Venkat Rao, 2021-09-30 This book focuses on the cohering elements across various texts and traditions of India It engages with several significant works from the Sanskrit tradition and emphasizes the need to move beyond colonial and postcolonial engagements with the enduring cultural pasts of India The chapters are grouped in three main parts accented rhythms dispersed mnemoscapes and inventive iterations It addresses questions such as what enabled cultural communication across very divergent geographical temporal locational contexts and among different cultural formations of India over millennia What is this shareable impulse that pulsates across the domains of dance sculpture painting poetry dharma music medicine the lore of rivers and the epics It explains how modern Indian languages and especially their creative and reflective nodes are unthinkable without the intricately woven textures of these interfaces and their responsive receptions This book is of interest to philosophers humanities students researchers and professors as well as people interested in exploring alternatives to European traditions of thought without an alibi      Traditional Chinese Medicine Is An Intangible Science: My Medical Practice And Reflections Of Tcm Boxin Guo, 2018-08-07 This is a collection of essays written by a skilled TCM practitioner with over 40 years of experience The author shares his experiences and reflects on his medical career illustrating in many instances with real life case examples in the hope that the book will inspire and benefit TCM learners The content was previously published in Chinese by China Renmin University Press The book provides three main viewpoints 1 Chinese medicine needs to be accurately positioned to guide professionals in practice 2 The TCM essence of finding a cure with syndrome differentiation and treatment is emphasized 3 Pulse diagnosis is essential when prescribing for a cure      Phenomenological Reflections on Mindfulness in the Buddhist Tradition Erol Čopelj, 2022-06-24 This book offers an original phenomenological description of mindfulness and related phenomena such as concentration sam dhi and the practice of insight vipassan It demonstrates that phenomenological method has the power to reanimate ancient Buddhist texts giving new life to the phenomena at which those texts point Beginning with descriptions of how mindfulness is encountered in everyday pre philosophical life the book moves on to an analysis of how the Pali Nikayas of Theravada Buddhism define mindfulness and the practice of cultivating it It then offers a critique of the contemporary attempts to explain mindfulness as a kind of attention The author argues that mindfulness is not attention nor can it be understood as a mere modification of the attentive process Rather becoming mindful involves a radical shift in perspective According to the author's account being mindful is the feeling of being tuned in to the open horizon which is contrasted with Edmund Husserl's transcendental horizon The book also elucidates the difference between the practice of cultivating mindfulness with the practice of the phenomenological epoch which reveals new possibilities for the practice of phenomenology itself Phenomenological Reflections on Mindfulness in the Buddhist

Tradition will appeal to scholars and advanced students interested in phenomenology Buddhist philosophy and comparative philosophy **Theological Reflection and Education for Ministry** Professor John E Paver, 2013-05-28 A major and continuing problem for theological education and the practice of Christian ministry is how to best achieve a genuine integration between theory and practice theology and experience The key claim of this book is that theological reflection beginning with experience is a method of integration and that pastoral supervision is a vehicle for theological reflection In establishing this claim John Paver demonstrates that the model and method have potential to be a catalyst for reform within theological colleges and seminaries Three different theological reflection models are developed and critiqued in this book and their capacity to be developed in particular contexts is explored This book does not stop at ministry cultural and personal integration but is bold enough to make recommendations for structural integration within the theological institution

Pathway to Freedom David Lewry, 2011-12-28 This manual provides a different perspective to the treatment process it is not a substitute for the main texts of any related organizations such as Alcoholics Anonymous or Narcotics Anonymous The philosophy is to compliment the solid work of the many which came before and to simplify the initial stages and some of the many processes involved Recovery is a challenge for the people directly involved including families and friends of those afflicted by the diseases of alcoholism and addiction whether the addiction is substance or behavior related The substance user drinker or addictive personality has an effect on at least twenty people directly or indirectly related to them I wish you all God speed on this journey which has been granted to me as well by the grace of God Thank you David W Lewry Asian Traditions of Meditation Halvor Eifring, 2016-10-31 Meditation has flourished in different parts of the world ever since the foundations of the great civilizations were laid It played a vital role in the formation of Asian cultures that trace much of their heritage to ancient India and China This volume brings together for the first time studies of the major traditions of Asian meditation as well as material on scientific approaches to meditation It delves deeply into the individual traditions while viewing each of them from a global perspective examining both historical and generic connections between meditative practices from numerous historical periods and different parts of the Eurasian continent It seeks to identify the cultural and historical peculiarities of Asian schools of meditation while recognizing basic features of meditative practice across cultures thereby taking the first step toward a framework for the comparative study of meditation The book accessibly written by scholars from several fields opens with chapters that discuss the definition and classification of meditation These are followed by contributions on Yoga and Tantra which are often subsumed under the broad label of Hinduism Jainism and Sikhism Indian traditions not usually associated with meditation Buddhist approaches found in Southeast Asia Tibet and China and the indigenous Chinese traditions Daoism and Neo Confucianism The final chapter explores recent scientific interest in meditation which despite its Western orientation remains almost exclusively concerned with practices of Asian origin Until a few years ago a major obstacle to the study of specific meditation practices within the traditions explored here

was a widespread scholarly orientation that prioritized doctrinal issues and sociocultural contexts over actual practice The contributors seek to counter this bias and supplement concerns over doctrine and context with the historical study of meditative practice Asian Traditions of Meditation will appeal broadly to readers interested in meditation mindfulness and spirituality and those in the emerging field of contemplative education as well as students and scholars of Asian and religious studies

**Confucian Reflections** Philip J Ivanhoe,2013-06-26 Confucian Reflections Ancient Wisdom for Modern Times is about the early Chinese Confucian classic the Analects Lunyu attributed to the founder of the Confucian tradition Kongzi 551 479 bce and who is more commonly referred to as Confucius in the West Philip J Ivanhoe argues that the Analects is as relevant and important today as it has proven to be over the course of its more than 2000 year history not only for the people who live in East Asian societies but for all human beings The fact that this text has inspired so many talented people for so long across a range of complex creative rich and fascinating cultures offers a strong prima facie reason for thinking that the insights the Analects contains are not bound by either the particular time or cultural context in which the text took shape
