Tracking Universal Health Coverage Monitoring:

Tracking Universal Health Coverage World Health Organization, 2015-07-21 This report is the first of its kind to measure health service coverage and financial protection to assess countries progress towards universal health coverage It shows that at least 400 million people do not have access to one or more essential health services and 6% of people in low and middle income countries are tipped into or pushed further into extreme poverty because of health spending Universal health coverage UHC means that all people receive the quality essential health services they need without being exposed to financial hardship A significant number of countries at all levels of development are embracing the goal of UHC as the right thing to do for their citizens It is a powerful social equalizer and contributes to social cohesion and stability Every country has the potential to improve the performance of its health system in the main dimensions of UHC coverage of quality services and financial protection for all Priorities strategies and implementation plans for UHC will differ from one country to another Enhanced and expanded monitoring of health under the Sustainable Development Goals SDGs should seek to build on that experience sharpening our focus on the key health service and financial protection interventions that underpin UHC Effective UHC tracking is central to achieving the global goals for poverty alleviation and health improvement set by the World Bank Group and WHO Without it policymakers and decision takers cannot say exactly where they are or set a course for where they want to go They cannot know whether they are focussing their efforts in the right areas or whether their efforts are making a difference Monitoring is thus fundamental to the achievement of UHC objectives It will also be vital to the realization of the SDGs This report is a critical step to show how monitoring progress can be done telling us what the state of coverage of interventions and financial protection is and telling us where to focus most **Tracking universal health coverage**

The World Bank, World Health Organization, 2023-11-14 The world is off track to make significant progress towards universal health coverage UHC SDG target 3.8 by 2030 as improvements to health services coverage have stagnated since 2015 and the proportion of the population that faced catastrophic levels of out of pocket OOP health spending has increased

Tracking universal health coverage World Health Organization, The World Bank, 2023-11-07 **Tracking universal health coverage: 2021 global monitoring report** World Health Organization, The World Bank, 2021-12-12 The Tracking Universal Health Coverage 2021 Global Monitoring Report by the World Health Organization and the World Bank provides a comprehensive overview of the progress towards universal health coverage UHC globally It evaluates key Sustainable Development Goal indicators related to health service coverage and financial hardship from healthcare costs The report highlights trends inequalities and the impact of the COVID 19 pandemic on health services It aims to inform policymakers healthcare professionals and international organizations on the state of UHC and offers insights into improving health systems The intended audience includes researchers policy analysts and public health officials Tracking universal health coverage: 2021 global monitoring report. Tracking Universal Health Coverage Weltbank, World Health Organization, 2017 A number the 17 Sustainable Development Goals SDGs adopted by the United Nations General Assembly in September 2015 have targets that relate to health However one goal SDG3 focuses specifically on ensuring healthy lives and promoting well being for all at all ages Target 3.8 of SDG3 achieving universal health coverage UHC including financial risk protection access to quality essential health care services and access to safe effective quality and affordable essential medicines and vaccines for all is the key to attaining the entire goal as well as the health related targets of other SDGs

The Road to Universal Health Coverage Jeffrey L. Sturchio, Ilona Kickbusch, Louis Galambos, 2019-01-15 How can countries chart their own course toward universal health coverage Like many ambitious global goals universal health coverage UHC remains an aspiration for many countries The World Health Organization estimates that half the world's population lacks access to basic health services Moreover this already staggering number masks inequities that exist between and within countries gaps between rich and poor men and women young and old and among people of different ethnic backgrounds UHC promises to give all people greater access to higher quality health services without the fear of financial hardship But the task of turning this vision into reality poses a significant challenge for countries at all stages of economic development In *The Road to Universal Health Coverage* Jeffrey L. Sturchio Ilona Kickbusch Louis Galambos and their contributors explore the ways in which the private sector is already helping countries achieve universal health coverage Stressing the many positive aspects of UHC developments the book focuses on the new health economy and the sometimes controversial dimensions of the private sector helping countries achieve UHC Theoretical chapters are complemented by a series of case studies that explore the myriad ways in which private sector actors are already addressing UHC What are the conditions required for countries to translate their successful experiences and policy promises into practical results for improved population health In answering this question the contributors examine the relationship between health employment and economic growth They also analyze the critical success factors for private sector engagement in UHC the role of healthy women in creating and sustaining healthy economies and the role of the pharmaceutical sector Looking to the political economic and social implications of moving from aspiration to implementation *The Road to Universal Health Coverage* points the way to the many opportunities ahead as companies continue to work with governments and civil society partners to help achieve UHC Jean Louise Arcand Hector Arreola Ornelas Nathan J Blanchet Christine Bugos Jim Campbell John Campbell Jr Ibadat Dhillon Donika Dimovska Christian Franz Michael Furst Louis Galambos Belén Garijo Adeel Ishtiaq Sowmya Kadandale Ilona Kickbusch Felicia Marie Knaul Jeremy Lauer Robert Marten Justin McCarthy Harald Nusser K Srinath Reddy Yasmine Rouai Jeffrey L Sturchio Cicely Thomas Tana Wuliji Snow Yang Pascal Zurn

