Walt Whitman's Native Representations Cambridge Studies In American Literature And Culture:

Walt Whitman's Native Representations Ed Folsom, 1997-05-28 Moving through Whitman's career four times from four different perspectives this 1994 book investigates several major American cultural developments that occurred during Whitman's lifetime: the development of American dictionaries, the growth of baseball, the evolution of American Indian policy, the development of photography, became essential components of Whitman's innovative poetics. Resisting the usual critical temptation to present a totalised one-dimensional Whitman, this study views him instead as multiple and contradictory: a gatherer of discordant tones and clashing approaches from a variety of surprising cultural arenas. In such cultural activities, Whitman found not his poetic subject so much as his poetic tools and techniques. These cultural actions taught him how to make native representations.

A Companion to Walt Whitman Donald D. Kummings, 2009-10-19 Comprising more than 30 substantial essays written by leading scholars, this companion constitutes an exceptionally broad-ranging and in-depth guide to one of America's greatest poets. Makes the best and most up-to-date thinking on Whitman available to students. Designed to make readers more aware of the social and cultural contexts of Whitman's work and of the experimental nature of his writing. Includes contributions devoted to specific poetry and prose works, a compact biography of the poet, and a bibliography.

The Oxford Handbook of Walt Whitman Kenneth M. Price, Stefan Schöberlein, 2024 A Handbook on Walt Whitman that reflects the best new work in the field, including chapters that set his work within the context of digital scholarship, discussion of new manuscript discoveries and transcriptions, exploration of environmental angles on Whitman, and a focus on disability studies.

The Revolution in the Visual Arts and the Poetry of William Carlos Williams Peter Halter, 1994-07-29 This book is a major step toward a fuller exploration of the connection between the visual arts and Williams' concept of the Modernist poem and of his achievement in transcending an art-for-art's-sake formalism to create poems that both reflect their own nature as a work of art and vividly evoke the world of which they are a part.

Reimagining Thoreau Robert Milder, 1995-03-31 Reimagining Thoreau synthesizes the interests of the intellectual and psychological biographer and the literary critic in a reconsideration of Thoreau's career from his graduation from Harvard in 1837 to his death in 1862. The purposes of the book are threefold: 1) to situate Thoreau's aims and achievements as a writer within the context of his troubled relationship to his microcosm of ante-bellum Concord; 2) to reinterpret Walden as a temporally layered text in light of the successive drafts of the book and the evidence of Thoreau's journals and contemporaneous writings; and 3) to overturn traditional views of Thoreau's decline by offering a new estimate of the post-Walden writing and its place within Thoreau's development.

Cross-Cultural Reckonings Blanche H. Gelfant, 1995-01-27 Blanche H. Gelfant's book *Cross-Cultural Reckonings* both demonstrates and questions the applicability of postmodern cultural and literary theories to realistic texts, to fiction, and to autobiographies valued for their truth. Drawing together an unusual combination of Russian, American, and Canadian writers, the various essays of this book provide new and original

perspectives upon the puzzling issues of national identity of historical change and continuity of gender and the integrity of literary genres the boundaries between text and context and the underlying if overlooked conflicts between the postmodern critic's skepticism and a writer's belief in the transcendence of art and truth To avoid the contingencies inherent in binary comparisons the essays in this book seek a triadic form analogous to the triptych or polyptych of the visual arts Multi faceted non linear and open ended such a form might allow the academic essay to recover a waywardness that traces back to Montaigne cited in prefatory notes and to the etymological meaning of the essay as an exagium or weighing as an act of reckoning A study at once elegant erudite and personal *Cross Cultural Reckonings* reckons with writers of different backgrounds and reputation in whom Gelfant discovers surprising affinities among them the Russian writers Lydia Chukovskaya Natalya Baranskaya and Alexander Solzhenitsyn Ethel Wilson a highly reputed Canadian writer the famous cross cultural figure Emma Goldman and established as well as new or rediscovered American writers such as Willa Cather Saul Bellow Arlene Heyman and Meridel Le Sueur These writers are discussed singly and in comparative essays each of which is discrete and self contained while all interconnect and reflect upon each other as exemplary demonstrations of cross cultural literary criticism and the deferred final judgment that results from a weighing and reweighing of books

Walt Whitman Quarterly Review ,1996 *Early Native American Writing* Helen Jaskoski,1996-11-28 A collection of essays discussing early American Indian authors

T. S. Eliot and Ideology Kenneth Asher, Kenneth George Asher,1995 Setting out to demonstrate the effect of politics on the work of T S Eliot T S Eliot and Ideology charts first of all the influence of French reactionary thinking on Eliot's prose and poetry and further argues that this political inheritance provided the intellectual framework he employed throughout his career Asher's concentration on the specifically ideological separates this book from previous works on Eliot and sheds light on Eliot's celebrated mid career conversion to Catholicism What results is a re estimation of Eliot's view of literary history and literary theory and new appraisals of several major poems and plays Finally the book discusses at length how Eliot's ideology profoundly influenced the study of literature in the English speaking world for several decades

The Courtship of Olivia Langdon and Mark Twain Susan K. Harris,1996 Passionate readers both Olivia Langdon and Mark Twain courted through books spelling out their expectations through literary references as they corresponded during their frequent separations Surprisingly in the process Olivia Langdon reveals herself not as a hypochondriacal hysteric as many twentieth century critics have portrayed her but as a thoughtful intellectual widely read in literature history and modern science Not so surprisingly Samuel Clemens reveals himself as a critic and a sceptic lampooning Langdon's physics lessons and her literary heroines He also shows himself as an astute strategist carefully manipulating Langdon and her parents At the same time Clemens's letters exhibit his own conservatism about women's nature and women's roles while Langdon's show her carefully choosing from her culture's array of possible role models

Getting the books **Walt Whitmans Native Representations Cambridge Studies In American Literature And Culture** now is not type of inspiring means. You could not and no-one else going following book store or library or borrowing from your associates to gain access to them. This is an definitely simple means to specifically get lead by on-line.
