Walking Point A Spiritual Journey For Warriors:

Walking Point Chuck Dean, 2007-01-15 Walking Point takes warriors on a 39 week journey of individual and group training. It is a series of studies designed to help active duty military and veterans equip themselves spiritually. The Way of the Mindful Warrior William Van Gordon, Edo Shonin, 2020-12-02 The Way of the Mindful Warrior provides a fresh, authentic and structured path to using mindfulness to embrace living in awareness and reconnecting with our innermost nature of peace, wisdom and compassion. Mindfulness is a 2,500 year old Buddhist meditation practice that involves focusing awareness on the present moment, the only place where an individual can truly embrace and experience life. In recent decades, mindfulness has gained popularity amongst scientists, healthcare practitioners and the public more generally. An abundance of popular books has subsequently emerged, providing different interpretations of how to practice mindfulness and apply it in daily living contexts. However, most current approaches to mindfulness have removed it from its traditional spiritual context or overlook important scientific insights from research into this ancient contemplative technique. The Way of Mindful Warrior addresses this oversight and integrates the traditional Buddhist teachings on mindfulness with emerging insights from the scientific study of mindfulness, wellbeing and the human mind. This book is timely and presents a fresh, easily digestible and structured path to using mindfulness not only as a tool for coping with the stresses and strains of contemporary living but also as a means to cultivating unconditional wellbeing and for flourishing as a human being. The Warrior and the Wolf Rich Hungerford, 2021-05-28 There is an arduous path that warriors walk no matter where they live in the world. True warriors seek to learn what serves them and what does not, what is selfish and what is selfless, and how to decide in favor of light over dark. Like everyone else, the warrior owns the consequences, good or bad. In a how-to manual, modern-day warrior Rich Hungerford offers guidance and support to a new era of warriors desiring to positively impact the world while navigating the challenges of life. Intertwined with his often deeply personal insights gathered from his own life journey is philosophical guidance on how to successfully walk the warrior's path. Within the three stages of the journey, Hungerford candidly describes both the difficulties and rewards that accompany a warrior's commitment to personal growth, provides an awareness of the importance of developing the mind, body and spirit along the way, and encourages the acceptance of and surrender to a personal destiny with grace. The Warrior and the Wolf shares wisdom, insights and advice for warriors seeking guidance on how to walk a spiritual path to develop the higher self, live true and truly live. **Warrior of Life** Charles Householder Jr., 2012-03-01 Warrior of Life is a guide to self-transformation written by Charles Householder, a professional speaker and trainer. Thought Perspectives of a Spiritual Warrior Johnny Grady,2020-11-04 From what I can remember this whole writing thing began around 2009 2010 It all started as a trickle of Facebook postings Mostly uplifting messages and quotes from other people and very occasionally I would share my own unique perspective Although social media is littered with trivial mundane information I m very appreciative of these platforms and choose to use them for the dissemination of more uplifting and inspirational subject matter Interestingly enough prior to the digital age it was a real challenge for me to write even a few sentences on a consistent basis let alone an entire paragraph But little did I know that in 2014 that trickle of inspirational insights would literally turn into a waterfall which still remains consistent till this day And some of my insights and observations are shared in the pages that follow Welcome to my world
