Love Letters of a Young Teacher and a Theology Student Jacob Lacur, 2025-11-11 In their letters from 1956 to 1960 Christin and Heinrich write about their mutual trust their friendship and love and their shared interests in music literature and politics At the heart of their correspondence however is Heinrich's existential engagement with the critical theology prevalent at the university at that time which centered on the question How does theological research as a science relate to faith in the biblical message And ultimately how can faith be grounded in accordance with reason In their letters Heinrich and Christin discuss these questions at length but also the political situation in Germany then divided into East and West and the heated debates surrounding nuclear armament in the Federal Republic Soviet Affairs Notes, 1957 Awards ... extraordinary days in October and November the Suez Crisis and the Hungarian Revolution pushed the world to the brink of a nuclear conflict and what many at the time were calling World War III Blood and Sand relates this story hour by hour through an international cast of characters Anthony Eden the British prime minister caught in a trap of his own making Gamal Abdel Nasser the bold young populist leader of Egypt David Ben Gurion the strong willed founding prime minister of Israel Guy Mollet the bellicose French prime minister and Dwight D Eisenhower the American president torn between an old world order and a new one in the very same week that his own fate as president was to be decided by the American people This is a fresh new account of these dramatic events and people one that for the first time sets both crises in the context of the global Cold War the Arab Israeli conflict and the treacherous power politics of imperialism and oil Blood and Sand resonates strikingly with the problems of oil control religious fundamentalism and international unity that face the world today and is essential reading for anyone concerned with the state of the modern Middle East and Europe This thrilling ticktock brings the emotional core of geopolitical maneuvering into dramatic focus with portraits of leaders variously honorable pigheaded irresolute pusillanimous and susceptible to mood swings *The New Yorker* **Treasury Department** United States.
