Hayes,2020-10-06 This illustrated history celebrates the 75th and 70th anniversaries of Volkswagen's two most iconic vehicles from the first Beetles spearheaded by Ferdinand Porsche in the 1940s to the buses that became synonymous with a generation. Volkswagen is one of the most beloved brands in motoring history thanks largely to two instantly recognizable vehicles: the Beetle and the Bus. More than 23 million VW Beetles have buzzed into the world since 1945, while the VW Bus presaged the minivan by thirty-plus years. Volkswagen Beetles and Buses examines and celebrates all aspects of the vehicles and the many cultural associations that have swirled around them for more than seven decades. The diminutive rear-engined and easily mass-produced Beetle became the most popular imported car in America during the 1960s. Its success was due to its familiar face, its wildly clever ad campaigns, and the sheer numbers produced. The equally compact yet spacious Bus, aka a Kombi, Microbus, Type 2, Transporter, and simply van, has won millions of fans around the world with its practicality, simplicity, and design. In this beautifully illustrated and authoritatively written celebration, author Russell Hayes looks back at the vehicles while focusing on the classic air-cooled VWs that ran into the late 1970s. Along the way, readers witness the Beetle and Bus at work and at play and learn about vehicle development and growing roles in popular culture, including star appearances in films like *The Love Bug*, *Little Miss Sunshine*, *Footloose*, *Fight Club*, *The Big Lebowski*, and *Fast Times at Ridgemont High*, as well as television shows like *Lost* and *Once Upon a Time*, and on the covers of the Beatles' *Abbey Road* and Bob Dylan's *Freewheelin'* album. The story is brought up to date with coverage of the New Beetle and plans for the VW Buzz, a modern electric version of the iconic Microbus, due in 2022. Volkswagen Beetles and Buses deserves a place in the motoring libraries of VW owners, automotive enthusiasts, and those simply interested in pop culture. It's the ultimate illustrated history of these beloved vehicles.
