**Manifiesto para la sociedad futura** Daniel Ramírez, 2020-08-28 Desde hace décadas la filosofía política y social se ha visto inhibida por aquella admonición posmoderna del fin de los grandes relatos. Mucha teoría crítica ve la luz sobre un punto u otro pero la perspectiva global ha sido eludida por miedo a las utopías a los sistemas a las ideologías. Sin embargo sin una teoría comprensiva es difícil sobrepasar la esfera de los micro combates. Evidentemente es un desafío mayor y se puede entender la reticencia de los filósofos. El presente libro pasa por sobre aquellos temores osando una perspectiva global una teoría completa de los cambios sociopolíticos ecológicos económicos y antropológicos que están en curso y los que deberán ponerse en marcha para que se pueda hablar verdaderamente de sociedad futura. En diez puntos fundamentales se perfila esta nueva filosofía política conducente a lo que el autor llama transsocialismo una visión radical de los cambios necesarios destinada a reforzar el empoderamiento de los nuevos movimientos sociales e inspirar la generación de futuras constituciones. Su escritura clara y directa y su original estructura hacen que el lector disponga de alguna manera de tres libros o tres niveles de lectura: un manifiesto la introducción el manifiesto propiamente tal y la conclusión llamado a impactar las conciencias; un ensayo el corpus de los 10 capítulos que moviliza la imaginación política de largo alcance y un tratado agregando las más de 800 notas al pie de página que hace que sea un instrumento universitario y de investigación indispensable para los desafíos de las sociedades del mañana.      Nuevo manual del volkswagen Pedro García, 1973      Bibliografía española, 2001-04      Manual de reparación del Volkswagen 1200-1300- 1500-1600 M. Thermolle, A. González, 1972
