Retailing and Distribution Emek Basker, 2016-01-29 This Handbook explores and critically examines current research in economics and marketing science on key issues in retailing and distribution Providing a rich perspective for the discussion of public policy contributions from several disciplines and continents range from the history of chains and the impact of multinational retailers on international trade patterns to US merger policy in the retail context the rise of the Internet and consumer to consumer sales The chapters address methodological issues such as the structural estimation of entry games between retailers productivity measurement when both inputs and output are not fully observable and demand estimation with variable assortment Policy issues explored include mergers zoning and the regulation of buyer power while other chapters address some of the recent exciting developments in technology retail formats and data availability The book goes on to study the changes in online retailing and big data and to examine competition in specific retail sectors including gasoline stations automobile dealerships supermarkets and big box retail This state of the art Handbook is an essential reference for students and academics of economics and marketing science and offers an outsider's perspective to specialists in operations research data analytics geography and sociology American Hometown Renewal Gary Mattson, 2016-09-13

Before the interstates Main Street America was the small town's commercial spine and served as the linchpin for community social solidarity Yet during the past three decades a series of economic downturns has left many of the great small cities barely viable American Hometown Renewal is the first book to combine administrative budgetary and economic analysis to examine the economic and fiscal plight currently facing America's small towns Featuring a blend of theory applications and case studies it provides a comprehensive single source textbook covering the key issues facing small town officials in today's uncertain economy Written by a former public manager university professor and consultant to numerous small towns in the Heartland this book demonstrates the ways in which contemporary small towns throughout the nation are facing economic challenges brought about by the financial shocks that began in 2008 Each chapter explores a theme related to small town revival and provides a related tool or technique to enable small town officials to meet the challenges of the 21st Century Encouraging local small town officials to look at the economic orbit of communities in a similar manner as a town's budget or a family's personal wealth examining its specific competitive advantages in terms of relative assets to those of competing communities this book provides the reader with step by step instructions on how to conduct an asset inventory and apply key asset tools to devise a strategy for overcoming the challenges and constraints imposed upon spatially fixed communities

American Hometown Renewal is an essential primer for students studying city management economic community development and city planning and will be a trusted handbook for city managers geographers city planners urban or rural sociologists political scientists and regional microeconomists

Narconomics Tom Wainwright, 2016-02-23 Picking his way through Andean cocaine fields Central American prisons Colorado pot shops and the online drug dens of the Dark Web Tom Wainwright provides a fresh innovative look into the drug trade and its 250 million customers More than just an investigation of how drug cartels do business Narconomics is also a blueprint for how to defeat them How does a budding cartel boss succeed and survive in the 300 billion illegal drug business By learning from the best of course From creating brand value to fine tuning customer service the folks running cartels have been attentive students of the strategy and tactics used by corporations such as Walmart McDonald's and Coca Cola And what can government learn to combat this scourge By analyzing the cartels as companies law enforcers might better understand how they work and stop throwing away 100 billion a year in a futile effort to win the war against this global highly organized business Your intrepid guide to the most exotic and brutal industry on earth is Tom Wainwright Picking his way through Andean cocaine fields Central American prisons Colorado pot shops and the online drug dens of the Dark Web Wainwright provides a fresh innovative look into the drug trade and its 250 million customers The cast of characters includes Bin Laden the Bolivian coca guide Old Lin the Salvadoran gang leader Starboy the millionaire New Zealand pill maker and a cozy Mexican grandmother who cooks blueberry pancakes while plotting murder Along with presidents cops and teenage hitmen they explain such matters as the business purpose for head to toe tattoos how gangs decide whether to compete or collude and why cartels care a surprising amount about corporate social responsibility More than just an investigation of how drug cartels do business Narconomics is also a blueprint for how to defeat them

The Age of Netflix Cory Barker, Myc Wiatrowski, 2017-09-12 In 2016 Netflix with an already enormous footprint in the United States expanded its online streaming video service to 130 new countries adding more than 12 million subscribers in nine months and bringing its total to 87 million The effectiveness of Netflix's content management lies in its ability to appeal to a vastly disparate global viewership without a unified cache of content Instead the company invests in buying or developing myriad programming and uses sophisticated algorithms to narrowcast to micro targeted audience groups In this collection of new essays contributors explore how Netflix has become a cultural institution and transformed the way we consume popular media
