The Lost World Arthur Conan Doyle, 2020-12-18 The Lost World It s London 1907 Journalist Edward Malone rejected by the girl he loves because he s as well prosaic decides to proceed in search of experience and fame to show himself worth her Immediately after he meets Professor George Challenger a scientist who statements to possess discovered a lost globe populated by pterodactyls along with other prehistoric monsters *The Lost World (Annotated)* Sir Arthur Conan Doyle, 2020-12-21 The Lost World is a novel released in 1912 Arthur Conan Doyle concerning an expedition to a plateau in South America where prehistoric animals dinosaurs and other extinct creatures still survive The character **The Lost World (Annotated)** Arthur Conan Doyle, 2018 This is an annotated version of the book 1 contains an updated biography of the author at the end of the book for a better understanding of the text 2 This book has been checked and corrected for spelling errors Mr Hungerton her father really was the most tactless person upon earth a fluffy feathery untidy cockatoo of a man perfectly good natured but absolutely centered upon his own silly self If anything could have driven me from Gladys it would have been the thought of such a father in law I am convinced that he really believed in his heart that I came round to the Chestnuts three days a week for the pleasure of his company and very especially to hear his views upon bimetallism a subject upon which he was by way of being an authority For an hour or more that evening I listened to his monotonous chirrup about bad money driving out good the token value of silver the depreciation of the rupee and the true standards of exchange Suppose he cried with feeble violence that all the debts in the world were called up simultaneously and immediate payment insisted upon what under our present conditions would happen then I gave the self evident answer that I should be a ruined man upon which he jumped from his chair reproved me for my habitual levity which made it impossible for him to discuss any reasonable subject in my presence and bounced off out of the room to dress for a Masonic meeting At last I was alone with Gladys and the moment of Fate had come All that evening I had felt like the soldier who awaits the signal which will send him on a forlorn hope hope of victory and fear of repulse alternating in his mind She sat with that proud delicate profile of hers outlined against the red curtain How beautiful she was And yet how aloof We had been friends quite good friends but never could I get beyond the same comradeship which I might have established with one of my fellow reporters upon the Gazette perfectly frank perfectly kindly and perfectly unsexual My instincts are all against a woman being too frank and at her ease with me It is no compliment to a man Where the real sex feeling begins timidity and distrust are its companions heritage from old wicked days when love and violence went often hand in hand The bent head the averted eye the faltering voice the wincing figure these and not the unshrinking gaze and frank reply are the true signals of passion Even in my short life I had learned as much as that or had inherited it in that race memory which we call instinct Gladys was full of every womanly quality Some judged her to be cold and hard but such a thought was treason That delicately bronzed skin almost oriental in its coloring that raven hair the large liquid eyes the full but exquisite lips all the stigmata of passion were

there But I was sadly conscious that up to now I had never found the secret of drawing it forth However come what might I should have done with suspense and bring matters to a head to night She could but refuse me and better be a repulsed lover than an accepted brother So far my thoughts had carried me and I was about to break the long and uneasy silence when two critical dark eyes looked round at me and the proud head was shaken in smiling reproof I have a presentiment that you are going to propose Ned I do wish you wouldn't for things are so much nicer as they are *The Lost World by Arthur Conan Doyle Annotated* Sir Arthur Conan Doyle,2020-07-12 The novel opens with Edward Malone Ned finding his declarations of love rejected by Gladys for she can only love a heroic man Malone a newspaper reporter has been assigned to write an article on professor Challenger who has returned from South America with unbelievable stories of prehistoric life in a remote location in the Amazon The scientific community in London thinks Challenger is a fraud so the professor plans a new excursion to bring back concrete evidence of his claims He asks for volunteers to join him and Malone steps forward in hopes the trip will prove his heroic nature to Gladys They will also be joined by the wealthy adventurer Lord John Roxton and the skeptical professor Summerlee who hopes to prove Challenger truly is a fraud After a dangerous journey up the rivers and through the forests of the Amazon the four adventurers arrive at the massive plateau where they soon encounter a pterodactyl forcing Summerlee to admit that Challenger had been telling the truth The plateau itself appears impossible to climb but the party finds an adjacent pinnacle that they ascend and they then fell a tree to create a bridge over to the plateau Through the treachery of one of their porters who holds a grudge against Lord Roxton their makeshift bridge is soon destroyed and the four men find themselves trapped on the plateau **When the World Screamed (Annotated)** Arthur Conan Doyle,2016-01-21 I had a vague recollection of having heard my friend Edward Malone of the Gazette speak of Professor Challenger with whom he had been associated in some remarkable adventures I am so busy however with my own profession and my firm has been so overtaxed with orders that I know little of what is going on in the world outside my own special interests My general recollection was that Challenger has been depicted as a wild genius of a violent and intolerant disposition The Lost World Annotated Sir Arthur Conan Doyle,2020-08-20 The Lost World is a science fiction novel by British writer Arthur Conan Doyle published in 1912 concerning an expedition to a plateau in the Amazon basin of South America where prehistoric animals still survive It was originally published serially in the Strand Magazine and illustrated by New Zealand born artist Harry Rountree during the months of April November 1912 The character of Professor Challenger was introduced in this book The novel also describes a war between indigenous people and a vicious tribe of ape like creatures **The Lost World** Arthur Conan Doyle,2019-09-27 Size 6 x 9 inch Cover Soft matte cover Great size to carry everywhere in your bag for work high school college Makes a great Christmas birthday graduation or beginning of the school year gift for Women and Girls **The Lost World** Sir Arthur Conan Doyle, Sir,2019-07-13 The Lost World is a novel released in 1912 by Arthur Conan Doyle concerning an expedition to a plateau in South America where prehistoric animals
