Childhood Nelson Cowan, 1997 One of the most important and fascinating aspects of human growth is the development of memory a person's mental record of the past This book aims to provide an original in depth analysis of current areas of research on memory development *The Development of Memory in Infancy and Childhood* Mary L. Courage, Nelson Cowan, 2022-05-16 The Development of Memory in Infancy and Childhood provides a thorough update and expansion of the previous edition and offers new research on significant themes and ideas that have emerged in the past decade such as the cognitive neuroscience of memory development autobiographical memory and infantile amnesia and the cognitive and social factors that underlie memory for events In this volume Courage and Cowan bring together leading international experts to review the current state of the science of memory development in their own research areas They note questions of theory and basic science addressed in their research highlight the real world applications of those findings and propose an agenda for future research The book also considers the implications of their work for the development of atypical children specifically how these new findings might be adapted to enrich the lives of those children and to inform and validate our current expectations of individual differences in the development of typical children The first of three groups of chapters focuses on basic neurobiological perceptual and cognitive processes that underlie memory and its development i e encoding consolidation and storage retrieval The second group focuses primarily on the social contextual and cultural factors that enable shape and mediate these basic processes while the rest of the chapters focus on practical applications of this

knowledge to real world settings and issues The book provides a new look at memory development including new topics such as spatial representation and spatial working prospective memory false memories and memory and culture This classic yet contemporary volume will appeal to senior undergraduate and graduate students of developmental and cognitive psychology as well as to developmental psychologists who want a compendium of key topics in memory development The Wiley Handbook on the Development of Children's Memory Patricia J. Bauer, Robyn Fivush, 2013-09-16 This all embracing Handbook on the Development of Children's Memory represents the first place in which critical topics in memory development are covered from multiple perspectives from infancy through adolescence Forty four chapters are written by experienced researchers who have influenced the field Edited by two of the world's leading experts on the development of memory Discusses the importance of a developmental perspective on the study of memory The first ever handbook to bring together the world's leading academics in one reference guide Each section has an introduction written by one of the Editors who have also written an overall introduction that places the work in historical and contemporary contexts in cognitive and developmental psychology 2 Volumes Interdisciplinary Handbook of Trauma and Culture Yochai Ataria, David Gurevitz, Haviva Pedaya, Yuval Neria, 2016-09-15 This lofty volume analyzes a circular cultural relationship not only how trauma is reflected in cultural processes and products but also how trauma itself acts as a critical shaper of literature the visual and performing arts architecture and religion and mythmaking The political power of trauma is seen through US Israeli and Japanese art forms as they reflect varied roles of perpetrator victim and witness Traumatic complexities are traced from spirituality to movement philosophy to trauma theory And essays on authors such as Kafka Plath and Cormac McCarthy examine how narrative can blur the boundaries of personal and collective experience Among the topics covered Television a traumatic culture From Hiroshima to Fukushima comics and animation as subversive agents of memory in Japan The death of the witness in the era of testimony Primo Levi and Georges Perec Sigmund Freud's Moses and Monotheism and the possibility of writing a traumatic history of religion Placing collective trauma within its social context the case of the 9 11 attacks Killing the killer rampage and gun rights as a syndrome This volume appeals to multiple readerships including researchers and clinicians sociologists anthropologists historians and media researchers **Remembering World War II Refugees in Contemporary Portugal** Verena Lindemann Lino, 2021-08-23 This book takes an innovative approach to the study of memories of transit and exile in Portugal between 1933 and 1945 in artistic media Informed by contemporary debates within memory and translation studies it develops a translational perspective on transcultural memory and explores its ethical implications This study provides an in depth analysis of Daniel Blaufuks's inter art project Sob C us Estranhos Domingos Amaral's novel Enquanto Salazar Dormia and Jo o Canijo's documentary Fantasia Lusitana It examines the heterocultural networks of signification that these artistic media mobilize to implicate the presence of World War II refugees in Portugal in contemporary negotiations of communality By approaching memory through a translational lens on culture this

book also offers new perspectives on remediation memory transfer and the ethical dimensions of remembrance in the context of transcultural memory and migration

Shadows in the City of Light Sara R. Horowitz, Amira Bojadzija-Dan, Julia Creet, 2021-05-01 The essays in *Shadows in the City of Light* explore the significance of Paris in the writing of five influential French writers Sarah Kofman Patrick Modiano George Perec Henri Raczymow and Irene Nemirovsky whose novels and memoirs capture and probe the absences of deported Paris Jews These writers move their readers through wartime and postwar cityscapes of Paris walking them through streets and arrondissements where Jews once resided looking for traces of the disappeared The city functions as more than a backdrop or setting Its streets and buildings and monuments remind us of the exhilarating promise of the French Revolution and what it meant for Jews dreaming of equality But the dynamic space of Paris also reminds us of the Holocaust and its aftermath The shadowed paths traced by these writers raise complicated questions about ambivalence absence memory secularity and citizenship In their writing the urban landscape itself bears witness to the absent Jews and what happened to them For the writers treated in this volume neither their Frenchness nor their Jewishness is a fixed point Focusing on Paris's dual role as both a cultural hub and a powerful symbol of hope and conflict in Jewish memory the contributors address intersections and departures among these writers Their complexity of thought artistry and depth of vision shape a new understanding of the impact of the Holocaust on Jewish and French identity on literature and literary forms and on the development of Jewish secular culture in Western Europe
