The Confident Woman Marjorie Hansen Shaevitz, 2001-06-26. How Confident Are You? Marjorie Hansen Shaevitz has won national awards for her work in women's health and has enjoyed the success some people only dream of: a prosperous professional life, a long happy marriage, two Stanford-educated children, and a bestselling book, *The Superwoman Syndrome*, which coined a term for a generation of women. Despite all of her accomplishments, however, she struggled with the issue of confidence. After conducting extensive research, she found that she was far from alone. Many women experience the paradox of enjoying success in their business and personal lives while lacking confidence in themselves. *The Confident Woman* focuses on the issues that women face in growing up as girls in this society. Using a series of seven steps, complete with techniques and questions, Shaevitz presents an accessible and proven program that helps women regain their confidence. It is written for women of all ages, ending with an epilogue for mothers who want practical tips for raising confident daughters. In clear, concise prose filled with anecdotes and humor, *The Confident Woman* focuses on what women say they want: practical advice that they can use now.

A New Companion to Victorian Literature and Culture Herbert F. Tucker, 2014-02-14. A NEW COMPANION TO VICTORIAN LITERATURE AND CULTURE. The Victorian period was a time of rapid cultural change which resulted in a huge and varied literary output. *A New Companion to Victorian Literature and Culture* offers experienced guidance to the literature of nineteenth-century Britain and its social and historical context. This revised and expanded edition comprises contributions from over 30 leading scholars who, approaching the Victorian epoch from different positions and traditions, delve into the unruly complexities of the Victorian imagination. Divided into five parts, this new Companion surveys seven decades of history before examining the key phases in a Victorian life: the leading professions and walks of life; the major literary genres; the way Victorians defined their persons, homes, and national identity; and how recent neo-Victorian developments in contemporary culture reconfigure the sense we make of the past today. Important topics such as sexuality, denominational faith, social class, and global empire inform each chapter's approach. Each chapter provides a comprehensive bibliography of established and emerging scholarship.