Global monitoring report on financial protection in health 2021 World Health Organization, World Bank, 2021-12-10 The 2021 Global monitoring report on financial protection in health shows that before the COVID 19 pandemic the world was off track to reduce financial hardship due to health expenditures because

trends in catastrophic health spending were going in the wrong direction and the number of people incurring impoverishing health spending remained unacceptably high Chapter 1 Chapter 2 summarizes emerging evidence on the consequence of the pandemic and the related macroeconomic and fiscal crisis that points to the likely worsening of financial protection for households particularly as a result of declining income and consumption along with rising poverty and inequality

Evaluation of the WHO Special Programme on Primary Health Care World Health Organization,2025-07-25 The evaluation covers the period January 2020 to August 2023 The geographical scope of the evaluation has involved the three levels of WHO global regional and country levels and external key partners The programmatic evaluation scope was concerned with assessing the SP PHC in the following areas evaluation criteria relevance coherence effectiveness efficiency added value sustainability and equity gender and human rights considerations The evaluation did not assess the Universal Health Coverage Partnership UHC P as it has its own separate governing body and reviews evaluations but instead considered how the SP PHC had enhanced the value of the UHC P and vice versa The resilience and essential public health functions REPHF team and Systems Governance and Stewardship SGS were also not within the scope of this evaluation However these workstreams were considered in the wider conclusions and recommendations for the SP PHC as appropriate Finally the evaluation was focused on the SP PHC its scope did not include assessing the configuration and capacity of WHO departments and functions as they relate to UHC and health systems Making Health Systems Work in Low and Middle Income Countries Sameen Siddiqi, Awad Mataria, Katherine D. Rouleau, Meesha Iqbal, 2022-12-29 The importance of health systems has been reinforced by the commitment of Low and Middle Income Countries L faculties of public health and population sciences policymakers managers and health professionals working for governments civil society organizations and development agencies in health **Universal health coverage partnership annual report 2020** ,2022-04-05

Assessing Universal Health Coverage for Breast Cancer Management Professor Dr Syed Mohamed Aljunid, Dr Aidalina Binti Mahmud, 2021-04-06 Breast cancer is the most common cancer among women that affects mostly those in middle and older age groups in most parts of the world The incidence is showing an increasing trend affecting younger women and the cost to prevent treat and manage this chronic disease is continuously escalating Universal Health Coverage UHC is an initiative by World Health Organisation that encourages policy makers in all countries in the world to organise their health systems that are responsive in providing access to quality health care to every citizen in need of health services without facing the financial hardship Malaysia health system has been well developed and was said to have achieved universal health coverage based on the easy access to primary and secondary health care services in the public sector In this book we present our effort to assess if Malaysia provides UHC for preventive curative and palliative to breast cancer patients At the inception of the study we embarked on the development of a composite index to assess the overall status of UHC This is followed by an extensive research to explore the extent of financial coverage for management of breast cancer Over 300 patients in various

stages of the breast cancer attending the selected public tertiary hospitals were interviewed and their medical records reviewed to assess their health spending and to estimate the incidence of catastrophic health expenditure The book is the first of its kind that provides comprehensive real world data on universal coverage for breast cancer patients in the world

Global monitoring report on financial protection in health 2019, 2019-09-22 Over the past two decades the World Health Organization WHO and the World Bank have been tracking financial protection using household survey data to compare how much people spend out of pocket on health care with their household's ability to pay For the first time this joint report establishes global and regional 2015 baselines for an SDG indicator of catastrophic health spending and infers from previous trends the challenges to come in protecting people from the financial consequences of paying out of pocket for the health services they need **Towards equitable health systems for universal health coverage (UHC) in sub-saharan africa**

Tracking Universal Health Coverage Monitoring Introduction

In the digital age, access to information has become easier than ever before. The ability to download Tracking Universal Health Coverage Monitoring has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Tracking Universal Health Coverage Monitoring has opened up a world of possibilities. Downloading Tracking Universal Health Coverage Monitoring provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Tracking Universal Health Coverage Monitoring has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Tracking Universal Health Coverage Monitoring. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Tracking Universal Health Coverage Monitoring. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Tracking Universal Health Coverage Monitoring, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Tracking Universal Health Coverage Monitoring has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By

doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
