Invisible Nation Richard Schweid, 2016-10-25 By the second or third day that you're

homeless in the car with all your clothes your pots and pans everything having to wash yourself in a public rest room you logically start to feel dirty You prefer to use the drive through at fast food restaurants where no one will see you You begin to hide your family Invisible Nation More than 2 5 million children are homeless in the United States every year In every state children are living packed in with relatives or in cars or motel rooms or emergency shelters the only constant being too many people in too little space In a vividly written narrative experienced journalist Richard Schweid takes us on a spirited journey through this invisible nation giving us front row dispatches Based on in depth reporting from five major cities Invisible Nation looks backward at the historical context of family homelessness as well as forward at what needs to be done to alleviate this widespread although often hidden poverty Invisible Nation is a riveting must read for anyone who wants to know what is happening to the millions of families living at the bottom of the economy **Tailspin** Steven Brill,2018-05-29 In this revelatory narrative covering the years 1967 to 2017 Steven Brill gives us a stunningly cogent picture of the broken system at the heart of our society He shows us how over the last half century America s core values meritocracy innovation due process free speech and even democracy itself have somehow managed to power its decline into dysfunction They have isolated our best and brightest whose positions at the top have never been more secure or more remote The result has been an erosion of responsibility and accountability an epidemic of shortsightedness an increasingly hollow economic and political center and millions of Americans gripped by apathy and hopelessness By examining the people and forces behind the rise of big money lobbying legal and financial engineering the demise of private sector unions and a hamstrung bureaucracy Brill answers the question on everyone s mind How did we end up this way Finally he introduces us to those working quietly and effectively to repair the damages At once a diagnosis of our national ills a history of their development and a prescription for a brighter future Tailspin is a work of riveting journalism and a welcome antidote to political despair **Land, Promise, and Peril** Mary D. Coleman,2023-04-20 In Langston Hughes Mother to Son 1922 written at a time of dramatic disruption in the American economy and continued tyranny in the lives of Black people urban and rural the Mother pleads with the child not to give up She tells the child that she has been a climbing on reaching landings and turning corners Not only did the seven families chronicled in this unique study not give up while both losing and gaining ground they managed to sponsor a generation of children several of whom reached the middle and upper middle classes Land Promise and Peril chronicles the actions actors and events that propelled legal racism and quelled it showing how leadership and political institutions play a crucial role in shaping the pace and quality of exits from poverty Despite great odds some domestics sharecroppers tenants and farmers and their children navigated pathways toward the middle class and beyond **Censored 2017** Mickey Huff,Andy Lee Roth,Project Censored,2016-12-13 The annual yearbook from Project Censored features the year s most underreported news stories striving to unmask censorship self censorship and propaganda in corporate controlled media outlets Featuring the top 25 most underreported stories as voted by scholars journalists and activists across the country and
