Transformative Curriculum Leadership James George Henderson, Rosemary Gornik, 2007 Grounded in extensive professional experiences this text advances a type of curriculum problem solving leadership consistent with the ideals of democratic society The new organization of this edition makes the ideas within this text accessible practical and realistic and offers practitioners detailed guidance on how to cultivate systemic problem solving and sophisticated curriculum decision making in their own school environments BOOK JACKET

Encyclopedia of Curriculum Studies Craig Kridel, 2010-02-16 The Encyclopedia of Curriculum Studies provides a comprehensive introduction to the academic field of curriculum studies for the scholar student teacher and administrator The study of curriculum beginning in the early 20th century served primarily the areas of school administration and teaching and was seen as a method to design and develop programs of study The field subsequently expanded to draw upon disciplines from the arts humanities and social sciences and to examine larger educational forces and their effects upon the individual society and conceptions of knowledge Curriculum studies has now emerged to embrace an expansive and contested conception of academic scholarship while focusing upon a diverse and complex dynamic among educational experiences practices settings actions and theories in relation to personal and institutional needs and interests The Encyclopedia of Curriculum Studies serves to inform and to introduce terms events documents biographies and concepts to assist the reader in understanding aspects of this rapidly changing field of study Representative topics include Origins definitions dimensions and variations on Curriculum Studies Curriculum development and design for schools Curricular purpose implementation and evaluation Contemporary issues e g standards tests and accountability Curricular dimensions of teaching and teacher education Interdisciplinary perspectives on institutionalized curriculum Informal curricula of homes mass media workplaces organizations and relationships Impact of race class gender health belief appearance place ethnicity language Relationships of curriculum and poverty wealth and related factors Modes of curriculum inquiry and research Curriculum as cultural studies exploring the formation of identities and possibilities Corporate state church and military influence as curriculum Global and international perspectives on curriculum Curriculum organizations journals and resources Summaries of books and articles on curriculum studies Biographic vignettes of key persons in curriculum studies Relevant photographs

Back to the Future Maria Assunção Flores, Ana Amélia Carvalho, Fernando Ilídio Ferreira, Maria Teresa Vilaça, 2013-06-13 Schools and teachers are facing various challenges in a rapidly changing world In such circumstances discussing and sharing concerns of mutual interest regarding policy practice and research is crucial to creating more sophisticated understandings of the various challenges as a first step in the improvement of education While the future should not be imprisoned in the past the past does provide valuable lessons that will undergo new iterations in constructing the future The future will be multi faceted and complex and the different chapters included in this book are intended to provide important contributions from which to build the future of education The

different chapters provide readers with international perspectives frameworks and empirical evidence of legacies continuities and changes in educational policy practice and research in teaching teacher education and learning We hope that they inspire the readers to build the future and to change their own professional realities Cheryl J Craig Ph D Professor University of Houston Houston TX USA Secretary ISATT This book metaphorically captures the looking backward to the past pressing forward to the future that typically takes place on celebratory occasions It causes us to pause and remember even as we race toward a time unknown to us In a sense the authors featured in this book serve as tour guides pointing out legacies continuities and changes in teaching and teacher education I strongly urge readers not only to peruse the chapters that follow but to distill them to their essences and to glean what is of value to be learned from them In conclusion the ISATT Executive especially thanks the co editors of this volume who have compiled a superb collection of chapters on a timely and relevant topic

Cultures of Curriculum Pamela Bolotin Joseph, 2011-05-20 Using cultures of curriculum as a lens this clear compelling text reveals and critically examines the belief systems and classroom practices of curricular orientations in contemporary American society It is designed to foster awareness examination and deliberation about the curricula planned for and carried out in classrooms and schools to inspire conversations about theory and practice as well as political social and moral issues and to expand critical consciousness about approaches to curriculum and practice Readers are encouraged to give serious attention to the issues this book raises for them and to join with their colleagues students and communities in considering how to create curricula with purpose and congruent practices and to reculture classrooms and schools A framework of inquiry is presented to facilitate such reflection and to accomplish these goals Cultures of Curriculum Second Edition Introduces the field of curriculum studies by describing theories and questions pertinent to curriculum inquiry Describes the process of curriculum leadership drawing from historical and contemporary research on curriculum change and transformation Presents the concept of cultures of curriculum as a way of thinking of curriculum as cultural text encompassing histories norms beliefs values roles and environments Connects theory to practice by describing curricular orientations as depicted in practice providing educators with approaches to instruction planning and assessment for creating intentional practices in classrooms and schools Uses a heuristic that helps educators to understand curricular orientations examine curriculum in classrooms and schools and reflect upon their own beliefs and practices Integrates moral and political discourse into discussions of curriculum orientations so that educators can recognize question and challenge aims and actions by examining dominant paradigms and both their direct and unforeseeable influences upon schooling Changes in the second edition Four new chapters Narrowing the Curriculum current trends of standardization and high stakes testing Educating Through Occupations Deweyan progressive and career technical education Sustaining Indigenous Traditions Native American indigenous education Envisioning Peace peace global human rights environmental education Updates and pertinent scholarship in all chapters reflecting recent events and discourses Curricular cultures all are examples of
