Wirtschaftsphilosophie Fritz Berolzheimer,1906 *The Athenaeum* ,1897 **The World's Legal Philosophies** Fritz Berolzheimer,1912 The present volume is the second of his five volume work published by Beck at Munich 1904 1907 under the title System der rechts und wirtschaftsphilosophie The Manual of Ethnography Marcel Mauss,2009-09 Marcel Mauss 1872 1950 was the leading social anthropologist in Paris between the world wars and his Manuel d ethnographie dating from that period is the longest of all his texts Despite having had four editions in France the Manuel has hitherto been unavailable in English This contrasts with his essays longer and shorter many of which have long enjoyed the status of classics within anthropology We are therefore pleased to present in the English language for the first time this extraordinary work that is based on the more than thirty lectures Mauss delivered each year under the title Instructions in descriptive ethnography intended for travelers administrators and missionaries Despite his dates Mauss s treatment of fundamental questions such as how to conceptualize and classify the range of social phenomena known to us from history and ethnography has lost none of its freshness *The Cultural Analysis of Kinship* Richard Feinberg,Martin Ottenheimer,2001 In the mid 1970s David M Schneider rocked the anthropological world with his announcement that kinship did not exist in any culture known to humankind This volume provides a critical assessment of Schneider s ideas focusing particularly on his contributions to kinship studies and the implications of his work for cultural relativism Schneider s deconstruction of kinship as a cultural system sounded the death knell for a certain kind of kinship study At the same time it laid the groundwork for the re emergence of kinship studies as a centerpiece of anthropological theory and practice Now a mainstay of cultural studies Schneider s conception of cultural relativism revolutionized thinking about kinship family gender and culture For feminist anthropologists his ideas freed kinship from the limitations of biology providing a context for establishing gender as a cultural construct Today his work bears on high profile issues such as gay and lesbian partners and parents surrogate motherhood and new reproductive technologies Contributors to *The Cultural Analysis of Kinship* appraise Schneider s contributions and his place in anthropological history particularly in the development of anthropological theory Situating

Schneider's work and influence in relation to major controversies in the history of anthropology and of kinship studies they examine his important insights and their limitations consider where his approach might lead and offer alternative paradigms Inspiring many with his keenly critical mind and willingness to flout convention discomfiting others with his mercurial temperament David Schneider left an ineradicable mark on his field These frank observations on the man and his ideas offer a revealing glimpse of one of modern anthropology's most complex and paradoxical figures *Ancient Law* Henry Sumner Maine, 1906 **System der Rechts- und Wirtschaftsphilosophie, von dr. jr.
