Wake-Up Call Joaquin De Torres, 2014-05-25 One hundred mental patients are brutally massacred in the frigid cold of a Russian forest as they wait for a mysterious light coming down from the night sky Their deaths are never spoken of again

More than three decades later directors at mental hospitals in California are stunned when 100 patients comatose for years suddenly wake up and speak of a person called The Commander who will lead them to a place where they will be taken from Earth One person may hold the answers a severely mentally ill homeless man whose knowledge of astronomy physics and mathematics is not only more advanced than Einstein and Tesla but can summon superhuman abilities in the blink of an eye Taken in and protected by a small team of mental health physicians a brilliant astrophysicist a derelict naval officer and a renowned Ancient Aliens theorist this freakishly gifted person called Doogie warns that time is running out that the creators are already on their way to Earth They will arrive within weeks The chosen hundred must be ready but like 30 years ago a new threat makes its presence menacingly clear A xenophobic Senator with a horrific secret and the authority to launch military strikes is plotting to destroy an extraterrestrial visitation of any kind even if it means the deaths of thousands if not the utter destruction of the entire West Coast
