Wake Up To Your Life Discovering The Buddhist Path Of Attention:

Wake Up To Your Life Ken McLeod, 2002-03-26 The key to becoming fully alive and joyful is to develop our natural capacity for attention and to be fully present here and now In this informative guidebook to practical Buddhism you discover How to live life with equanimity loving kindness compassion and joy How to cut through obsessions with the external world relationships harmful emotions pleasure and power and self Tried and true methods for cultivating active attention with your body and mind *Seeing, Knowing, Being* John Greer, 2012-02-15 From ancient Taoist sages and Sufi mystics to Christian contemplatives and contemporary Zen masters *Seeing Knowing Being* explores the profound truth behind all the world s mystic traditions Living a spiritual life has nothing to do with fixing ourselves It is simply a matter of awakening to what we already are The real work of self discovery and the answer to our suffering emptiness and loss of meaning is learning to see in a different way The mystical adventure is all in the seeing says John Greer From departure to arrival nothing changes but our eyes But the process isn t that simple In this all embracing work that is destined to become a classic Greer artfully traces the steps and stages of the delicate process of awakening He shows how we can move from society s hand me down version of reality to the wonder of our true nature from conceptual habitual patterns of thinking to knowing the truth by being Like a master artist who captures an image and stirs something deep inside of us Greer also highlights nearly one hundred evocative metaphors as varied and colorful as the sages themselves to kindle your imagination and spark your intuition to shift your perspective and shake you into an awareness that no amount of explanation can What Greer shows with great wisdom and compassion is that when you put aside the map of the mind you can follow the compass of your heart You can move through the details of life going to work raising a family throwing out the garbage and still experience the wonders and oneness of life with deep reverence gratitude and joy Books often describe journeys *Seeing Knowing Being* actually takes you on one A profound expedition into the true nature of life MATTHEW FLICKSTEIN author and producer of the award winning film *With One Voice* **The Star Spangled Buddhist** Jeffrey Ourvan, 2016-01-26 Ourvan offers a succinct but illuminating overview of Zen Tibetan and Soka Gakkai Buddhism Publishers Weekly Approximately four million Americans claim to be Buddhist Moreover hundreds of thousands of Americans of various faiths read about Buddhism are interested in its philosophical tenets or fashionably view themselves as Buddhists They re part of what s been described as the fastest growing religious movement in America a large group of people dissatisfied with traditional religious offerings and thirsty for an approach to spirituality grounded in logic and consistent with scientific knowledge *The Star Spangled Buddhist* is a provocative look at these American Buddhists through their three largest movements in the United States the Soka Gakkai International Tibetan Vajrayana Buddhism and Zen Buddhism The practice of each of these American schools unlike most traditional Asian Buddhist sects is grounded in the notion that all people are capable of attaining enlightenment in this lifetime But the differences are also profound the spectrum of philosophical expression among these American Buddhist

schools is as varied as that observed between Reformed Orthodox and Hasidic Judaism The Star Spangled Buddhist isn't written from the perspective of a monk or academic but rather from the view of author Jeff Ourvan a lifelong practicing lay Buddhist As Ourvan explores the American Buddhist movement through its most popular schools he arrives at a clearer understanding for himself and the reader about what it means to be and how one might choose to be a Buddhist in America

Realizing Awakened Consciousness Richard P. Boyle, 2015-06-02 If as Buddhism claims the potential for awakening exists in all human beings we should be able to map the phenomenon with the same science we apply to other forms of consciousness A student of cognitive social science and a Zen practitioner for more than forty years Richard P Boyle brings his sophisticated perspective to bear on the development of a theoretical model for both ordinary and awakened consciousness Boyle conducts probing interviews with eleven prominent Western Buddhist teachers Shinzen Young John Tarrant Ken McLeod Ajahn Amaro Martine Batchelor Shaila Catherine Gil Fronsdal Stephen Batchelor Pat Enkyo O Hara Bernie Glassman and Joseph Goldstein and one scientist James Austin who have experienced awakening From the paths they traveled to enlightenment and their descriptions of the experience he derives three fundamental properties of awakened consciousness He then constructs an overarching model that explains how Buddhist practices help free the mind from attachments to reality and the self and make possible the three properties of awakening Specifically these teachers describe how they worked to control attention and quiet the mind detach from ideas and habits and open themselves to compassion Boyle's account incorporates current theories of consciousness sociological insights and research in neuroscience to advance the study of awakened consciousness and help an even greater number of people to realize it

Machik's Complete Explanation Sarah Harding, 2013-05-14 Fear anger and negativity are states that each of us have to contend with Machik's Complete Explanation the most famous book of the teachings of Machik Lapdr n the great female saint and yogini of eleventh to twelfth century Tibet addresses these issues in a practical direct way Machik developed a system the Mahamudra Ch d that takes the Buddha's teachings as a basis and applies them to the immediate experiences of negative mind states and malignant forces Her unique feminine approach is to invoke and nurture the very demons that we fear and hate transforming those reactive emotions into love It is the tantric version of developing compassion and fearlessness a radical method of cutting through ego fixation This expanded edition includes Machik Lapdr n's earliest known teaching the original source text for the tradition The Great Bundle of Precepts on Severance Ch d This pithy set of instructions reveals that the teachings of the perfection of wisdom are the true inspiration for Ch d It is beautifully clarified in a short commentary by Rangjung Dorje the Third Karmapa
