Sadowski, 2016-10-18 Now available in one special set the bestselling must have reference book and one stop guide to buying new and collectible firearms Previously published as two separate reference

guides Skyhorse Publishing is packaging its bestselling Shooter's Bible and Gun Trader's Guide together for the first time. Now gun enthusiasts can see the specs and photos of brand new and currently produced firearms as well as information and market prices for collectible firearms with one purchase. Published annually for more than eighty years, the Shooter's Bible is the most comprehensive and sought-after reference guide for new firearms and their specifications as well as for thousands of guns that have been in production and are currently on the market. The 108th edition also contains new and existing product sections on ammunition, optics, and accessories, plus updated handgun and rifle ballistic tables and extensive charts of currently available bullets and projectiles for handloading. For more than half a century, the Gun Trader's Guide has been the standard reference for collectors, curators, dealers, shooters, and gun enthusiasts. Updated annually, this thirty-eighth edition boasts dozens of new entries since last year's edition and includes a complete index and a guide on how to properly and effectively use this book in order to find the market value for your collectible modern firearm. No matter what kind of modern firearm you are interested in, the Shooter's Bible and Gun Trader's Guide Box Set is the perfect all-in-one source of information.

Shooter's Bible Guide to Combat Handguns Robert A. Sadowski, 2012-02-01 For more than 100 years, Shooter's Bible has been the ultimate comprehensive resource for shooting enthusiasts across the board. Trusted by everyone from competitive shooters to hunters to those who keep firearms for protection, this leading series is always expanding. Here is the first edition of the Shooter's Bible Guide to Combat Handguns, your all-encompassing resource with up-to-date information on combat and defensive handguns, training and defensive ammunition, handgun ballistics, tactical and concealment holsters, accessories, training facilities, and more. No Shooter's Bible guidebook is complete without a detailed products section showcasing handguns from all across the market. Author Robert Sadowski proves to be a masterful instructor on all aspects of handguns, providing useful information for every reader, from those with combat handgun experience in military and law enforcement fields to private citizens, first timers, and beyond.

Police Use of Force Joseph B. Kuhns, Johannes Knutsson, 2010-04-09 A team of expert contributors provides an in-depth exploration of police use of force, firearms, and less than lethal weapons from a dozen countries across five continents. *Police Use of Force: A Global Perspective* is a fascinating international exploration of police use of force, firearms, and less than lethal weapons in nations around the world. The book is comprised of three sections: the first focuses on the use of force generally, the second explores firearms and deadly force, and the final section considers less than lethal weapons, including pepper spray, TASERS, and other emerging technologies currently on the horizon. The essays gathered here will provide readers with an understanding of the vast differences in how police use force in various countries, as well as why police use force differently under different forms of government. Topics covered include use of force definitions, training procedures, policy issues, abuse of police authority, use of force during interrogations, and the use of firearms by armed and unarmed police forces. Finally, there is an essay focusing on how shooting and killing a suspect impacts an officer in the months and years that follow.
