The Philosophical Basis of Theism Samuel Harris, 1883 *The Philosophical Basis of Theism. An Examination of the Personality of Man to Ascertain His Capacity to Know and Serve God, and the Validity of the Principles Underlying the Defence of Theism* Samuel Harris, 2024-02-29 Reprint of the original first published in 1883 *Integral Investing* Mariana Bozesan, 2020-10-09 Today early stage investors and entrepreneurs find themselves in a dilemma in which they must choose between profit and impact between traditional for profit only models on the one hand and multiple bottom line structures with a positive social or environmental impact on the other At a time in which climate change exponentially growing technologies social polarization and looming pandemics are calling into question humanity's priorities this Report to the Club of Rome and the World Academy of Art and Science dissolves this dilemma by proposing a new investment paradigm namely Integral Investing Integral Investing incorporates and transcends the best practices of both traditional venture capital and impact investing It provides a seamless integration and shows how technological progress need not be our rival but can instead be our ally in ensuring the prosperous society we all want Drawing on her own investments and stellar track record since 1995 the author reveals the mechanism of Integral Investing At the heart of it is a powerful 360 degree de-risking tool called the Theta Model which reveals how to make smart investment decisions based on the comprehensive integration of traditional due diligence criteria sustainability metrics and assessments of the founders and team culture But it doesn't stop there In turn this handbook demonstrates how to use human centered AI to scale and digitalize the investment process The goal here is to accelerate the use of exponential tech capital and consciousness leadership to transition to a sustainable global society a process the author refers to as the Investment Turnaround The 21 principles of Integral Investing which she defines using Ken Wilber's Integral Theory lead to her manifesto on how to implement the UN Sustainable Development Goals within Planetary Boundaries by 2050 through early stage investing and entrepreneurship Similar to the 15th century when the Medicis inspired the Renaissance today humanity is once again at a crucial turning point where pioneering public and private financiers investors entrepreneurs and other committed individuals have the opportunity to leave behind the legacy of a prosperous society This handbook provides a source of inspiration and shows how self-actualization a positive mindset and a consciousness that is backed by a world-centric desire can become the driving force for solving the global grand challenges *Conversations on the Edge of the Apocalypse* David Jay Brown, 2005-06-06 Part scientific exploration and part philosophical speculation this book is a collection of interviews with some of the leading thinkers of our time about the future of the human race and the mystery of consciousness from scientific philosophical and spiritual perspectives It explores such topics as the future evolution of technology and consciousness the relationship between science and religion ecology and human values altered states of consciousness the possibility of intelligent extraterrestrial life psychic phenomena life after death and the fate of the human race From publisher description **What the Future of Humanity Could Be!**
