Transforming Leadership Jesus Way Of Creating Vision Shaping Values And Empowering Change:

Transforming Leadership Leighton Ford,1991 Given our all too human feelings of inadequacy Leighton Ford writes how can Jesus be taken as our leadership model If he is unique if he is the Son of God does that not put him in a category which is light years beyond us And what relevance can a leader like that have for us In this inspiring book Ford recognizes the doubts and weaknesses of leaders as well as their strengths and confidences He does not saddle already overburdened leaders with another set of impossibly demanding tasks Instead he calls his readers to recognize the unique and refreshing vision of leadership modeled by Jesus Ford insists that Jesus model of leadership does not paralyze but empowers When I have false ideas of my strength Jesus Christ exposes my incompetence he writes When I feel totally beyond my depth he provides for me God s enabling power This is not another leadership how to manual It is a book for leaders who want to look anew and thoroughly at the powerful ministry of Jesus Only so will they become leaders who create vision shape values and empower change

Transforming leadership Leighton Ford,1994 **The Five Phases of Leadership** Justyn Terry,2021-05-10 The Five Phases of Leadership is a book written by a practitioner for practitioners Organized around five stages of leadership establishing trust cultivating leaders discerning vision implementing plans and transitioning out this book offers an overview of the leadership life cycle from a distinctively Christian perspective Dr Justyn Terry draws on over twenty years of leadership experience in seminaries and churches to offer practical insight into a leader s role Rather than focusing primarily on leadership styles or skills this book demonstrates why those skills matter in context By focusing on a leader s overall task Dr Terry offers a vision of leadership that draws together its disparate elements into a unified whole

Levite Praise Cheryl Wilson-Bridges,2013-01-09 Levite Praise delves deeply into the Scriptures to help worship leaders and worshipers develop a full understanding of what it means to direct and take part in God s perfect model for praise and worship It addresses the differences of opinion on the topic and offers biblical counsel with regard to how praise and worship should be carried out and how its leadership should be organized *Living in Tension, 2 Volume Set* Douglas D.

Webster,2012-08-13 If you have picked up this book chances are you are a committed follower of Christ Like many searching Christians you are tired of religious busywork and showy piety You long for authentic worship and meaningful service You came to Christ with deep expectations of transformation and service but those passions have been starved by shallow theology and superficial relationships You are looking for something more You are ready to sink your mind into what the Bible says about the call of God the priesthood of all believers and what it means to live for Christ and his kingdom The two volume *Living in Tension* offers in depth spiritual direction on the crucial issues shaping a theology of ministry This is not a book for pastors only Webster intentionally blurs the distinction between pastor and congregation This book is for all believers who take God s call to salvation service sacrifice and simplicity seriously *Living in Tension* provides need to know insights for every congregation Pastors will find that this passionate and practical theology translates well into their own

lives and into the life of the church *7 Lessons for New Pastors, Second Edition* Matthew D. Kim, 2020-12-17 In *7 Lessons for New Pastors* leading author Matthew D Kim gives seminarians and new pastors a behind the scenes look at the life of a pastor Drawing on his own experience as a senior pastor and the wisdom of seasoned pastors Kim seeks to prepare future ministers mentally emotionally physically relationally and spiritually for the first year so that it can be a solid foundation for a lifetime of effective ministry Both new and experienced pastors will profit from reading this book This second edition is revised and expanded including questions for personal or group reflection and two bonus mini lessons **Leadership Training in the Hands of the Church** Joseph Nehemiah, 2020-12-31 The church is a contextualized reality and if it is to flourish its leaders must be raised up to serve their own communities Yet our very techniques for teaching and learning are culturally defined If the church is to be effective in developing the leaders it needs our approach to training must be informed by its local context In this immensely practical text Joseph Nehemiah combines sound pedagogical research with rich cultural insight to provide a framework for training leaders in an Arab context Examining principles of adult education in light of Arab cultural dynamics Nehemiah offers a paradigm for experiential learning that is biblically rooted and contextually appropriate Informed by the experience of professors in the Arab Gulf along with extensive interviews from local church leaders *Leadership Training in the Hands of the Church* seeks to place the development teaching and training of leaders into the hands of the local church **Almost a Mormon** Adam Dommeyer, 2018-05-03 One family vacation to Utah back in 2002 changed Adams entire summer One Mormon girl in his 9th grade English class altered his path over the following year One book changed his outlook on faith One true church had him hooked Suddenly one unexpected dream from God transformed the course of his entire life Join Adam on his quest from Mormonism to the one true Faith Christianity and youll soon realize your own story is about to unfold before your very eyes Youre about to meet and encounter the One True God **Ecclesial Leadership as Friendship** Chloe Lynch, 2019-03-01 When it comes to talking about the activity of directing the church the language of leadership and leaders is increasingly popular Yet what is leadership and how might theological narratives better resource the discourse and practice of leadership in ecclesial contexts In identifying and critiquing managerialism as a dominant narrative of leadership in the Western church this book calls for an alternative approach founded on the concept of friendship Engaging with the wider field of leadership studies the book establishes an understanding of leadership activity and brings it into conversation with an incarnational ecclesiology The result is a prophetic reimagining of ecclesial leadership in terms of a relational kenotic praxis This praxis of mutuality and love is framed here in the rich language of Christian friendship The book also wrestles deeply with the embodiment of such a praxis making explicit the power behaviours typical of friendship leadership and offering constructive guidance for practitioners in the task of implementation within a complex and fractured world This book offers a new vision of the centrality of friendship to leadership of a healthy church community As such it will be of great use to scholars of practical theology ecclesiology and leadership as well as practitioners in church

ministry **Governance and Christian Higher Education in the African Context** David K. Ngaruiya, Rodney L. Reed, 2019-02-14 Integrity pastoral care and authority lie at the heart of Christian leadership and indeed following Jesus in any capacity and they are also critical in state governance and Christian higher education The articles in this book the product of the 2017 conference of the Africa Society of Evangelical Theology address these themes and other topics relating to the spheres of government and education in Africa to enhance our understanding of the challenges faced in African contexts A wide range of Christian scholar leaders provide a way forward for other church and institutional leaders who are seeking to faithfully fulfill their responsibilities of stewardship and instruction Corruption civil disobedience good governance and formation of Christian leaders are matters that are becoming increasingly relevant not only in many African countries but across the world and this book is a valuable resource for thoughtful reflection and guidance on these important subjects
