Najork, 2021-02-08 *Mar u saga* the Old Norse Icelandic life of the Virgin Mary survives in nineteen manuscripts While the 1871 edition of the saga provides two versions based on multiple manuscripts and prints significant variants in the notes it does not preserve the literary and social contexts of those manuscripts In the extant manuscripts *Mar u saga* rarely exists in the codex by itself This study restores the saga to its manuscript contexts in order to better understand the meaning of the text within its manuscript matrix why it was copied in the specific manuscripts it was and how it was read and used by the different communities that preserved the manuscripts *A Companion to Saxo Grammaticus* , 2024-06-17 Ever since the publication of *Saxo Grammaticus Gesta Danorum* at the beginning of the thirteenth century scholars and laymen have grappled with the complex and marvellous chronicle As much specialized scholarship has been published in Danish this companion breaks new ground by giving a comprehensive and up to date tour of the work for a global audience Attention is given to the unity of Saxo s massive chronicle whether he is dealing with a legendary pagan past or events from his own time Saxo s world and views are explored in ways that shed new light on all of northern Europe Contributors are Bj rn Bandlien Karsten Friis Jensen Michael H Gelting Thomas K Heeb ll Holm Lars Hermanson Lars Kj r Torben Kjersgaard Nielsen Annette Lassen Anders Leegaard Knudsen Lars Boje Mortensen Mia M nster Swendsen Erik Niblaeus Roland Scheel Karen Skovgaard Petersen Kurt Villads Jensen and Helle Vogt *The Man Who Stole Himself* Gisli Pálsson, 2016-09-16 The island nation of Iceland is known for many things majestic landscapes volcanic eruptions distinctive seafood but racial diversity is not one of them So the little known story of Hans Jonathan a free black man who lived and raised a family in early nineteenth century Iceland is improbable and compelling the stuff of novels In *The Man Who Stole Himself* Gisli Pálsson lays out the story of Hans Jonathan also known as Hans J natan in stunning detail Born into slavery in St

Croix in 1784 Hans was taken as a slave to Denmark where he eventually enlisted in the navy and fought on behalf of the country in the 1801 Battle of Copenhagen After the war he declared himself a free man believing that he was due freedom not only because of his patriotic service but because while slavery remained legal in the colonies it was outlawed in Denmark itself He thus became the subject of one of the most notorious slavery cases in European history which he lost Then Hans ran away never to be heard from in Denmark again his fate unknown for more than two hundred years It is now known that Hans fled to Iceland where he became a merchant and peasant farmer married and raised two children Today he has become something of an Icelandic icon claimed as a proud and daring ancestor both there and among his descendants in America The Man Who Stole Himself brilliantly intertwines Hans Jonathan's adventurous travels with a portrait of the Danish slave trade legal arguments over slavery and the state of nineteenth century race relations in the Northern Atlantic world Throughout the book Pálsson traces themes of imperial dreams colonialism human rights and globalization which all come together in the life of a single remarkable man Hans literally led a life like no other His is the story of a man who had the temerity the courage to steal himself

The Psychology of False Confessions Gisli H. Gudjonsson, 2018-07-23 Provides a comprehensive and up to date review of the development of the science behind the psychology of false confessions Four decades ago little was known or understood about false confessions and the reasons behind them So much has changed since then due in part to the diligent work done by Gisli H Gudjonsson This eye opening book by the Icelandic British clinical forensic psychologist who in the mid 1970s had worked as detective in Reykjavik offers a complete and current analysis of how the study of the psychology of false confessions came about including the relevant theories and empirical experimental evidence base It also provides a reflective review of the gradual development of the science and how it can be applied to real life cases Based on Gudjonsson's personal account of the biggest murder investigations in Iceland's history as well as other landmark cases The Psychology of False Confessions Forty Years of Science and Practice takes readers inside the minds of those who sit on both sides of the interrogation table to examine why confessions to crimes occur even when the confessor is innocent Presented in three parts the book covers how the science of studying false confessions emerged and grew to become a regular field of practice It then goes deep into the investigation of the mid 1970s assumed murders of two men in Iceland and the people held responsible for them It finishes with an in depth psychological analysis of the confessions of the six people convicted Written by an expert extensively involved in the development of the science and its application to real life cases Covers the most sensational murder cases in Iceland's history Deep analysis of the Reykjavik Confessions adds crucial evidence to understanding how and why coerced internalized false confessions occur and their detrimental and lasting effects on memory The Psychology of False Confessions Forty Years of Science and Practice is an important source book for students academics criminologists and clinical forensic and social psychologists and psychiatrists

