Walden On Wheels On The Open Road From Debt To Freedom:

Walden on Wheels Ken Ilgunas, 2013 Inspired by Thoreau Ilgunas set out on a Spartan path to pay off 32 000 in undergraduate student loans by scrubbing toilets and making beds in Alaska Determined to graduate debt free after enrolling in graduate school he lived in an Econoline van in a campus parking lot saving and learning much about the cost of education today

Henry David Thoreau Flinders, Tom, 2015-02-01 Henry David Thoreau 1817 1862 embodies classic features of the American spirit nonconformity the impulse to seek renewal in nature and the will to stand firm by his convictions Famous for his retreat to Walden Pond and his night in jail described in *The Duty of Civil Disobedience* he was a profoundly religious man though he remained unaffiliated with any organized religion He might well serve as a patron saint for today's spiritual but not religious seekers Thoreau experienced mystical ecstasies in his youth he followed an almost monastic discipline of contemplation he was an early pioneer in the exploration of Hinduism and eastern religion which he integrated with his deep immersion in nature and his highly refined social conscience This anthology which focuses specific attention on Thoreau's spiritual and prophetic writings draws on his voluminous journals correspondence essays and selection from Walden and his other key works Publisher description

Unhappy Beginnings Isabel González-Díaz, Fabián Orán-Llarena, 2023-12-22 This book offers the analysis of a selection of North American texts that dismantle and resist normative frames through the resignification of concepts such as unhappiness precarity failure and vulnerability The chapters bring to the fore how those potentially negative elements can be refigured as ambivalent sites of resistance and social bonding Following Sara Ahmed's rereading of happiness other authors such as Judith Butler Wendy Brown Jack Halberstam Lauren Berlant or Henry Giroux are mobilized to interrogate films memoirs and novels that deal with precarity alienation and inequality The monograph contributes to enlarging the archives of unhappiness by changing the focus from prescribed norms and happy endings to unruly practices and unhappy beginnings As the different contributors show unhappiness precarity vulnerability or failure can be harnessed to illuminate ways of navigating the world and framing society that do not necessarily conform to the script of happiness whatever that means

Vagabonds, Tramps, and Hobos Owen Clayton, 2023-08-10 The most enduring version of the hobo that has come down from the so called Golden Age of Tramping 1890s to 1940s is an American cultural icon signifying freedom from restraint and rebellion to the established order while reinforcing conservative messages about American exceptionalism individualism race and gender *Vagabonds Tramps and Hobos* shows that this pioneer hobo image is a misrepresentation by looking at works created by transient artists and thinkers including travel literature fiction memoir early feminist writing poetry sociology political journalism satire and music This book explores the diversity of meanings that accrue around the hobo and the tramp It is the first analysis to frame transiency within a nineteenth century literary tradition of the vagabond a figure who attempts to travel without money This book provides new ways for scholars to think about the activity and representation of US transiency

Henley, 2020-03-24 INSTANT NATIONAL BESTSELLER Travel to the land of Couldn't Be More Timely Margaret Atwood on Lean Out in the West End Phoenix What begins as one woman's critique of our culture of overwork and productivity ultimately becomes an investigation into our most urgent problems vast inequality loneliness economic precarity and isolation from the natural world Henley punctures the myths of the meritocracy in a way few writers have This is an essential book for our time Mandy Len Catron author of How to Fall in Love with Anyone A deeply personal and informed reflection on the modern world and why so many feel disillusioned by it In 2016 journalist Tara Henley was at the top of her game working in Canadian media She had traveled the world from Soweto to Bangkok and Borneo to Brooklyn interviewing authors and community leaders politicians and Hollywood celebrities But when she started getting chest pains at her desk in the newsroom none of that seemed to matter The health crisis not cardiac it turned out but anxiety forced her to step off the media treadmill and examine her life and the stressful twenty first century world around her Henley was not alone North America was facing an epidemic of lifestyle related health problems And yet the culture was continually celebrating the elite few who thrived in the always on work world those who perpetually leaned in Henley realized that if we wanted innovative solutions to the wave of burnout and stress related illness it was time to talk to those who had leaned out Part memoir part travelogue and part investigation Lean Out tracks Henley's journey from the heart of the connected city to the fringe communities that surround it From early retirement enthusiasts in urban British Columbia to moneyless men in rural Ireland Henley uncovers a parallel track in which everyday citizens are quietly dropping out of the mainstream and reclaiming their lives from overwork Underlying these disparate movements is a rejection of consumerism a growing appetite for social contribution and a quest for meaningful connection in this era of extreme isolation and loneliness As she connects the dots between anxiety and overwork Henley confronts the biggest issues of our time

