Entrepreneuriat en RD Congo Charles Kutu Mondonga, 2024-10-09 L'entrepreneuriat suscite beaucoup d'intérêt et anime ces dernières années le microcosme économique financier international en général et national en particulier Du point de vue socio-économique il apparaît de plus en plus prépondérant comme un des moyens de lutte contre la pauvreté et comme une des pistes pour encourager le développement En effet la théorie sur la croissance économique voit l'entrepreneuriat comme la clé de l'investissement en augmentant les capacités de production Or l'investissement agit simultanément du côté de l'offre et de la demande dans l'équation de la croissance Si l'apport de l'entrepreneuriat dans la croissance peut être suffisamment mis en exergue cela contribuerait à développer des politiques publiques encourageant ce phénomène Au niveau de la RD Congo il s'agit d'en déterminer spécifiquement les enjeux et les perspectives
