Physiotherapy E-Book Stuart Porter, 2008-04-01 The essential book to refer to whether you're just starting out or about to go on placement or need to look up something for an assessment. The 14th edition of Tidy's Physiotherapy is up to date and ready to meet the needs of today's physiotherapy student. Chapters are written by specialists who have come from a wide range of clinical and academic backgrounds. Each chapter encourages you to problem solve and provides case studies to give the opportunity to consolidate learning and to give you confidence when you need to apply what you have learned. For the first time, a DVD-ROM is included which contains sections on musculoskeletal tests, massage and exercise, and graphics which can be used for revision, presentations, and even teaching. New techniques include core stability and muscle imbalance techniques, keeping the student informed of current developments. Hot topics covered include NHS structure, the role of research and clinical governance. Case studies included to help the student think about their reading in a real-life context. New text design with redrawn and updated illustrations means the book is easier to navigate. Totally updated for today's physiotherapist. High quality annotated art illustrations. Case studies which provide further insights into the physiotherapist's clinical reasoning. Web links. DVD containing videoclips and downloadable photographs. Additional chapters on Care of the Ventilated Patient, Cardiac and Pulmonary Rehabilitation, Management of Tissue Healing and Repair, Massage, Electrotherapy, Pain, and Changing Relationships for Promoting Health.
