Waldo A Moral Tale Without A Moral:

Moral Theory at the Movies Dean Kowalski, 2011-12-08 *Moral Theory at the Movies* provides students with a wonderfully approachable introduction to ethics. The book incorporates film summaries and study questions to draw students into ethical theory and then pairs them with classical philosophical texts. The students see how moral theories, dilemmas, and questions are represented in the given films and learn to apply these theories to the world they live in. There are 36 films and a dozen readings including *Thank you for Smoking*, *Plato's Gorgias*, *John Stuart Mill's Utilitarianism*, *Hotel Rwanda*, *Plato's Republic*, and *Horton Hears a Who!* Topics cover a wide variety of ethical theories including ethical subjectivism, moral relativism, ethical theory, and virtue ethics. *Moral Theory at the Movies* will appeal to students and help them think about how philosophy is relevant today. *Wally Wanderoon and His Story-telling Machine* Joel Chandler Harris, 1903 Contemporary Rhetorical Theory John Louis Lucaites, Celeste Michelle Condit, Sally Caudill, 1999-01-01 This indispensable text brings together important essays on the themes, issues, and controversies that have shaped the development of rhetorical theory since the late 1960s. An extensive introduction and epilogue by the editors thoughtfully examine the current state of the field and its future directions, focusing in particular on how theorists are negotiating the tensions between modernist and postmodernist considerations. Each of the volume's eight main sections comprises a brief explanatory introduction, four to six essays selected for their enduring significance, and suggestions for further reading. Topics addressed include problems of defining rhetoric, the relationship between rhetoric and epistemology, the rhetorical situation, reason and public morality, the nature of the audience, the role of discourse in social change, rhetoric in the mass media, and challenges to rhetorical theory from the margins. An extensive subject index facilitates comparison of key concepts and principles across all of the essays featured.

Moral Regulation and Governance in Canada Amanda Glasbeek, 2006 *Moral Regulation and Governance in Canada* offers an outstanding selection of readings that represents an overview of the key issues in deviance, moral regulation, and governance in Canada from a distinctly Canadian perspective. It effectively tracks the sociology of deviance from governmentality studies to theories of social control. Of particular note is the focus this book gives to gender issues. It also argues that sometimes what is considered deviant is less related to criminality and more concerned with the perception of normalcy.

Landmark Essays on Contemporary Rhetoric Thomas B. Farrell, 2020-10-28 This work brings together the pivotal scholarly essays responsible for the present resurgence in rhetorical studies. Assembled by one of the most respected senior scholars in the field of rhetoric, the essays chart a course from tradition-based theory of civic rhetoric to ongoing issues of figuration, power, and gender. Together with a lucid introductory essay, these studies help to integrate the still volatile questions at the core of humanities scholarship in rhetoric. The introductory student as well as the seasoned scholar will gain familiarity and footing in this oldest and still new liberal art.