Modern Mathematics Dirk De Bock, 2023-03-08 The international New Math developments between about 1950 through 1980 are

regarded by many mathematics educators and education historians as the most historically important development in curricula of the twentieth century It attracted the attention of local and international politicians of teachers and of parents and influenced the teaching and learning of mathematics at all levels kindergarten to college graduate in many nations After garnering much initial support it began to attract criticism But as Bill Jacob and the late Jerry Becker show in Chapter 17 some of the effects became entrenched This volume edited by Professor Dirk De Bock of Belgium provides an outstanding overview of the New Math modern mathematics movement Chapter authors provide exceptionally high quality analyses of the rise of the movement and of subsequent developments within a range of nations The first few chapters show how the initial leadership came from mathematicians in European nations and in the United States of America The background leaders in Europe were Caleb Gattegno and members of a mysterious group of mainly French pure mathematicians who since the 1930s had published under the name of a fictitious Nicolas Bourbaki In the United States there emerged during the 1950s various attempts to improve U S mathematics curricula and teaching especially in secondary schools and colleges This side of the story climaxed in 1957 when the Soviet Union succeeded in launching Sputnik the first satellite Undoubtedly this is a landmark publication in education The foreword was written by Professor Bob Moon one of a few other scholars to have written on the New Math from an international perspective The final epilogue chapter by Professor Geert Vanpaemel a historian draws together the overall thrust of the volume and makes links with the general history of curriculum development especially in science education including recent globalization trends

Into Oblivion Arnaldur Indridason, 2016-02-09 In this stunning prequel to his critically acclaimed Inspector Erlendur series Arnaldur Indridason gives devoted fans a glimpse of Erlendur as a young budding detective The beat on the streets in Reykjavik is busy traffic accidents theft domestic violence contraband and an unexplained death When a tramp he met regularly on the night shift is found drowned in a ditch no one seems to care But his fate haunts Erlendur and drags him inexorably into the strange and dark underworld of the city

The World Since 1945 P. M. H. Bell, Mark Gilbert, 2016-11-03 A masterly synthesis of the history of the contemporary world The World Since 1945 offers the ideal introduction to the events of the period between the end of the Second World War and the present day P M H Bell and Mark Gilbert balance a clear narrative with in depth analysis to guide the reader through the aftermath of the Second World War the Cold War decolonization D tente and the Arab Israeli Conflict up to the on going ethnic strife and political instability of the 21st century The new edition has been thoroughly revised to fully reflect developments in the history and historiography of the post war world and features five new chapters on the post Cold War world covering topics including The rise and fall of American hegemony The decline of Europe The rise of Asia Political Islam as a global force The role of human rights The World Since 1945 challenges us to better understand what happened and why in the post war period and shows the ways in which the past continues to exercise a profound influence on the present It is essential reading for any student of contemporary history

Who's who in American Art , 1993-12 *The Autumn Of My*

Time Richard Talbot, 2016-02-12 The Autumn of My Time is an autobiography of my life and my family The narrative sweeps across a century and a half of Americana and documents the trials and tribulations of a growing American family through the days of the Civil War World Wars I and II The Korean War and the Vietnam conflict It tells the story of gentler times when families lived and worked in adjoining towns Cousins actually knew each other and went to the same school and played together on weekends When radio was in its infancy automobiles had rumble seats TV was a fantasy and neighbors knew and helped each other It spans the gap from World War I through Hitler s invasion of Poland and Japan s cowardly attack on Pearl Harbor at the start of World War II and the dropping of the atomic bombs on Nagasaki and Hiroshima My story goes on to describe how I received a direct commission and became an officer pilot How I nearly flew for Air America in the Far East flew in Iceland and in Alaska and then joined the First Cavalry Division to serve two tours of combat in Vietnam I tell you how I received a college degree in only one year just before I left the service for retirement and a new life as a civilian My narrative tells you how I became a professional racquetball player and a racquetball club owner won nine national racquetball championships was the general manager of three retirement and recreational communities raised a family wrote two books and now in here in The Autumn of My Time document for you the story of my life