The American Adrenaline Narrative Kristin J. Jacobson, 2020-06-01 The American Adrenaline Narrative considers the nature of perilous outdoor adventure tales their gendered biases and how they simultaneously promote and hinder ecological sustainability To explore these themes Kristin J Jacobson defines and compares adrenaline narratives by a range of American authors published after the first Earth Day in 1970 a time frame selected as a watershed moment for the contemporary American environmental movement The forty plus years since that day also mark the rise in the popularity and marketing of many things as extreme including sports jobs travel beverages gum makeovers laundry detergent and even the environmental movement itself Jacobson maps the American eco imagination via adrenaline narratives grounding them in the traditional literary practice of close reading analysis and in ecofeminism She surveys a range of popular and lesser known primary texts by American authors including best selling books such as Jon Krakauer s *Into Thin Air* and Aron Ralston s *Between a Rock and a Hard Place* and lesser known texts such as Patricia C McCairen s *Canyon Solitude* Eddy L Harris s *Mississippi Solo* and Stacy Allison s *Beyond the Limits* She also discusses such narratives as they appear in print and online articles and magazines feature length and short films television shows amateur videos social networking site posts fiction advertising and blogs Jacobson contends that these stories constitute a distinctive genre because unlike traditional nature travel and sports writing adrenaline narratives sustain heightened risk or the element of the extreme within a natural setting Additionally these narratives provide important insight into the American environmental imagination s connection to masculinity and adventure knowledge that helps us grasp the current climate crisis and how narrative understanding provides a needed intervention

[Trespassing Across America](#) Ken Ilgunas, 2017-02-07 Winner of the Nebraska Center for the Book Award Travel A Sigurd Olson Nature Writing Award Notable Book Honoree of the Society of Midland Authors Annual Literary Award for Biography Memoir Now that President Donald Trump has revived the Keystone XL pipeline that was rejected by former President Obama *Trespassing Across America* is the book to help us understand the kaleidoscopic

significance of the project Told with sincerity humor and wit Ilgunas s story is both a fascinating account of one man s remarkable journey along the pipeline s potential path and a meditation on climate change the beauty of the natural world and the extremes to which we can push ourselves both physically and mentally It started as a far fetched idea to hike the entire length of the proposed route of the Keystone XL pipeline But in the months that followed it grew into something more for Ken Ilgunas It became an irresistible adventure an opportunity not only to draw attention to global warming but also to explore his personal limits So in September 2012 he strapped on his backpack stuck out his thumb on the interstate just north of Denver and hitchhiked 1 500 miles to the Alberta tar sands Once there he turned around and began his 1 700 mile trek to the XL s endpoint on the Gulf Coast of Texas a journey he would complete entirely on foot walking almost exclusively across private property Both a travel memoir and a reflection on climate change *Trespassing Across America* is filled with colorful characters harrowing physical trials and strange encounters with the weather terrain and animals of America s plains A tribute to the Great Plains and the people who live there Ilgunas s memoir grapples with difficult questions about our place in the world What is our personal responsibility as stewards of the land As members of a rapidly warming planet As mere individuals up against something as powerful as the fossil fuel industry Ultimately *Trespassing Across America* is a call to embrace the belief that a life lived not half wild is a life only half lived It s the perfect travelers gift for fans of *Free Solo* and *Turn Right at Machu Picchu*
