples But the church is not a secondary platform in the mission of God it is the primary platform God uses to grow people into the image of Jesus Therefore as church leaders it is our primary responsibility to establish environments and relationships where people can be trained grow and be sent as disciples There are three indispensable elements of discipleship Learning to participate in the biblical story the Bible Growing in our confession of who God is and who we are theology Regularly participating in private and corporate intentional action spiritual disciplines Deep Discipleship equips churches to reclaim the responsibility of discipling people at any point on their journey

Counting People in Richard Thomas,2003 Many people count themselves as Christian today yet do not necessarily attend church regularly So what makes a Christian Do you have to go to church regularly Do have to be baptized Do you have to understand and believe certain doctrines The author reminds us that Jesus did not intend to create a loyal band of church goers but to transform and enrich the whole of society He questions the fact that the church spends such a large proportion of its resources on those that already go to church and explores new ways of belonging such as internet churches

Authentic Transformation Glen Harold Stassen, Diane M. Yeager, John Howard Yoder, 1996 The study of Christian ethics in North America has been profoundly influenced during this century by the work of H Richard Niebuhr That influence is felt nowhere as keenly as in the widespread use of his classic text Christ and Culture Yet certain central flaws exist in Niebuhr's work on Christ and culture particularly in its lack of concrete norms for the church's transformative engagement with the world Scholars have long realized that further work must be done in this area if the church is to speak the word of the gospel adequately in the midst of a pluralistic and changing culture In this book Glen H Stassen D M Yeager and John Howard Yoder push Christian ethical reflection beyond Niebuhr by offering an analysis and critique of Niebuhr's well known fivefold typology of the relation of Christ to culture They wrestle with the issue of how the actual working church goes about being an agent of the transformation of culture Unlike Niebuhr whose description of the transformationist ideal had little grounding in the concrete existence of the church the authors reflect on those practices through which congregations seek both to embody faithfulness to Jesus Christ and to be the church in their culture As a prologue to this analytical and constructive task the volume contains a previously unpublished essay by H Richard Niebuhr Types of Christian Ethics in which he laid out the framework of the typology he would later expand in Christ and Culture **Emotionally Healthy Discipleship** Peter
