Elon Musk Walter Isaacson, 2023-09-12 The 1 New York Times and global bestseller from Walter Isaacson the acclaimed author of Steve Jobs Einstein His Life and World Benjamin Franklin and Leonardo da Vinci is the astonishingly intimate story of the most fascinating controversial innovator of modern times For

two years Isaacson shadowed Elon Musk as he executed his vision for electric vehicles at Tesla space exploration with SpaceX the AI revolution and the takeover of Twitter and its conversion to X The result is the definitive portrait of the mercurial pioneer that offers clues to his political instincts future ambitions and overall worldview When Elon Musk was a kid in South Africa he was regularly beaten by bullies One day a group pushed him down some concrete steps and kicked him until his face was a swollen ball of flesh He was in the hospital for a week But the physical scars were minor compared to the emotional ones inflicted by his father an engineer rogue and charismatic fantasist His father s impact on his psyche would linger He developed into a tough yet vulnerable man child prone to abrupt Jekyll and Hyde mood swings with an exceedingly high tolerance for risk a craving for drama an epic sense of mission and a maniacal intensity that was callous and at times destructive At the beginning of 2022 after a year marked by SpaceX launching thirty one rockets into orbit Tesla selling a million cars and him becoming the richest man on earth Musk spoke ruefully about his compulsion to stir up dramas I need to shift my mindset away from being in crisis mode which it has been for about fourteen years now or arguably most of my life he said It was a wistful comment not a New Year s resolution Even as he said it he was secretly buying up shares of Twitter the world s ultimate playground Over the years whenever he was in a dark place his mind went back to being bullied on the playground Now he had the chance to own the playground For two years Isaacson shadowed Musk attended his meetings walked his factories with him and spent hours interviewing him his family friends coworkers and adversaries The result is the revealing inside story filled with amazing tales of triumphs and turmoil that addresses the question are the demons that drive Musk also what it takes to drive innovation and progress Walter Isaacson Great Innovators e-book boxed set Walter Isaacson,2011-10-24 This includes the exclusive biography of Steve Jobs and bestselling biographies Benjamin Franklin and Einstein Einstein Walter Isaacson,2008-05-13 From Isaacson the bestselling author of Benjamin Franklin comes the first full biography of Albert Einstein since all his papers have become available a fully realized portrait of a premier icon of his era *The Greatest Sentence Ever Written* Walter Isaacson,2025-11-18 To celebrate America s 250th anniversary Walter Isaacson takes readers on a deep dive into the creation of one of history s most powerful sentences We hold these truths to be self evident that all men are created equal that they are endowed by their Creator with certain unalienable Rights that among these are Life Liberty and the pursuit of Happiness Drafted by Thomas Jefferson and edited by Benjamin Franklin and John Adams this line lays the foundation for the American Dream and defines the common ground we share as a nation Isaacson unpacks its genius word by word illuminating the then radical concepts behind it **Steve Jobs** Walter Isaacson,2015-01-27 Based on more than forty interviews with Steve Jobs conducted over two years as well as interviews with more than a hundred family members friends adversaries competitors and colleagues this is the acclaimed internationally bestselling biography of the ultimate icon of inventiveness Walter Isaacson tells the story of the rollercoaster life and searingly intense personality of creative entrepreneur whose passion for perfection and ferocious drive

revolutionized six industries personal computers animated movies music phones tablet computing and digital publishing Although Jobs cooperated with this book he asked for no control over what was written nor even the right to read it before it was published He put nothing off limits He encouraged the people he knew to speak honestly And Jobs speaks candidly sometimes brutally so about the people he worked with and competed against His friends foes and colleagues provide an unvarnished view of the passions perfectionism obsessions artistry devilry and compulsion for control that shaped his approach to business and the innovative products that resulted

Benjamin Franklin Walter Isaacson, 2004-05-04 During his 84 year life Benjamin Franklin was America's best scientist inventor publisher business strategist diplomat and writer He was also one of its most practical political thinkers America's first great publicist he carefully crafted his own persona portrayed it in public and polished it for posterity In this riveting new biography Walter Isaacson provides readers with a full portrait of Franklin's public and private life his loyal but neglected wife his bastard son with whom he broke over going to war with England his endless replacement families and his many amorous but probably unconsummated liaisons But this is not just a biography of Benjamin Franklin but rather a fascinating look at American and European political history at that time Isaacson examines the run up to the Revolutionary War the intimate relations between Britain France and the colonies and the decisive events that led to America's independence Just as David McCullough brought life to the historic figure of John Adams Isaacson portrays Franklin in the flesh showing readers how this radical man helped define America's national character and personality
