Calculations of the results are performed based on the actual results without rounding off. The strategy shows a good technical result for the EUR/USD pair in May equal to about 300% of the initial deposit. The study of the GBP/USD pair will help readers understand the importance of determining

periods of market uncertainty in a timely fashion To demonstrate the flexibility of the strategy settings and the formation of short term uncertainty periods the EUR USD pair is shown on five minute charts in one working day on May 31 For nine hours of work the result was approximately 82% of the initial deposit The month following the first book s Trading Code is Open ST Patterns of the Forex and Futures Exchanges publication perfectly demonstrated the possibilities of using the trading system and showed how almost half of the ST Patterns published in this book operate in practice The analysis based on accurate calculations will help traders consolidate the acquired knowledge and to increase their own skills with Structural Target Patterns Over the 18 years I have spent researching dozens of well known as well as not so famous trading systems I have not found any that could demonstrate anything near the results obtained by the ST Patterns trading method during this arbitrarily chosen time interval The trading of the EUR USD currency pair is given as the main example in this book But the algorithm for this trading detailed in this book is also applicable to other currency pairs The ST Trading Strategy is also profitable in the Futures CFD Indices Commodities and other liquid markets Millions of traders are trying to find an effective technical method for analyzing the movement of exchange charts Now it has arrived For more information please visit my website

The Handbook of Exotic Trading Strategies Sofien Kaabar,2019-03-23 What is this book all about You can think of the book as a small encyclopedia of well sorted trading strategies and ideas that are not very well known or addressed to the public The strategies are presented in an easy and clear way so as to make the reader curious about testing them What am I going to gain You will gain exposure to many new techniques strategies pitfalls concepts and conclusions of many types of analyses which will change the way you think about trading and you will find yourself busy experimenting and choosing the strategy that suits you the best How is it organized The order of chapters is not important although reading the introductory chapters of each part is helpful The book is divided into three parts technical analysis sentiment analysis and machine learning The reader depending on her preferences may decide to begin reading at any point in the book What is the bias of this book This book is neutral It does not favor any type of analysis over the others and believes in the usefulness of them all Not only that but we encourage using a mix of strategies to create a strong and healthy trading system What level of knowledge do I need to follow this book Although a basic or a good understanding of trading and the economy is considered very helpful it is not absolutely necessary as every part will begin by an introduction to what we will be discussing and to the basics of the field Also the last chapter includes an introduction to fundamental measures that will help refresh any knowledge about the economy How is this book written The language used is very friendly and will not feature any complex mathematical formulas Intuition and understanding are the main focus and many chapters are not very quantitative therefore no troubles should be encountered while reading through the chapters Some statistical formulas may be presented but in a straight forward way What about the trading results presented in some chapters All back testing results have been conducted on out of sample data exclusively They are presented as gross returns unless instructed otherwise The reader is encouraged

to experiment with them as the field of data and analysis is immense and countless ways of strategizing exist What will I need to be able to replicate and use these strategies For the technical strategies you will only need a trading software that has the basic packages For the sentiment strategies you will most likely be using a spreadsheet As for the machine learning topics you might need to install a Python interpreter in order to enjoy the full experience [The Dr. Stoxx Complete Day-Trading Course](#) Thomas Carr,2015-01-01 The Dr Stoxx Complete Day Trading Course is a step by step instruction manual for how to harness the power of short term moves in stock prices to earn extra income Five of Dr Stoxx s most profitable and easy to use day trading systems are fully explained in this workbook **"The Ultimate Price Action Trading Guide** MD Jakariya Islam Monjil,2024-03-30 Dive into the world of price action trading with confidence using The Ultimate Price Action Trading Guide A Comprehensive A to Z Manual This comprehensive resource covers everything from the basics of price action analysis to advanced strategies for maximizing profits in the financial markets Whether you re a novice trader or an experienced investor looking to refine your skills this guide offers clear explanations practical tips and real world examples to help you master the art of reading price charts and making informed trading decisions With step by step guidance and a thorough exploration of key concepts you ll learn how to identify trends recognize patterns and develop your own customized trading approach Get ready to take your trading to the next level with this indispensable reference [Trading Code Is Open: ST Patterns of the Forex and Futures Exchanges, 100% Profit Per Month, Proven Market Strategy, Robots, Scripts, Alerts](#) Vladimir Poltoratskiy,2017-05-17 The new system of trade based on Structural Target Patterns ST Patterns presented in this book is able to bring a monthly profit equal to 100% or more on average of the deposit amount To be successful in today s Forex and Futures markets most of the knowledge and trading techniques accumulated over the last two centuries are not needed at all The technical portion of a profitable trading system only needs to include the ST Patterns strategy This method of assessing market movements by using target models gives traders clear and unambiguous signals regarding their actions in the present moment The graphic figures presented here build upon each other iteratively to create a clear picture of market conditions Unlike the claims of the most popular technical and fundamental analysis methods the trading system in this book does not predict market behavior I no longer need any predictions about prices because their movements have become obvious to me Following the ST Patterns method managing trading positions becomes simple It took me many years to establish and improve this trading system and now it is ready to be used by you I believe that at the very least this book can save traders time and money You can spend a whole lifetime in search of the Holy Grail but it is possible to solve the problems associated with trading in just a few days The present determines the future Opportunities to use ST patterns are included in the free preview of the first pages of this book For more information please visit website at <https://www.stpatterns.com>
