Being Heard: Healing Voices of Trauma Vera Stasny,2021-03-28 This collection of deeply introspective poems reflects Vera s inner voice in response to her unrecognized and unfelt personal traumas and shocks She writes about loss pain joy love fear memories and death The poems written over a four year period emerged from moments of silence They give voice to that which otherwise might remain lost or hidden They reflect her previously unexpressed emotions underlying life s traumatic experiences The voices within compelled her to bring them forth on her healing journey A debut collection details the the way poetry can transform pain into hope and healing The author is particularly good at demonstrating the way in which psychic pain lodges in the body how mental strife has physical effect She makes readers feel the shortness of her breath and the churning in her gut But even in such struggle there is hope and her verse also testifies to the possibility of recovery Her moving book is an invitation a well one those suffering from trauma would do well to accept Touching poems that show reader both the storm and the calm that can follow Kirkus Review of Books A soulful well written and sincere narrative uniting us all in our common vulnerability The collection can be easily read in any order each entry connected and yet able to stand alone The writing speaks openly from one heart to another leaving you in a better place at the end of the journey Kathryn Castelli

thoughts of suicide ideation I had constant intrusive thoughts of hurting myself The stages of a trauma bond looped on a reel I began to live for the moments that he did act like he loved me It became an addiction like a high and I always believed if I just did everything right this time things would change Eventually I started to confide in others and began realizing what my life had become I knew I had to get out It took me several attempts but I never gave up until I was free I m not proud of all the things I did but just asking him to leave did not work While I am not proud I am also not ashamed I don t live with any regrets on how I choose to fight for myself I wrote this for me I wrote this for you I wrote this because all these thoughts needed a place to reside This book is their graveyard Ghosts of unwanted memories fill these pages Ghosts that still escape and haunt me as I suspect they always will I ve made peace with this because I know the trauma bond has been severed beyond repair Knowing it can be over is reason enough for you to leave *Trauma, Primitivism and the First World War* Joy

Janzen,2019-08-02 A theoretical and exegetical exploration of trauma in the Hebrew Bible David Janzen discusses the concepts of history and trauma and contrasts the ways historians and trauma survivors grapple with traumatic events a contrast embodied in the very different ways the books of Kings and Lamentations react to the destruction of Jerusalem Janzen s study warns that explanations in histories will tend to silence the voices of trauma survivors and it challenges traditional approaches that sometimes portray the explanations of traumatic events in biblical literature as therapeutic for victims Features Exploration of history as a narrative explanation that creates a past readers can recognize to be true
