Western Law Russian Justice Western Law Russian Justice:

Western Law, Russian Justice Gary Rosenshield, 2005-07-08 Gary Rosenshield offers a new interpretation of Dostoevsky's greatest novel *The Brothers Karamazov*. He explores Dostoevsky's critique and exploitation of the jury trial for his own ideological agenda both in his journalism and his fiction contextualizing his portrayal of trials and trial participants: lawyers, jurors, defendants, judges in the political, social, and ideological milieu of his time. Further, the author presents Dostoevsky's critique in terms of the main notions of the critical legal studies movement in the United States showing how over one hundred and twenty years ago Dostoevsky explicitly dealt with the same problems that the law and literature movement has been confronting over the past two decades. This book should appeal to anyone with an interest in Russian literature, Russian history, and culture, legal studies, law, and literature, narratology, or metafiction, and literary theory. *Dostoevsky as*

Suicidologist Amy D. Ronner, 2021-01-12 In *Dostoevsky as Suicidologist* Amy D. Ronner illustrates how self-homicide in Fyodor Dostoevsky's fiction prefigures Emile Durkheim's etiology in *Suicide* as well as theories of other prominent suicidologists. This book not only fills a lacuna in Dostoevsky scholarship but provides fresh readings of Dostoevsky's major works including *Notes from the House of the Dead*, *Crime and Punishment*, *The Idiot*, *Demons*, and *The Brothers Karamazov*. Ronner provides an exegesis of how Dostoevsky's implicit awareness of fatalistic, altruistic, egoistic, and anomic modes of self-destruction helped shape not only his philosophy but also his craft as a writer. In this study, Ronner contributes to the field of suicidology by anatomizing both self-destructive behavior and suicidal ideation while offering ways to think about prevention. But most expansively, Ronner tackles the formidable task of forging a ligature between artistic creation and the pluripresent social fact of self-annihilation.

Juvenile Justice Systems John Winterdyk, 2002 Annotation By the year 2000 more than 50% of the world population will be under the age of 15. 9th UN Congress 1995 Youth crime is increasing around the world. 9th UN Congress 1995 In September 1997 Canadian Justice Minister Anne McLellan declared youth justice as a top priority. These and similar facts speak to the urgency for society to study youth crime and examine youth justice systems from a comparative perspective. As our world gets smaller, we discover the urgency and importance of sharing and learning at a global level. This collection offers a unique opportunity to examine six different juvenile justice systems and youth crime around the world. All eleven articles are original contributions from a distinguished set of experts on juvenile justice in their respective countries. Each contribution examines a set of common elements defining delinquency, describing the nature and extent of youth crime, examining the administration of youth justice, and discussing issues confronting youth crime. This groundbreaking book will be of interest to students, criminologists, and criminal justice policy makers who are interested in improving the intervention, treatment, and prevention of youth crime and the administration of youth justice. **J.M.**

Coetzee: Fictions of the Real Anthony Uhlmann, 2019-05-16 J. M. Coetzee has new things to say about this relation between the real and fictions of the real, and while much has already been written about him, these questions need to be more fully

explored The contributions to this volume are drawn together by the idea of the hinge between the world whether understood in ontological bio ethical personal and interpersonal or socio political terms and fictional representations of it whether understood in epistemological ficto biographical formal or stylistic terms In this collection the question of understanding itself how we understand or imagine our place in the world is shown to be central to our conception of that world That is rather than beginning with forms developed in socio political understandings Coetzee s works ask us to consider what role fiction might play in relation to politics in relation to history in relation to ethics and our understanding of human agency and responsibility Coetzee has a profound interest in the methods through which we make sense of the contemporary world and our place in it and his approach appeals to readers of fiction critics and philosophers alike The central problems he deals with in his fiction are of the kind that confront people everywhere and so involve a translatability that allow the works to maintain relevance across cultures Added to this though his fiction makes us question the nature of understanding itself This book was originally published as a special issue of Textual Practice *Dostoevsky's Incarnational Realism* Paul J. Contino, 2020-08-17 In this book Paul Contino offers a theological study of Dostoevsky s final novel *The Brothers Karamazov* He argues that incarnational realism animates the vision of the novel and the decisions and actions of its hero Alyosha Fyodorovich Karamazov The book takes a close look at Alyosha s mentor the Elder Zosima and the way his role as a confessor and his vision of responsibility to all for all develops and influences Alyosha The remainder of the study which serves as a kind of reader s guide to the novel follows Alyosha as he takes up the mantle of his elder develops as a monk in the world and at the end of three days ascends in his vision of Cana The study attends also to Alyosha s brothers and his ministry to them Mitya s struggle to become a new man and Ivan s anguished groping toward responsibility Finally Contino traces Alyosha s generative role with the young people he encounters and his final message of hope **Dostoevsky's The Brothers Karamazov** Julian W Connolly, 2013-02-14 Fyodor Dostoevsky s *The Brothers Karamazov* is unquestionably one of the greatest works of world literature With its dramatic portrayal of a Russian family in crisis and its intense investigation into the essential questions of human existence the novel has had a major impact on writers and thinkers across a broad range of disciplines from psychology to religious and political philosophy This proposed reader s guide has two major goals to help the reader understand the place of Dostoevsky s novel in Russian and world literature and to illuminate the writer s compelling and complex artistic vision The plot of the novel centers on the murder of the patriarch of the Karamazov family and the subsequent attempt to discover which of the brothers bears responsibility for the murder but Dostoevsky s ultimate interests are far more thought provoking Haunted by the question of God s existence Dostoevsky uses the character of Ivan Karamazov to ask what kind of God would create a world in which innocent children have to suffer and he hoped that his entire novel would provide the answer The design of Dostoevsky s work in which one character poses questions that other characters must try to answer provides a stimulating basis for reader engagement Having taught university courses on

Dostoevsky's work for over twenty years Julian W Connolly draws upon modern and traditional approaches to the novel to produce a reader's guide that stimulates the reader's interest and provides a springboard for further reflection and study

Popular Tropes of Identity in Contemporary Russian Television and Film Irina Souch, 2017-11-16 This book is an exploration of the changes in Russian cultural identity in the twenty years after the fall of the Soviet state Through close readings of a select number of contemporary Russian films and television series Irina Souch investigates how a variety of popular cultural tropes ranging from the patriarchal family to the country idyll survived the demise of Communism and maintained their power to inform the Russian people's self image She shows how these tropes continue to define attitudes towards political authority economic disparity ethnic and cultural difference generational relations and gender The author also introduces theories of identity developed in Russia at the same time enabling these works to act as sites of productive dialogue with the more familiar discourses of Western scholarship

Written in Blood Lynn Ellen Patyk, 2017-06-20 A fundamentally new interpretation of the emergence of modern terrorism arguing that it formed in the Russian literary imagination well before any shot was fired or bomb exploded

Dostoevsky's Provocateurs Lynn Ellen Patyk, 2023-01-15 Confronting Bakhtin's formative reading of Dostoevsky to recover the ways the novelist stokes conflict and engages readers and to explore the reasons behind his adversarial approach Like so many other elements of his work Fyodor Dostoevsky's deliberate deployment of provocation was both prescient and precocious In this book Lynn Ellen Patyk singles out these forms of incitement as a communicative strategy that drives his paradoxical art Challenging revising and expanding on Mikhail Bakhtin's foundational analysis in *Problems of Dostoevsky's Poetics* Patyk demonstrates that provocation is the moving mover of Dostoevsky's poetics of conflict and she identifies the literary devices he uses to propel plot conflict and capture our attention Yet the full scope of Dostoevsky's provocative authorial activity can only be grasped alongside an understanding of his key themes which both probed and exploited the most divisive conflicts of his era The ultimate stakes of such friction are for him nothing less than moral responsibility and the truth of identity Sober and strikingly original compassionate but not uncritical Dostoevsky's *Provocateurs* exposes the charged current in the wiring of our modern selves In an economy of attention and its spoils provocation is an inexhaustibly renewable and often toxic resource

A Sociology of Justice in Russia Marina Kurkchian, Agnieszka Kubal, 2018-07-12 Much of the media coverage and academic literature on Russia suggests that the justice system is unreliable ineffective and corrupt But what if we look beyond the stereotypes and preconceptions This volume features contributions from a number of scholars who studied Russia empirically and in depth through extensive field research observations in courts and interviews with judges and other legal professionals as well as lay actors A number of tensions in the everyday experiences of justice in Russia are identified and the concept of the administrative model of justice is introduced to illuminate some of the less obvious layers of Russian legal tradition including file driven procedure extreme legal formalism combined with informality of the pre trial proceedings followed by ritualistic

format of the trial The underlying argument is that Russian justice is a much more complex system than is commonly supposed and that it both requires and deserves a more nuanced understanding
